Note A - Description of Plan

The following description of Leader's Holding Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Leader's Holding Company (Sponsor) who have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Sponsor adopted a new volume submitter plan which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and incorporates legislative changes as required by the Pension Protection Act of 2006.

Custodian and Recordkeeper

The custodian of the plan is Massachusetts Mutual Life Insurance Company as administrative services provider for Hartford Life Insurance Company.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan, up to statutory annual limits. The Plan also allows Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor may make discretionary matching contributions in an amount equal to a percentage of participants' eligible contributions. The Sponsor's discretionary matching contributions for 2018 and 2017 were 35% of participants' contributions for participants that were contributing to the Plan and still employed at year end.

The Plan also allows the Sponsor to make discretionary profit sharing contributions. The Sponsor did not make any discretionary profit sharing contributions for the years ended December 31, 2018 or 2017.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, catch-up contributions, Sponsor contributions (if any), and an allocation of Plan earnings or losses. Participants direct the investment of their accounts into various investment options offered by the Plan. Allocations of earnings or losses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Vesting is based on years of service. Participants are immediately vested in their salary reduction contributions, catch-up contributions, employee rollovers, and actual earnings thereon. Participants are also fully vested upon retirement, death, total and permanent disability, or termination of the Plan.

The following schedule describes the vesting provisions of the Sponsor's matching and profit-sharing contributions:

Years of Service	Vested Percentage
Less than one year	0%
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years or more	100%

Forfeited Accounts

Forfeitures of nonvested Sponsor contributions are used to reduce future Sponsor contributions or pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and must be repaid within five years, unless used for the purchase of a primary residence, and bear interest at a rate that is fixed at the inception of the loan based on the prevailing rate charged on similar loans at such time. Interest rates ranged from 4.25% to 7.25% on outstanding loans at December 31, 2018.

Payment of Benefits

Upon termination of employment for any reason, a participant may elect to receive a lump sum equal to the vested value of their account or annuity payments. In-service, hardship, required minimum distribution, and normal retirement age distributions are also allowed per the Plan provisions. A terminated participant will receive an involuntary cash out distribution if the participant's vested balance is less than or equal to $5,000. In the event the participant does not provide an election, an account balance that is $5,000 or less and exceeding $1,000 will be distributed to an Individual Retirement Account (IRA). If the account balance is greater than $5,000, it will remain in the Plan until an election is provided. If the account balance is less than $1,000, the amount will be distributed in a lump sum.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Note B - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting, except for benefit payments which are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments sold, as well as held during the year.

Fully Benefit-Responsive Contract

The investment in the fixed income account is considered fully benefit-responsive. Fully benefit-responsive contracts guarantee that, a) the crediting rate provided under the contract will not fall below zero, and b) participant initiated withdrawals from the fund will be covered at contract value.

Although the Sponsor does not believe any of the following events are likely to occur, should these events occur, they could limit the ability of the Plan to transact at contract value with Massachusetts Mutual Life Insurance Company. Such events include: 1) amendments to the Plan documents (including complete or partial termination); 2) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan; or 3) the failure of the Plan to qualify for exemption from federal income taxes or any prohibited transaction under ERISA.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses is recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated all events subsequent to December 31, 2018 and through October 1, 2019, which is the date these financial statements were available to be issued. The plan administrator determined that there are no subsequent events that require recognition or disclosure in these financial statements.

Note C - Information Prepared and Certified by the Custodian

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA.

The Sponsor has obtained certification from the custodian regarding the completeness and accuracy of the information provided to the Sponsor by the custodian as of December 31, 2018 and 2017 and for the years then ended.

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Sponsor instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following as of December 31, 2018 and 2017, respectively, and for the years then ended:

	2018	2017
At December 31:		
Investments at fair value	**$ 2,019,302**	$ 2,017,115
Investments at contract value	**146,333**	142,607
Notes receivable from participants	**50,510**	51,532
Year ended December 31:		
Net (depreciation) appreciation in fair value of investments	**$ (121,074)**	$ 260,935
Interest	**4,550**	3,996
Interest on notes receivable from participants	**2,622**	2,570

Forfeitures of nonvested Sponsors' matching contributions are non participant-directed and included in the fixed income account. Information about the net assets and the significant components of the changes in net assets relating to the non participant-directed investments are as follows:

	2018	2017
Net assets as of December 31		
Fixed income account	**$ 5,682**	$ 3,272
Changes in net assets for the year ended December 31		
Interest income	**$ 118**	$ 62
Current year forfeitures	**2,292**	2,212
	$ 2,410	$ 2,274

No auditing procedures were performed with respect to investment assets, notes receivable from participants, transactions, income, and the schedule of investments, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

Note D - Fair Value Measurements

Accounting standards provide a framework for fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include indirect observable inputs including prices for similar assets and market corroborated inputs. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Pooled separate accounts* - Valued at the net asset value (NAV) of underlying investments, which are based on the quoted market price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recorded at fair value as of December 31:

	Total	Level 1	Level 2	Level 3
2018				
Pooled separate accounts	$ 2,019,302	$ -	$ 2,019,302	$ -
2017				
Pooled separate accounts	$ 2,017,115	$ -	$ 2,017,115	$ -

Note E - Tax Status

According to Internal Revenue Service (IRS) Revenue Procedure 2011-49, sponsors that adopt approved volume submitter plans and meet certain additional guidelines can rely on the volume submitter plan's advisory letter rather than file for a new letter. The Sponsor has elected to rely on the volume submitter plan advisory letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Note F - Related Party Transactions

The plan administrator and the Sponsor believe that fees paid during 2018 and 2017 by the Plan to the Plan's custodian and other service providers were based on customary rates for those services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note G - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note H - Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Form 5500 Reconciliation

Since the custodian that holds the pooled separate accounts (PSAs) is not a direct filing entity, the Plan's interest in the underlying assets of PSAs is required to be reported on Schedule H of the Form 5500. As such, PSAs are classified as registered investment companies and, correspondingly, net appreciation (depreciation) in fair value of PSAs is classified as net investment gain from registered investment companies on Schedule H of the Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	**$ 2,279,194**	$ 2,264,091

The following is a reconciliation of Sponsor and participant contributions per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2018:

Participant contributions per the financial statements	$ 186,672
