401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2018

Note 1 Description of Plan

The following description of the D. Shelly Group, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was established to provide retirement benefits for employees of D. Shelly Group, Inc., and its subsidiaries (the "Company"). Eligible employees become participants in the Plan following 90 days of continuous service and attainment of age 21, as defined in the plan documents. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees, which is made up of key officers of the Company, is responsible for oversight of the Plan.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document and subject to limitations by the Internal Revenue Code ("IRC"). Participants may also elect to contribute to a Roth subject to limitations by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching contributions are allowed under the Plan. Additional employer amounts may be contributed at the option of the Company.

Participant Accounts and Vesting - Each participant's account is adjusted by the participant's contributions employer matching contributions (if any) and allocations of (a) the employer profit sharing contributions (if any) and, (b) plan earnings (losses) and, (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited services.

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes are carried at fair value and are generally repaid through payroll reductions. Interest is charged on loans at a rate ranging from 4.25% - 8.75% (prime rate plus 1% at inception of loan). The loans must be repaid within 5 years.

Note 1 **Description of Plan** (continued)

Payment of Benefits - On termination of service due to death, disability, retirement or other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - The non-vested portions of participants' employer-derived account balance are treated as forfeitures. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $20,192 and $6,232 respectively. These accounts can be used to offset plan expenses or may be used to reduce the employer matching contributions, if any.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes there-in, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Investment Valuation and Income Recognition - Investments, other than fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Note 2 **Summary of Significant Accounting Policies** (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Date of Management's Review - The Plan has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued.

Note 3 **Party-in-Interest Transactions**

Certain plan investments are shares of mutual funds managed by Capital Bank & Trust. Capital Bank & Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transaction by the United States Department of Labor's ("DOL") Rules and Regulations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 4 **Investments Certified by Trustee**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Capital Bank & Trust Company, the Plan trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

Note 4 Investments Certified by Trustee (continued)

The trustee has certified as to the completeness and accuracy of all investment balances reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, all of the investment activity and interest income from notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2018, and all investment information in the supplemental schedule.

Note 5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable input (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Code ("FASB ASC") 820 are described as follows:

LEVEL 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,826,711	$	$	$ 13,826,711
Interest-bearing cash	749,140			749,140
Non-interest-bearing cash	20,192			20,192
	$ 14,596,043	$	$	$ 14,596,043

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,127,221	$	$	$ 15,127,221
Interest-bearing cash	346,035			346,035
Non-interest-bearing cash	6,232			6,232
	$ 15,479,488	$	$	$ 15,479,488

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 Tax Status

The Company has adopted a Prototype 401(k) Plan and related trust. The IRS by a letter dated March 31, 2014, has determined that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 8 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2018	December 31, 2017
Net assets available for benefits per the financial statements	$ 15,250,162	$ 16,395,450

Net assets available for benefits per Schedule H to Form 5500	$ 15,081,629	$ 16,056,991

Note 9 **Reconciliation of Financial Statements to Schedule H of Form 5500** (continued)

The following is a reconciliation of employee contributions per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:
