NOTE 1 - CERTIFIED INVESTMENTS

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the investment information that was certified by Newport Trust Company, the trustee of the Plan, including notes receivable from participants, net appreciation/(depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2018, was not subjected to any auditing procedures performed by the independent public accountants. Newport Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2018; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018; the information reflected on the supplemental Schedule H, line 4i - schedule of assets (acquired and disposed within year) for the year ended December 31, 2018; and the information reflected on the supplemental Schedule H, line 4j - schedule of assets (reportable transactions) as of December 31, 2018.

NOTE 2 - DESCRIPTION OF PLAN

The following description of the **Burger Physical Therapy** ("Company") **Profit Sharing & 401 (k) Plan** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees of the Company who have three months of qualified employment and are at least 18 years of age, except certain employees who are covered by a collective bargaining agreement, certain nonresident aliens, leased employees, or on-call, per diem and temporary employees. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may defer a portion of their compensation to the Plan subject to certain anti-discrimination tests and to a maximum contribution of $18,500 per year (for 2018). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed $6,000 (for 2018). The Plan's definition of compensation for the purposes of this plan are detailed in the Summary Plan Description. The Company has the option under the Plan to make discretionary profit sharing contributions. No discretionary profit sharing contributions were made for the year ending December 31, 2018.

NOTE 2 - DESCRIPTION OF PLAN - *continued*

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Allocations of income are based strictly on the participant's selection of investments and timing of purchase.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service, as detailed in the vesting schedule in the Summary Plan Description.

Investment Options - Upon enrollment in the Plan, a participant may direct the investment of Plan assets held under the Plan on their behalf. The Plan Administrator will provide them with the information on the amounts available for direction, the investment choices, and other investment information.

Notes Receivable from Participants - The Plan permits loans to its participants based upon their vested account balance. Loans are limited to the lesser of 50% of the participant's vested account balance or $50,000, and the minimum loan amount is $1,000. Loans bear a fixed rate of interest at rates equal to 2% above the prime rate, determined on the date of advance by the Plan administrator. Loans are generally due within 5 years unless they are used to acquire a principle residence. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits - On termination of employment, a participant may be entitled to a distribution from the plan of their vested account balance.

Forfeited Accounts - At December 31, 2018 and 2017, the Plan's forfeiture account, comprised of forfeited nonvested accounts and the earnings thereon, totaled $11,638 and $11,415, respectively. No participant funds were forfeited and added to the forfeiture account during the year ended December 31, 2018. Forfeitures are retained in the Plan and the employer may elect how it wishes to allocate forfeitures under the Plan. Forfeitures may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. In 2018, no forfeiture funds were used by the employer.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 12, 2019, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Participant loans are stated at cost, which approximate fair value. Increases or decreases in fair value are recognized currently. All of the Plan's assets are invested in the market, which is subject to volatility.

Purchases and sales of securities are recorded on settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Since the inception of the Plan, the Plan Sponsor has absorbed most of the administrative expenses of operating the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than the quoted prices included in Level 1; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

All of the Plan's investments were measured using Level 1 inputs. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$7,560,771	$ -	$ -	$7,560,771
Total	$7,560,771	$ -	$ -	$7,560,771

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$8,303,493	$ -	$ -	$8,303,493
Total	$8,303,493	$ -	$ -	$8,303,493

NOTE 5 - RELATED PARTY TRANSACTIONS

All of the Plan's assets are invested in shares of registered investment companies (mutual funds) managed by Newport Trust Company, the Plan's trustee. Accordingly, all transactions with Newport Trust Company qualify as party-in-interest transactions. A substantial portion of the income or loss of the Plan is derived from these investments. Fees paid by the Plan to the trustee for certain investment management fees were deducted from the net asset values of the registered investment companies held by the Plan. The various funds' net operating expense ratios ranged from 0.04 percent to 1.02 percent, as of February 8, 2018, the date of the Participant Fee Disclosure Statement for the Plan year.

Newport Group, Inc. is the recordkeeper for the Plan and also performs certain administrative services to the Plan. Accordingly, Newport Group, Inc. is a related party to the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 2, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has received a favorable determination and the Plan has been revised since the determination letter but the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

NOTE 8 - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
