YOSEMITE MOTELS SALARY SAVINGS PLAN

Notes to Financial Statements

for the years ended December 31, 2018 and 2017

Note 1 Description of plan

General

The Yosemite Motels Salary Savings Plan is a defined contribution plan established for the benefit of eligible employees of Sterling Pacific Lending, Inc. and Yosemite Management Group, LLC, (collectively known as the "Companies", "Employers" or "Plan Sponsors") as members of a controlled group. The Plan was established on January 1, 1990. The terms of the Plan have since been amended effective January 1, 2009. Subsequent amendments were made in 2013, 2015, 2016 and 2019 to address additional specific changes to the Plan. The Plan is a self-administered plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has a Board of Trustees as appointed by the Plan Sponsors to manage the operations and administration of the Plan. The Board of Trustees is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

The Plan was amended effective June 1, 2013, to allow distribution of benefits in installment payments. The Plan will now allow an in-service withdrawal from employee rollover benefits at any time upon request and hardship withdrawals shall be allowed from all sources, subject to limitations imposed by regulations.

The Plan was amended effective September 1, 2013, to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3.5% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Participants should refer to the Plan documents for a more complete description of the Plan's Provisions

The Plan was amended effective January 1, 2015 to meet the requirements of the Pension Protection Act of 2006 ("PPA '06"), the Heroes Earning Assistance and Relief Tax Act of 2008 ("Heart"), the emergency Economic Stabilization Act of 2008 ("EESA"), the Workers, Retiree, and Employer Recovery Act of 2008 ("WRERA"), as well as the required changes from the 2010 Cumulative List of Changes in Plan Qualification Requirements described in section 4 of Revenue Procedure 2005-66 as modified by Revenue Procedure 2007-44. The Plan was also amended to allow Roth deferrals effective on April 1, 2015

The Plan was amended effective January 1, 2016 to include a participant loan program as part of such Plan and Trust. All loans granted or renewed on or after the 1st day of January 2016 shall be made in accordance with the provisions specified in the Plan and under loan Policy. The Plan intends this loan program to comply with all applicable requirements under the Internal Revenue Code and the Department of Labor. Violating the terms of this policy may cause a loan to be treated as a taxable distribution from the plan.

To become eligible, an employee must be at least 18 years old and have completed 3 calendar months of service. Once eligible to participate, employees enter the Plan on the first day of the calendar month coincident with or following the satisfaction of the eligibility requirements. To receive a safe harbor match, the employee must be eligible for deferrals. To receive a discretionary employer contribution, employees must have completed 1,000 hours of service during the Plan year.

The Plan was amended effective January 1, 2019 to allow for earnings on 401(K) deferral contributions to be included in the amount available for hardship withdrawals

Administration

The Plan has contracted with a third-party administrator who processes and maintains the records of participant data.

Note 1 Description of plan (continued)

Participant accounts

Separate accounts are maintained for each participant. Each participants account is credited with the participants contribution, the Companies matching contribution, the Companies discretionary employer contribution, and actual income or loss on investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants contributions to the Plan are elective deferrals, wholly vested in, and invested in accordance with the participants instructions. Participants may elect to make salary deferrals up to the maximum dollar amount allowed annually as defined by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). During the 2018 and 2017 Plan years, the Companies provided safe harbor matching contributions in the amount equal to 100% of the participant's elective contribution up to the first 3.5% of the participants compensation and 50% of the elective contribution of the next 2% of compensation. These matching contributions totaled $ 59,095 and $ 64,858 for the years ended December 31, 2018 and 2017 respectively. There were no discretionary employer contributions in 2018 and 2017.

Participant loans

Participant loans are permitted under the Plan as of January 1, 2016. All loans shall be made in accordance with the provisions specified in the Plan and under loan Policy. The Plan intends this loan program to comply with all applicable requirements under the Internal Revenue Code and the Department of Labor. Violating the terms of this policy may cause a loan to be treated as a taxable distribution from the plan.

Vesting

Participant and safe harbor contributions and earnings thereon are fully vested at all times. Vesting in other matching contributions plus earnings thereon is based on years of continuous service. Participants are 100% vested upon reaching age 65, upon death, in the event they become permanently disabled, or upon Plan termination, regardless of the participant's vested percentage at the time of termination. If employment terminates by early retirement, resignation, or discharge prior to normal retirement age, participants are 20% vested for each year of qualified service beginning with the second year of service, resulting in 100% vesting after six years of service. For the years ended December 31, 2018 and 2017, all employer contributions were safe harbor contributions and were, therefore, fully vested

Payment of benefits

In-service distributions of employee rollovers may be requested at any time. Upon reaching the age of 59 1/2 years, termination of employment or retirement, participants may elect to receive a distribution of their vested interest in their account as a lump-sum payment, in installments, or they may select an alternative method of payment if permitted by the Plan at the time of the distribution. Upon termination, if the participants or beneficiary's vested account balance is $5,000 or less, the Plan allows the distribution of the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. If the vested balance is $1,000 or less, it will be distributed as a lump-sum amount without the participants consent.

Note 1 Description of plan (continued)

Forfeited accounts

Forfeited accounts may be used to pay plan administrative expenses and to reduce employer contributions. There were no forfeitures of participant accounts for the years ended December 31, 2018 and 2017.

Note 2 Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of pooled separate accounts, common collective funds, and trustee-directed investments in notes receivable and real estate held for sale.

