NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Sharp Oilfield Services, 401(k) Plan (the Plan) is provided for general information purposes only. The Company elected to operate the Plan as a Safe Harbor 401(k) plan. Participants should refer to the Plan document for more complete information.

General – The Plan is a profit sharing and savings plan sponsored by Sharp Oilfield Services (the Company or the Employer) to encourage and assist eligible employees of the Company in adopting a regular program of savings to provide additional security for their retirement. The original plan effective date was January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Plan Administrator is responsible for the operation and administration of the Plan. The Plan Administrator has the full power to administer the Plan and apply all of its provisions on behalf of the Company. The Plan Administrator may also prescribe such reasonable rules and procedures as necessary to administer the Plan. Ascensus Trust Company (Ascensus) is the trustee of the Plan, and Vanguard performs recordkeeping services.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions into any stocks, bonds, and mutual funds with some limitations. The 26 mutual fund investments that management has approved as choices for the participants are as follows:

Participation, Contributions, Allocations, and Withdrawals – As of April 6, 2018, Dropwater Solutions, LLC, a sister company of Sharp Oilfield Services, became a participating employer of the Plan. As of September 1, 2018, Cobalt Water Solutions, LLC, a sister company of Sharp Oilfield Services, became a participating employer of the Plan.

Effective January 1, 2016, employees of the Company became eligible to join the Plan on the first day of the month after reaching age 18.

The Plan allows participants to contribute up to 50% of their defined annual compensation, up to a maximum of $18,500 and $18,000 in 2018 and 2017, respectively. Catch-up contributions of $6,000 in 2018 and 2017 are allowed for participants age 50 or older. Those contributions are made on a before-tax basis under the section 401(k) provisions of the Internal Revenue Code.

Once eligibility requirements are met, the Company will make matching contributions to the Plan. An amount equal to 100% of the amount of the participant's elective deferrals that are not in excess of 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but not in excess of 5% of the participant's compensation. The Company, at its discretion, may make profit sharing contributions to the Plan on behalf of qualifying participants. Profit sharing contributions will be allocated to qualifying participants based upon the ratio of their compensation to total compensation for all qualifying participants.

The net investment gain or loss, after adjustment for applicable expenses, if any, of each investment fund is allocated to each participant's account based on the ratio of the participant's account balance to the total of all participants' account balances.

Vesting, Distributions, and Forfeitures – The participants' contributions, and the earnings thereon are fully vested and nonforfeitable at all times. A participant becomes vested in the portion of their account derived from employer matching and/or profit-sharing contributions as follows: 33% vested for less than one year of service; 66% after one full year of service; fully vested after two years of service. A participant also becomes fully vested in his or her account upon: (a) death; (b) disability; or (c) satisfaction of conditions for early retirement.

In termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or a partial payment equal to the value of the participant's vested interest in his or her account. In-service distributions may be made in certain situations.

Nonvested portions of Company matching or profit-sharing contributions will be forfeited, and these amounts may be used to reduce future Company contributions.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan uses the accrual method as the basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates at which time the Plan would revise its estimates accordingly.

Investments – Investments are stated at fair market value. Quoted market prices are used to value investments, and investments are recorded in the Plan's accounts at market value, as certified by Ascensus. Gains and losses on security transactions are recognized on the trade date. Dividends are recognized as income on the ex-dividend date, and interest is accrued as earned.

The Plan's investments reported at fair value in the accompanying statements of net assets available for benefits consist of the following as of December 31, 2018 and 2017:

	2018	2017
Mutual Funds	$ 1,184,538	$ 659,507
Total	$ 1,184,538	$ 659,507

The following investments exceed 5% of the Plan's net assets available for plan benefits as of December 31, 2018 and 2017:

	2018	2017
Vanguard 500 Index Admiral	$ 132,375	$ 60,528
Vanguard Growth Index Adm	208,870	118,598
Vanguard Instl Tgt Ret 2045 Inst		70,740
Vanguard Instl Tgt Ret 2050 Inst	131,588	73,116
Vanguard Instl Tgt Ret 2055 Inst	118,322	70,374
Vanguard Mid-Cap Growth Index Adm	129,965	68,831
Vanguard Small-Cap Growth Index Adm	108,075	54,989

Realized and Unrealized Gains and Losses – During 2018 and 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated by $97,239 and appreciated by $77,634, respectively.

Realized and unrealized gains and losses are computed based on the market value of those assets at the beginning of the plan year or from the time of purchase for the assets purchased during the plan year.

Purchases and sales of securities are reflected on a trade-date basis. Brokerage commissions and all other expenses incurred in the sale and purchase of securities are included in the cost or subtracted from the gross proceeds of the assets of the respective funds as appropriate.

Tax Status – The Plan obtained an approval letter for the master plan they adopted dated March 31, 2014, in which the Internal Revenue Service stated that the Plan form, as then designed, is acceptable under the requirements of the Internal Revenue Code. The Plan has not obtained a separate determination letter for the years ended December 31, 2018 and 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Expenses – At the discretion of the Company, the Plan's administrative expenses are paid by the Company or from Plan assets. During fiscal years 2018 and 2017, administrative expenses totaling $6,905 and $5,908, respectively, were paid by the Company. The Plan will not be required to reimburse the Company for the administrative expenses paid on its behalf. During fiscal years 2018 and 2017, the Plan paid administrative expenses in the amount of $-0- and $460, respectively. Participant accounts are charged with an allocation of administrative expenses paid by the Plan.

Payment of Benefits – Benefits are recorded upon distribution.

NOTE 5: TRUSTEE CERTIFICATION

Ascensus Trust Company administers the Plan's investment assets together with the related income under the direction of the plan administrator. Accrued interest and dividends, as reported on the statement of net assets available for benefits, are also administered by the trustee. As of December 31, 2018 and 2017, certification that the trustee statements submitted to the plan administrator and used to prepare investment information and related activity included in these financial statements are complete and accurate was obtained. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts. The Plan administrator will facilitate the distribution of account balances under the provisions of the Plan until all assets have been distributed.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs provide less reliability than Level 1 inputs, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,184,538	$ -0-	$ -0-	$ 1,184,538
	$ 1,184,538	$ -0-	$ -0-	$ 1,184,538

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 659,507	$ -0-	$ -0-	$ 659,507
	$ 659,507	$ -0-	$ -0-	$ 659,507

The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements – If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

NOTE 9: DATE OF MANAGEMENT'S REVIEW
