Treecon Resources, Inc.
401(k) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Treecon Resources, Inc. ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of all employees of Treecon Resources, Inc. and its subsidiaries along with other commonly controlled corporations. The Plan year was from October 1 through September 30, during 2017 the Company amended the plan year to be January 1 through December 31. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan.

Contributions and Funding Policy

Each Plan year, participants may contribute a percentage of their pretax annual compensation up to a maximum of their Plan compensation for the Plan year as defined in the Plan. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for Plan years 2018 and 2017. Roth deferrals are permitted by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans but will not become a participant in the Plan until the eligibility and entry date requirements are met. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions up to 4% are eligible to receive a Safe Harbor matching contribution equal to 100%. The employer may make an employer match at their discretion based on the amount the participant contributes. The employer shall determine the amount of any additional 401(k) contribution to be made to the Plan out of current or accumulated net profits. These will be discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's Safe Harbor contribution, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participant

Participants may borrow from their contribution accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account. Participants may have only one loan outstanding at any time and the maximum term of the loan is 5 years unless the loan is made for the purchase of a primary residence. Participant accounts are pledged as collateral for participant loans. The interest rate will be the prime interest rate plus one percentage point (1.0%) at the time the loan is made.

Principal and interest is paid ratably through monthly payroll deductions. If any payment of principal and interest, or any portion thereof, remains unpaid by the end of the calendar quarter following the calendar quarter in which the loan payment is due, they will be considered to be "in default." For purposes of Code Section 72(p), the Participant shall then be treated as having a deemed distribution regardless of whether or not a distributable event has occurred.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

In addition, certain special contributions that are made to the Plan on the employee's behalf will always be 100% vested. If any of these special contributions are made to the Plan, the employee will always have an immediate ownership interest in such contributions. Examples of special contributions that may be made to the Plan include Safe Harbor Contributions and Qualified Employer Contributions (QNECs).

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account or in the form of an annuity.

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70½ occurs.

Forfeited Accounts

Forfeited nonvested accounts will reduce employer contributions. As of December 31, 2018 and September 30, 2017, the Plan had no forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A brief summary of the significant accounting and reporting policies followed by the Plan in the preparation of its financial statements is presented below.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and September 30, 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain operating expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment related expenses are included in administration expenses. Fees for the administration of notes receivables from participants are paid and charged directly to the participant.

NOTE 3 – PLAN ASSETS IN TRANSIT AND PLAN TRANSFER

In June 2017, the Company began the process of changing the Plan third party administrator, recordkeeper, trustees and plan asset custodian to Automatic Data Processing, Inc. ("ADP Retirement Services") as the new recordkeeper, who also performs all of the Company's payroll services, and Reliance Trust Company, as trustee and plan asset custodian. As a result of the transactions, all plan assets were deemed transferred from Capital Bank & Trust Company (American Funds) as of the close of business on September 29, 2017. The plan assets remained in transit

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – PLAN ASSETS IN TRANSIT AND PLAN TRANSFER – (Continued)

until received by the new trustee and asset custodian, Reliance Trust Company, on October 2, 2017. Consequently, the plan assets were reported as "Plan Assets in Transit' as of September 30, 2017.

Participants were notified on July 24, 2017 of the plan changes and that a blackout period was necessary. During this period, participants were not able to initiate a transfer from one investment option to another, change ongoing contribution investment directions, obtain a loan, obtain a distribution or in-service withdrawal or make account inquiries. Participants were informed that the blackout period would begin on September 22, 2017 and was expected to end on November 17, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS

Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S Securities and Exchange Commission. The funds must publish their daily net asset value and transaction at that price. The mutual funds held by the Plan are to be considered actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS – (Continued)

December 31, 2018	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	$ 1,303,207	$ 1,303,207
Common collective trust	85,123	85,123
Bond	78,924	78,924
Total assets at fair value	$ 1,467,254	$ 1,467,254

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the period from October 1, 2017 to December 31, 2018, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Gains and losses included in the changes in net assets available for benefits for the period from October 1, 2017 to December 31, 2018 and the twelve months ended September 30, 2017, are reported in net (depreciation) appreciation in fair value of investment securities as $(170,585) and $91,202, respectively.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan is part of a prototype plan of ADP, LLC and the Internal Revenue Service has determined and informed the Plan by a determination letter on July 8, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for a period beyond three years from the filings of those returns.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - SEPARATED PARTICIPANTS

At December 31, 2018, accounts totaling $102,406 belong to nineteen separated participants who at the date of the financial statements have not directed disbursement of their accounts.

NOTE 8 - CERTIFIED INFORMATION

During the period from October 1, 2017 to December 31, 2018 and the twelve months ended September 30, 2017, Reliance Trust Company and Capital Bank & Trust Company, respectively, as trustee and custodian, held all of the Plan's investment assets and executed transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by the custodian. The Plan administrator has instructed us not to examine the information certified as complete and accurate by the custodian. The custodian's certificate applies to substantially all Plan assets and transactions for the dates presented, as well as the Statement of Assets Held for Investment Purposes.

The following information was compiled from data certified by the custodian as being complete and accurate:

	2018	2017
Investments at fair value	$ 1,467,254	$ -
Plan assets in transit	-	1,159,908
Notes receivable from participants	42,044	32,089
Net (depreciation) appreciation in fair value of investments	(170,585)	91,202
Dividends and interest	120,802	26,304
Administrative expenses	1,305	1,125

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PLAN AMENDMENTS

Effective January 1, 2018, the Plan year was amended to a calendar year.

NOTE 11 – RELATED PARTY TRANSACTIONS

Certain Plan investments during the periods were shares of mutual funds managed by Capital Bank & Trust Company (American Funds) and Reliance Trust Company, trustee and plan asset custodian as defined by the Plan; therefore, these transactions qualify as parties-in-interest. Fees paid by the Plan for the investment management services amounted to $1,305 and $1,125 for the period from October 1, 2017 to December 31, 2018 and the twelve months ended September 30, 2017, respectively. All of these parties-in-interest are exempt from the prohibited transaction rules of ERISA.
