Notes to Financial Statements December 31, 2018 and 2017

Plan Description

The following description of the Mills-James Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan agreement. The Plan also provides for Roth elective deferrals. Effective January 1, 2015, the Plan implemented an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. At the option of the Company, a discretionary matching contribution equal to a uniform percentage of each participant's contribution to the Plan may be made. No discretionary matching contribution was made during 2018 or 2017. The Company may also make an employer elective contribution at the option of the Company's management. No employer elective contribution was made during 2018 or 2017. Additional amounts may be contributed at the discretion of the Company's management.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

A participant may direct Company and participant contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by no more than half of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rates on participant notes range from 4.25% to 6.00% as of December 31, 2018. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or elect a partial withdrawal. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death of the participant or upon total permanent disability.

Forfeited Accounts

At December 31, 2017, forfeited non-vested accounts totaled \$354. There were no forfeited non-vested accounts at December 31, 2018.

Plan Description (continued)

Forfeited Accounts (continued)

Amounts forfeited by participants who have terminated service prior to becoming fully vested are used to first pay administrative expenses of the Plan and then to reduce future employer contributions. During 2018, forfeitures of \$354 from non-vested accounts were used to pay administrative expenses of the Plan. During 2017, no forfeitures from non-vested accounts were used.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the guaranteed income fund, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

Information Prepared and Certified by Investment Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the investment custodians.

	2018	2017
Mutual funds	\$ 9,456,884	\$ -
Common collective trust	731,099	-
Pooled separate accounts	-	9,980,714
Guaranteed income fund	-	1,002,754
Notes receivable from participants	-	68,713
Total	\$ 10,187,983	\$ 11,052,181

The investment custodians also certified to the completeness and accuracy of \$(757,571) and \$1,760,650 of net (depreciation) appreciation in fair value of investments for the years ended December 31, 2018 and 2017, respectively, and \$142,585 and \$25,275 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2018 and 2017, respectively.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

MILLS-JAMES INC. 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements December 31, 2018 and 2017

Fair Value Measurements (continued)

Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

<i>Mutual Funds:</i>	Valued at the net asset value (NAV) of shares held by the Plan at year-end.
<i>Common Collective Trust:</i>	Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participant can transact daily.
<i>Pooled Separate Accounts:</i>	Valued at the NAV of the underlying investments reported by Nationwide Financial Services, Inc. including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank (Nationwide).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 9,456,884	\$ -	\$ -	\$ 9,456,884
Investments measured at net asset value *	-	-	-	731,099
Total assets at fair value	\$ 9,456,884	\$ -	\$ -	\$ 10,187,983

Assets at Fair Value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts in the fair value hierarchy	\$ 9,980,714	\$ -	\$ -	\$ 9,980,714
Total assets at fair value	\$ 9,980,714	\$ -	\$ -	\$ 9,980,714

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Guaranteed Income Fund

Through March 2018, the Plan held a traditional fully benefit-responsive guaranteed investment contract with Nationwide totaling \$1,002,754 as of December 31, 2017. Nationwide maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate was based on a formula established by the contract issuer and ranged from 2.35% to 2.45% in 2017. The crediting rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract met the fully-benefit responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements December 31, 2018 and 2017

Guaranteed Income Fund (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events occurred that limited the ability of the Plan to transact at contract value with the contract issuer nor limited the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Plan Termination

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

Tax Status

Effective March 1, 2018, the Plan adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement agreement that received a favorable opinion letter from the Internal Revenue Service (IRS) dated April 10, 2014, which stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

Through March 2018, the Plan was operating under a different prototype non-standardized profit sharing plan with a cash or deferral arrangement agreement, which received a favorable opinion letter from the IRS dated March 31, 2014. The opinion stated that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believed that the Plan was currently designed and was being operated in compliance with the applicable requirements of the IRC.

MILLS-JAMES INC. 401(k)
PROFIT SHARING PLAN AND TRUST
Notes to Financial Statements
December 31, 2018 and 2017

Tax Status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Through March 28, 2018, certain plan investments were shares of pooled separate accounts managed by Nationwide, the Plan's investment custodian, and APS-Pentegra was the third party administrator. Therefore, these transactions qualified as party-in-interest. Effective in March 2018, Mid-Atlantic Trust Company and Paychex were appointed as the new custodian and recordkeeper, respectively, and thus both are considered parties-in-interest. Morgan Stanley is the Plan's investment broker. Administrative expenses paid by the Plan to the above entities amounted to \$29,672 and \$42,287 during 2018 and 2017, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Plan Amendment

During 2018, a new investment custodian and third party record-keeper were appointed and all assets were transferred. In conjunction with this change, a new plan document was obtained.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
