401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Digital Dish, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401 (k) retirement plan which was formed for the purpose of providing retirement benefits to eligible employees, as defined by the plan, of Digital Dish, Inc. and Anderson Management (the Company). Prior to February 3, 2017, employees became eligible to participate in the Plan upon reaching age 18 and completing twelve consecutive months of service, as defined. Effective as of February 3, 2017, eligibility relating to service requirement changed to six months of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan.

Contributions

Each year, participants may contribute a percentage of their pre-tax compensation or make Roth contributions that are not more than the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company provides a safe harbor matching contribution per the Plan agreement, which was 25% of the first 4% in 2017 and 2018. Safe harbor matching contributions were \$19,006 and \$66,293 for 2018 and 2017, respectively. The Company also may elect to make additional profit sharing contributions to the Plan as determined by the Board of Directors. No profit sharing contributions were made for 2018 or 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options anytime via the telephone or Internet.

DIGITAL DISH, INC.
401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Prior to termination of the Plan, participants were immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. As of the amendment in 2017, a participant was 100% vested after three years of credited service. As a result of the decision to terminate the Plan, all participants became fully vested in their entire account balances.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of a participant's vested account, with a minimum of \$1,000, not to exceed \$50,000, at the discretion of the Plan's trustee. All loans are subject to the terms and conditions of the Plan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Prior to termination of the Plan, on termination of service due to death, disability or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also provided for hardship withdrawals, which are subject to conditions stated in the Plan document.

Forfeitures

Forfeitures represent the non-vested portion of the Company's discretionary contributions plus earnings thereon, which are not distributable to participants who terminate employment before they are 100% vested. The amounts forfeited are added to the employer's discretionary contribution provided such additions do not cause the amount to exceed allowable amounts. There was no forfeited amount attributable to employer profit sharing contributions for 2018 and 2017.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

During 2017, the financial statements were prepared using the modified cash basis method of accounting. The modified cash basis differs from accounting principles generally accepted in the United States of America because income and expenses are recognized only as cash is received or paid and receivables, payables, and accrued expenses are not recorded.

DIGITAL DISH, INC.
401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting (continued)

Due to the decision to terminate the Plan effective June 1, 2018, management determined that liquidation of the Plan is imminent and the financial statements for 2018 have been prepared using the liquidation basis of accounting.

Use of Estimates

The preparation of the 2018 and 2017 financial statements in accordance with the liquidation and ongoing modified cash basis of accounting, respectively, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan recordkeeping expenses and certain other administrative expenses are paid by the Plan. Investment management fees are netted against plan earnings.

Subsequent Events

Subsequent events have been evaluated through September 19, 2019, which is the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company (Pershing) (the custodian of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Common Collective Trust: Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets available to be measured at fair value as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 3,190,158	\$ 0	\$ 0	\$ 3,190,158
Investments valued using NAV as a practical expedient (a)				<u>321,700</u>
Total assets at fair value				<u>\$ 3,511,858</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: PLAN TERMINATION

The Company has elected to terminate The Plan, subject to the provisions of ERISA, effective June 1, 2018. All participants as of June 1, 2018 are 100% vested in their accounts. Participants were notified and given a reasonable opportunity to direct the withdrawal of their vested account balances. Plan management completed the liquidation process by December 31, 2018.

NOTE 6: TAX STATUS

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by Summit Benefit Solutions, Inc., which has received a favorable opinion letter from the IRS. The plan sponsor made no changes in the approved language of the proto-type document. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, the Plan has no income subject to unrelated business income tax thus no provision for income taxes has been included in the Plan's financial statements.

NOTE 6: TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The plan invested in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8: PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. For the years ending December 31, 2018 and 2017, the Plan used Summit Benefit Solutions, Inc. as the record keeper and Mid Atlantic Trust Company (Pershing) as the custodian. As such, fees paid to these entities qualify as party-in-interest transactions. Additionally, the Plan held party-in-interest investments of \$127,486 as of December 31, 2017, in the form of participant loans. No participant loans existed at December 31, 2018.