Expenses

The Companies pay certain expenses incurred for administration of the Plan. The Companies incurred expenses of $ 27,886 and $ 34,362 for the years ended December 31, 2018 and 2017 for the administration of the Plan. Investment related expenses are included in net appreciation in fair value of investments. Fees related to transfer of account balances from the prior custodian to current custodian are charged directly to the participants account and are included in administrative expenses.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See notes 3 and 4 for discussion of the fair value measurement.

Pooled separate accounts and common collective funds

The Plan's pooled separate accounts and common collective fund investments are stated at the fair value of the underlying assets. (see Note 3)

Purchases and sales of these investments are recorded on a trade-date basis. Interest income on these investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's realized and unrealized gains and losses on investments.

Note 2 Summary of significant accounting policies (continued)

Trustee-directed investments in notes receivable

The Plan holds investments in notes receivable which are secured by deeds of trust on the properties. The notes are tested for impairment using the fair value of the collateral method. This method of valuation was used because the notes are collateral-dependent.

Interest income on notes receivable is accrued based on the outstanding principal amount of loans using the simple interest method.

It is the policy of management to consider the terms, payment history, collateral value, and real estate market conditions in establishing the estimated fair market value of notes receivable. Any impairment of these notes is charged to net depreciation in fair value. Interest is not accrued beyond the estimated fair value of these notes. The Plan did not recognize $40,652 and $40,652 in interest income during 2018 and 2017 associated with impaired notes. When notes are deemed impaired, the specific note carrying value is adjusted. Management has determined the cumulative impairment for notes to be $ 708,460 and $708,460 as of December 31, 2018 and 2017, which is included in notes receivable balances on the statement of net assets available for benefits.

Management has determined that trustee directed loans from Dry Creek Land LP are risky in nature and have restricted contribution investment to Trustees of the Plan.

Trustee-directed investments in real estate held-for-sale

To collect on notes receivable, the Plan occasionally obtains collateral in the form of real estate. The real estate is tested for impairment using comparable sales until a reasonable sales price can be obtained when the property is sold.

Loan origination fees

Loan origination fees are deferred and recognized over the life of the loan.

Payment of Benefits

Benefits are recorded when paid.

Note 3 Fair value measurement

The Plan measures fair value in accordance with applicable accounting standards. Fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing assets. The framework provides three levels for establishing fair value which the Plan has applied as follows:

Level 1 Quoted prices in active markets - The Plan holds no investments at this level.

Note 3 Fair value measurement (continued)

Level 2	Other observable inputs - The Plan's investments in pooled separate accounts and common collective funds are valued at Net Asset Value which is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments consist of equity securities and fixed income securities, which are stated at fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal for a reasonable period of time from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner. (See Note 4)
Level 3	Unobservable inputs - The Plan's trustee-directed investments in notes receivable are valued at the stated note amount plus accrued interest, less an impairment allowance so as not to exceed the estimated collectible value. The collectible value is determined by estimating the fair market value of the collateral using the comparable sales method less estimated selling costs. Real estate held for sale is valued using the comparable sales method less estimated selling costs. (See note 2, Trustee-directed investments in notes receivable, and Note 4.)

Note 4 Investment at fair value

The Plan's investments in 2018 and 2017 included pooled separate accounts, common collective funds, and trustee-directed investments, which consist of collateralized notes receivable, unsecured notes receivable, and real estate held for sale.

By direction of employees, all contributions to the Plan are invested by the employees. Under the ancillary trustee John Hancock, Plan participants may allocate their account balances between 40 pooled separate accounts called "sub-accounts" and 7 guaranteed interest accounts. Plan participants may also allocate their funds in the trustee-directed investment account.

The John Hancock investments are certified to the Plan by John Hancock as complete and accurate for the years ended December 31, 2018 and 2017

Note 5 Related party transactions and prohibited transactions

Included in payables at December 31, 2018 is $ 1,977 of taxes withheld for 2017 distributions and $ 3,713 of taxes withheld for 2018 distributions, which had not been remitted to taxing authorities. The total amount $ 5,690 was unremttited at the time these financials were issued.

Sterling Pacific Lending, Inc. (Sterling) and Yosemite Management Group, LLC are held under common ownership. Sterling is a real property lender specializing in commercial and residential loans. Sterling services trustee-directed investments in notes receivable to facilitate payment collection, though no fee is charged for loan servicing.

During the years ended December 31, 2018 and 2017, The plan entered into nonexempt transactions consisting of untimely deposits of contributions. During the year ended December 31, 2018 the Plan made a total of $ 2,386 of untimely deposits, which were unremitted at the time these financials were issued. The nonexempt transactions for 2018 are detailed in the supplemental Schedule of Delinquent Participant Contributions.

Certain plan investments are managed by John Hancock Insurance Company who qualifies as party-in-interest custodian. Other parties-in-interest include the third-party administrator who processes participant data; participants who contribute or withdraw funds; trustees and the investment committee who direct investments in notes receivable and real estate held-for-sale. These transactions are considered exempt party-in-interest transactions.

Note 6 Risk and uncertainties

The Plan provides for investment options in various investments including notes receivable. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 7 Tax Status

The Internal Revenue Service (IRS) informed the Plan Sponsor by letter dated March 31, 2008 that the prototype Plan adopted by the Companies is designed in accordance with applicable IRC sections. The Plan has been amended and restated since receiving this option letter. However, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing authorities.

Note 8 Plan termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Employers elect to terminate the Plan or discontinue operation of their businesses, the entire interest of the participants shall vest 100% immediately and be non-forfeitable.

Note 9 Subsequent Events

The Plan did not have any subsequent events through October 1, 2019, the date the financial statements were available to be issued.
