Independent Auditor's Report

September 9, 2019

To the Participants, Plan Administrator and Trustees of
G.A. Braun, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G.A. Braun, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the

financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of G.A. Braun, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined-contribution plan under Section 401(a) of the Internal Revenue Code, with a Section 401(k) salary deferral provision. The Plan covers all employees of G.A. Braun, Inc. and CNY Fabrication, LLC. Employees are eligible to participate in the salary deferral and employer-matching portion of the Plan on the first day of the month following three months after their date of hire. The Plan automatically enrolls certain participants for salary deferral under its automatic enrollment feature, unless the participant elects otherwise. Under automatic enrollment, 3% of a participant's gross pay will be contributed to the Plan as pre-tax contributions, unless the participant chooses either not to participate or to increase or decrease their elective salary deferral contribution percentage. The percentage of elective deferral contributions will automatically increase each year by 1%, until reaching a maximum contribution amount of 6% of gross pay. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to make elective 401(k) salary deferrals, including up to 90% of compensation and up to 100% of any cash bonus earned, to the Plan. The Plan also contains a provision for Roth 401(k) contributions, which allows a participant to elect that a portion or all of their elective salary deferral contributions be taxed at the time of deferral. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Participants' deferrals are subject to the maximum amounts allowable under the Internal Revenue Code. Rollover and transfer contributions from other plans are permitted.

The Company may make discretionary matching contributions to the Plan as a percentage of participants' elective salary deferral contributions, as determined by the Board of Directors of the Company. Discretionary matching contributions were $136,856 and $140,291 for the years ended December 31, 2018 and 2017, respectively.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution plus any company discretionary matching contribution and an allocation of (a) the Company's discretionary contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested amounts. Allocations are based on participants' compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants can access their account information via Fidelity's website where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Vesting - Participants are always 100% vested in their elective salary deferral and rollover contributions. Vesting in the remainder of their account is based on years of continuous service. A participant in the Plan becomes 100% vested in any company discretionary matching

contributions after three years of credited service. Forfeited non-vested accounts totaled $10,833 and $2,450 at December 31, 2018 and 2017, respectively. These accounts will be used to pay future administrative expenses or reduce future employer contributions. The Company used $1,905 of forfeited non-vested funds to pay administrative expenses for the year ended December 31, 2017. The Company did not use forfeited non-vested funds to pay administrative expenses or reduce employer contributions for the year ended December 31, 2018.

Investment options - Upon enrollment in the Plan, a participant may direct contributions to any of the Plan's selected investment options. Participants may change their investment options daily.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account or annual installments over a period selected by the participant, which may not exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes receivable from participants - Participants may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance from their accounts. The notes bear interest at a rate based on prevailing interest rates charged by financial institutions under similar terms at the date of issuance; however, the rate can be changed at the discretion of the plan administrator. The interest rate for loans ranged from 4.25% to 6.00%. Principal and interest are paid ratably through monthly payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes as required under the Plan document. There were no deemed distributions for the years ended December 31, 2018 and 2017.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the Plan agreement. However, a participant must first take any other available distribution and borrow the maximum amount allowed by the Plan agreement. Any hardship distribution is limited to the amount necessary to meet the financial need and must be approved by the plan administrator. Such withdrawals will suspend the participant's right to make elective salary deferrals to the Plan for six months.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value, with the exception of the common collective trust fund, which is valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the fund, see below. All investment values have been determined and certified by Fidelity Management Trust Company, the Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Fidelity Managed Income Portfolio Class 1 is a common collective trust fund that is made up of various investment and security-backed contracts, which are mainly publicly traded securities. Common collective trust funds are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The NAV of common collective trust funds is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2018 or 2017. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible notes receivable from participants becomes material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statement of changes in net assets available for benefits and deducted from the receivable balance.

Economic dependency and concentration of credit risk - Approximately 94% and 91% of the Plan's investments are invested with T. Rowe Price at December 31, 2018 and 2017, respectively. Accordingly, the Plan is dependent upon the financial condition of this company.

Administrative costs - Administrative costs, including maintaining participants' accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets (see Note 6).

Payment of benefits - Benefits are recorded as paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions and excess employer matching contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions payable ("corrective distributions") are returned to the affected participants subsequent to year-end, including any investment earnings thereon (see Note 7). Corrective distributions amount to $10,787 for the year ended December 31, 2018. There were no corrective distributions for the year ended December 31, 2017.

Subsequent events - Management has evaluated subsequent events through September 9, 2019, the date which the financial statements were available for issue.

Note 3 - Tax status of plan

The Plan has adopted a Fidelity Volume Submitter Plan, adoption agreement No. 001 with Fidelity Basic Plan Document No. 17. The Internal Revenue Service has ruled that the standardized prototype plan of Fidelity is acceptable under Section 401(a) of the Internal Revenue Code, and a separate determination letter has not been obtained for the Plan. The management of the Company and plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the years ended December 31, 2018 and 2017. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2015.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's Trustee, has certified that the investment balances and investment activity included in the accompanying financial statements as of December 31, 2018 and 2017, and for the years then ended, and supplemental schedule as of December 31, 2018, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Fair value measurement

The FASB has published authoritative guidance on fair value measurement, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's assets measured at fair value.

> *Registered Investment Companies (i.e. mutual funds)* - The investment portfolios consist of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 14,122,711	$ -	$ -	$ 14,122,711

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,862,896	$ -	$ -	$ 13,862,896

Note 6 - Related party transactions

Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan's assets, and therefore, these transactions qualify as exempt party-in-interest transactions. Certain investment fees paid for these services are included in the net appreciation (depreciation) of investments in the accompanying statements of changes in net assets available for benefits. In addition, Fidelity Management Trust Company provides recordkeeping and third party administrative services that qualify as exempt party-in-interest transactions. Fees paid out of plan assets to Fidelity Management Trust Company totaled $11,991 and $8,185 for the years ended December 31, 2018 and 2017, respectively.

Note 7 - Reconciliation of the financial statements to Form 5500

As explained in Note 2, the Fidelity Managed Income Portfolio is a common collective trust and is reported at net asset value in the accompanying statement of net assets available for benefits as of December 31, 2018 and 2017; however, Fidelity Management Trust Company has prepared Form 5500 using the fair value of this investment. Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received. Corrective distributions are recorded on Form 5500 in the plan year that they are paid, net of any investment earnings. Accordingly, there are reconciling items between amounts reported in the financial statements and Form 5500 for these items.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of:

	December 31,	
	2018	2017
Net assets available for benefits per the financial statements	$ 14,383,994	$ 14,887,000
Add - Amount allocated to excess contributions payable	10,787	-

Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 14,394,666	$ 14,884,845

The following is a reconciliation of corrective distributions to participants per the financial statements to Form 5500:

	Year ended December 31,	
	2018	2017
Corrective distributions per the financial statements	$ 10,787	$ -
Less - Unpaid corrective distributions	(10,787)	-
Corrective distributions per Form 5500, Schedule H, Part II, Line 2f	$ -	$ -

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to Form 5500:

	Year ended December 31,	
	2018	2017
Net increase (decrease) per the financial statements	$ (503,006)	$ 2,887,237
Add - Corrective distributions per the financial statements	10,787	-
Change in adjustment from net asset value to fair value for common collective trust	2,040	(2,162)
Net increase (decrease) per Form 5500, Schedule H, Part II, Line 2k	$ (490,179)	$ 2,885,075
