THE NATIONAL FOOTBALL LEAGUE CAPITAL ACCUMULATION PLAN (TAMPA BAY BUCCANEERS)

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Note 1 Description of Plan

The following brief description of The National Football League Capital Accumulation Plan (Tampa Bay Buccaneers) (the "Plan"), which is sponsored by the Tampa Bay Buccaneers (the "Company"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Company. The trustee of the Plan's assets is PNC Bank. Alight serves as the recordkeeper of the Plan.

Contributions

The Plan provides that each participant may make elective contributions up to the maximum contribution provisions imposed by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will match the lower of:

a. Fifty percent (50%) of the participant's contributions for the year;
b. Two and one-half percent (2.5%) of the participant's compensation for the plan year; or
c. Three thousand seven hundred and fifty dollars ($3,750).

Rollover Contributions

With the Company's prior written consent, an eligible employee may make one or more rollover contributions to the Plan if the employee demonstrates, to the Company's satisfaction, that the contribution qualifies as a rollover contribution under the appropriate section of the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings (losses) and charged with the participant's withdrawals. Company matching contributions are allocated to investment funds in the same proportion as the participant's investment election. Plan earnings are allocated by fund based on the ratio of each participant's account invested in a particular fund to all participants' investment in that fund.

Vesting

Participants are immediately 100% vested in all employee and employer contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of Plan - Continued**

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate on the first business day of the month in which the loan application is received. The notes are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Benefit Payments
Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of his/her account or a deferred lump sum distribution, as defined in the Plan agreement. If the value of a terminated participant's vested benefit balance does not exceed $1,000, the entire amount shall be paid to the participant in a single lump sum. In addition, the Plan allows hardship withdrawals and in-service withdrawals after age 59½ for participants who qualify. The amount of hardship and in-service withdrawals shall not exceed the value of the participant's tax deferred and Roth accounts. All distributions are subject to the provisions of the Plan agreement.

Administrative Expenses
Administrative expenses of the Plan are paid by the Company. Investment related fees are included in net depreciation in fair value of investments.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements are prepared on the accrual method of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 4, 2019, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 **Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefit payments are recorded when paid to the participant.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Trust Agreement
The Plan's investment securities are included in the National Football League Reciprocal Trust (the "Trust"), which was established and is maintained for the collective investment of contributions by plans of the National Football League member clubs and other league entities. The assets of the Trust are maintained by PNC Bank, the trustee of the Plan.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Money Market: This investment is valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trusts: These investments are valued using the NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value. The fair value of the underlying assets is obtained from information provided by the investment advisor at year end and is considered readily determinable. There are no restrictions on redemptions of these investments.

Note 3 **Investment Valuation and Income Recognition - Continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair value as of December 31, 2018	
	Level 1	Total
Money Market	$ 281,558	$ 281,558
Common/Collective Trusts Measured at NAV [(a)]		17,366,706
Total		$ 17,648,264

	Investments at Fair value as of December 31, 2017	
	Level 1	Total
Money Market	$ 268,928	$ 268,928
Common/Collective Trusts Measured at NAV [(a)]		17,558,848
Total		$ 17,827,776

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Financial Information Certified by the Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of all investments, notes receivable from participants and accrued interest reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the schedule of assets (held at end of year) as of December 31, 2018, and the net depreciation in fair value of investments, interest income and interest on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Note 5 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 **Tax Status**

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated December 6, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments are managed by PNC Bank, the trustee of the Plan, and therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
