1. Description of the Plan

Established October 1, 2003, the Aurora Salary Deferred Savings Plan (the Plan) is a defined contribution 401(k) profit sharing plan covering all eligible employees of Aurora Cares, LLC d/b/a Tara Cares and entities affiliated by common ownership, (the Company) and is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, when applicable.

Information about the plan agreement and the vesting and benefit provisions, beyond the information provided below, is contained in the Plan Document and Summary Plan Description. Copies of these documents are available from the plan administrator. The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation

All employees who have attained the age of 18 and have completed three months of service are eligible to participate in the Plan.

Contributions

Employees who are eligible to participate in the Plan may elect to contribute up to 50% of their eligible pay to the Plan, subject to certain limitations. Employees who are age 50 or older by the end of the calendar year are allowed to make an additional "catch-up" contribution. This contribution was limited to $6,000 for 2018 and 2017. The "catch-up" contribution is not eligible for the employer discretionary matching contribution.

The Company may make discretionary matching contributions. There were no discretionary matching contributions for the years ended December 31, 2018 and 2017. During the year ended December 31, 2017, the Company made a qualified, non-elective employer contribution in the amount of $73 related to the self-correction program that was entered into. There were no such contributions during the year ending December 31, 2018.

All contributions are invested, at the option of the participant, in one or more of the available funds. Contributions may be invested 100% in one of the available funds, or in more than one fund.

Vesting

All participants are 100% vested in their contributions and allocated earnings, and they become 100% vested in the Company contributions after completion of three years of service, as defined in the Plan Document.

1. Description of the Plan (Continued)

Withdrawals of Participants

Participating employees may make financial hardship withdrawals up to the value of their vested employee contributions including rollover contributions.

Notes Receivable from Participants

Participating employees who have a balance in their Plan account are eligible to borrow funds from their Plan account. Participants may borrow a minimum of $1,000 per loan up to a maximum of the lesser of 50% of their account balance or $50,000. The number of loans outstanding is limited to one per participant. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined at the time the loan is issued. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, involuntary or voluntary termination, or retirement, a participant or their beneficiaries, once a request is made, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Normal retirement age is 65 years of age. Participating employees who attain age 59½ may withdraw all or any part of their vested account balance.

Forfeited Accounts

These accounts may first be used for the restoration of participant's forfeitures, then to offset plan expenses, and then to reduce the Company's discretionary matching contribution. At December 31, 2018 and 2017, there were no forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution and (b) an allocation of the plan's earnings and expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from Participants

Notes receivables from participants are based on the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefit payments to participants are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2019, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of observable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Money market fund: A money market fund is a public investment vehicle valued using $1 for the NAV and is classified as a Level 1 investment.

Investments in registered investment companies: Valued at the NAV of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as Level 1 investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

	Investments at Fair Value as of December 31, 2018			
	(Level 1)	**(Level 2)**	**(Level 3)**	**Total**
Money market fund	**$ 618,000**	**$ -**	**$ -**	**$ 618,000**
Investments in registered investment companies:	**11,353,281**	**-**	**-**	**11,353,281**
Total investments at fair value	**$ 11,971,281**	**$ -**	**$ -**	**$11,971,281**

	Investments at Fair Value as of December 31, 2017			
	(Level 1)	**(Level 2)**	**(Level 3)**	**Total**
Money market fund	$ 589,433	$ -	$ -	$ 589,433
Investments in registered investment companies:	12,116,278	-	-	12,116,278
Total investments at fair value	$ 12,705,711	$ -	$ -	$12,705,711

4. Stable Value Fund

The Plan holds a benefit-responsive investment contract with Transamerica Retirement Solutions Corporation (Transamerica). Transamerica maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

4. Stable Value Fund (Continued)

Transamerica will add interest daily to all amounts held in the general account. For each calendar year, Transamerica will set a minimum guaranteed annual interest rate which will apply to amounts held in the general account during the calendar year. This rate will never be less than 1.35%. This six month minimum guaranteed interest rate will be established prior to each six month calendar period and will be made available to the Plan in advance of the calendar year. Transamerica, in its discretion, may credit interest at a rate greater than this six month rate. Transamerica will make available to the contract holder the rate currently being credited to amounts held in the general account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Plan termination or merger;
3. Changes to the Plan's prohibition on competing investment options;
4. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Financial Certification

The following financial information relating to the Plan's assets at December 31, 2018 and 2017, as well as the income and transactions for the years then ended have been derived from information provided by State Street Bank and Trust Company, the trustee of the Plan, and has been certified by them as complete and accurate to the best of their knowledge. The incorporation of this financial information in the accompanying financial statements is based solely on the trustee's certification and has not been audited by independent auditors.

5. Financial Certification (Continued)

	2018	2017
Investments, at fair value:		
Money market fund	**$ 618,000**	$ 589,433

Interest and dividends	**$ 324,843**	$ 293,148

6. Tax Status

The Plan uses a volume submitter plan document of Transamerica. The volume submitter plan document of Transamerica has obtained an opinion letter from the Internal Revenue Service (IRS), which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Transaction with Parties in Interest

Certain legal and accounting services were provided at the expense of the plan sponsor. Fees paid from Plan assets during the year for other services rendered by parties in interest were based on customary and reasonable rates for such services. Fees paid by the Plan for such services amounted to $74,453 for the year ended December 31, 2018 ($71,440 – 2017).

7. Transaction with Parties in Interest (Continued)

Plan investments consist of shares of registered investment companies managed by Transamerica Partners Funds Group. Transamerica is the third party administrator and, therefore, these transactions qualify as party-in-interest. Net investment losses on these investments and on participant loans amounted to $22,952 for the year ended December 31, 2018 ($90,496 gain – 2017).

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:
