Independent Auditor's Report

To the Plan Administrator of the Infiltrator Water Technologies LLC 401(k) Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Infiltrator Water Technologies LLC 401(k) Plan and Trust (the "Plan"), which comprise the statement of net assets available for plan benefits as of December 31, 2018, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018, and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2018 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. Their report, dated October 15, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of Infiltrator Water Technologies LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Infiltrator Water Technologies, LLC and its adopting employers (the "Company") covering substantially all employees who have attained the age of 21 and who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of their compensation (as defined in the Plan) on a pre-tax or after-tax "Roth" basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pre-tax "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company may make discretionary matching and qualified nonelective contributions on behalf of each eligible participant. For the plan year ended December 31, 2018, the Company matched 20% of each participant's deferral contributions. The Company did not make any qualified nonelective contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. A participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Less than 3	0%
3 or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures may be used to reduce plan expenses or employer contributions. During 2018, \$2,348 of forfeitures were used to pay plan expenses. Unallocated forfeitures at December 31, 2018 and 2017 amounted to \$7,923 and \$2,348, respectively.

Unallocated Assets

The Plan holds assets in an expense account for service expenditures which receives contributions as a result of a revenue sharing agreement with Voya Retirement Insurance and Annuity Company. During 2018, contributions to the account totaled \$6,423, which is included in net depreciation in fair value of investments in the statement of changes in net assets available for plan benefits. Funds in the account are reallocated to participants. During 2018, \$6,423 was reallocated to participants. There were no unallocated assets at December 31, 2018 or 2017.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. Distributions under the Plan will be paid in lump sums.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate. Participants may also withdraw their rollover contributions at any time.

Notes Receivable from Participants

The Plan does not allow participant loans.

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all administrative expenses are paid by the Plan unless paid by the Company. Certain participant transaction fees and administrative fees are paid through the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2018 and 2017.

	<u>2018</u>	<u>2017</u>
Investments measured at net asset value(1):		
Pooled separate accounts	\$ 10,813,226	\$ 10,568,757
Investments at fair value:	<u>\$ 10,813,226</u>	<u>\$ 10,568,757</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Pooled separate accounts can be redeemed daily and have no unfunded commitments.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	<u>2018</u>	<u>2017</u>
Investments measured		
at net asset value (non-DFE's):		
Pooled separate accounts:		
Balanced (a)	\$ 1,321,174	\$ 1,264,136
Bond (b)	784,491	690,591
Small cap (c)	543,914	599,180
Mid cap (d)	286,112	291,381
Large cap growth (e)	1,881,034	1,839,421
Large cap value (f)	2,283,980	2,284,921
Specialty (g)	763,168	739,675
International (h)	1,075,924	1,192,364
Asset allocation (i)	1,873,429	1,667,088
Total pooled separate accounts	<u>\$ 10,813,226</u>	<u>\$ 10,568,757</u>

- (a) The balanced pooled separate account seeks to balance growth of principal and current income by investing in a combination of stocks and bonds.
- (b) Bond pooled separate accounts invest in fixed income securities and are primarily seeking income or growth of income.
- (c) Small cap pooled separate accounts seek capital appreciation by investing primarily in stocks of small-sized companies.
- (d) Mid cap pooled separate accounts seek capital appreciation by investing primarily in stocks of mid-sized companies.

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

- (e) The large cap growth pooled separate account invests primarily in stocks of larger U.S. companies employing an investment style of growth.
- (f) The large cap value pooled separate account seeks long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies.
- (g) The specialty pooled separate account invests in stocks of companies in a particular industry.
- (h) International pooled separate accounts invest in stocks of companies outside of the United States.
- (i) Asset allocation pooled separate accounts combine fixed income and equity components to provide a combination of the stability of interest income and the growth potential of equity investments.

D. INVESTMENTS AT CONTRACT VALUE:

The Plan holds a traditional investment contract issued by ING Life Insurance and Annuity Company ("the contract issuer"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00% for the Voya Fixed Account A and not less than 3.00% for the Voya Fixed Account. Such interest rates are reviewed on an annual basis for resetting. This contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Full surrenders from the Fixed Fund can be paid by Voya in equal principal payments, with interest, over a period not to exceed 60 months, or in a single payment adjusted by a market value adjustment.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

E. PARTIES-IN-INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodian are considered party-in-interest transactions.

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the sponsor of the volume submitter plan document adopted by the Company by a letter dated March 31, 2014 that the volume submitter plan document adopted by the plan sponsor and related trust are designed in accordance with applicable sections of the internal Revenue Code ("IRC"). The Plan document has been amended since receiving the opinion letter. However, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2018 and 2017, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2018, and the information contained in the Schedule of Assets (Held at End of Year).

INFILTRATOR WATER TECHNOLOGIES LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 as of December 31, 2017:
