Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Custodian of Weaver and Tidwell, L.L.P. Profit Sharing Plan And Trust, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

1. Description Of The Plan

The following description of Weaver and Tidwell, L.L.P. Profit Sharing Plan And Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Weaver and Tidwell L.L.P. (the Partnership or Plan Sponsor), is a defined contribution profit sharing and 401(k) plan, covering employees of the Partnership who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan consists of investments with Fidelity Management Trust Company, the Custodian of the Plan. Contributions to the Plan, including participant salary deferrals, matching contributions, discretionary profit sharing contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time, once enrolled.

The Custodian of the Plan's investments has provided certification as to the accuracy and completeness of the information provided to the Plan Sponsor. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the Custodian, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Contributions

Participants may defer salary up to 90% of compensation, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the IRC). Salary deferral contributions can be made as either pre-tax or Roth (after-tax) contributions.

The Plan provides for discretionary Partnership matching contributions, as well as discretionary profit sharing contributions based upon annual determinations by the Partnership. Participants who complete 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year are eligible to share in contributions made by the Partnership. The Partnership made matching contributions of $1,242,709 and $1,054,961 for 2018 and 2017, respectively. The Partnership made discretionary profit sharing contributions of $1,489,626 and $1,558,406 for 2018 and 2017, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's contributions and an allocation of the Plan's earnings (losses). The allocation of earnings (losses) is determined by the earnings (losses) of the participant's investment selection based on each participant's account balance and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals, rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 20% vested after two years of credited service, increasing 20% each year until 100% vested after six years of credited service or upon normal retirement age, death or total and permanent disability.

Forfeitures

Forfeitures of nonvested benefits are used to reduce any Partnership contributions. Forfeitures which reduced Partnership contributions for the years ended December 31, 2018 and 2017 were $190,000 and $115,000, respectively. At December 31, 2018 and 2017, available forfeited nonvested accounts totaled $146,615 and $86,007, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the total value of the participant's vested account balance. Loans are for a period not exceeding five years unless used to acquire a personal residence, and bear interest at a reasonable fixed rate of interest based on prevailing market rates. Loans are secured by participants' vested account balances. The loans are repaid in semi-monthly payments, through payroll withholdings. Participants can have two loans outstanding at a time.

Payment Of Benefits

The Plan provides for retirement at age 65, subject to postponement upon the mutual consent of the participant and the Partnership. At retirement or termination, whether by reason of death or total disability or otherwise, a participant may elect to receive a distribution paid as a lump-sum amount.

In-service distributions may be made to a participant who has not separated from service provided the participant has attained the age of 59½.

Hardship Withdrawals

A participant may make withdrawals from his or her participant deferral contributions account in the event of undue financial hardship, which includes payments for education expenses, medical or burial expenses, the purchase of a primary home or delinquent mortgage payments, and for the repair of damage to the participant's principal residence as defined by the Plan Document.

Administrative Expenses

Plan forfeitures are used to offset certain administrative fees. Loan and other transaction fees are paid by the Plan participants. The Partnership pays remaining fees and administrative expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis.

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.
Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund And Mutual Funds

Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Participant Directed

Total Assets At Fair Value	$ 57,621,089	$ —	$ —	$ 57,621,089

There have been no changes in the valuation methodologies used at December 31, 2018 or 2017.

5. Party In Interest Transactions

The Plan investments include mutual funds managed by Fidelity Investments, an affiliate of the Custodian as defined by the Plan and, therefore, qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Certain employees have outstanding loans with the Plan as of December 31, 2018 and 2017. These loans are considered party in interest transactions.

6. Notes Receivable From Participants

Loans are secured by participants' vested account balances. The loans are repaid in semi-monthly payments, through payroll withholdings, including principal and interest at rates ranging from 4.25% to 6.25%. The final installments are due on various dates through January 2029.

7. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company (FMRS). FMRS received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

10. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2018	2017
Net assets available for benefits per the financial statements	**$ 61,834,674**	$ 60,902,105
Deemed distributed loans	**(4,380)**	(8,755)
Net Assets Available For Benefits Per Form 5500	**$ 61,830,294**	$ 60,893,350

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2018:

Net increase per the financial statements	$ 932,569
Deemed distributed loans	4,375
Net Income Per Form 5500	$ 936,944
