1. Plan Description

The following description of the J Curt, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a 401(k) defined contribution plan covering all full-time employees of J Curt, Inc. (the "Company") who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b) *Contributions* – Each year participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, subject to certain limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans. The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. No profit sharing contributions were made in 2018. Contributions are subject to certain limitations.

   Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment options at any time via the telephone or internet.

c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) *Vesting* – Participants are vested immediately in their contributions and the Company's matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. A participant is vested 20% after 2 years and 20% each additional year (100% upon six years of credited service) or are fully vested upon the events of death, disability or attaining normal retirement age with five years of credited service. Normal retirement age is 55.

e) *Notes receivable from Participants* – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate plus 1.0%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum distribution or partial payment.

g) *Forfeited accounts* – At December 31, 2018 and 2017, there were $194 and $198 of forfeited nonvested accounts of terminees. Forfeitures of nonvested balances may be used to reduce employer contributions and/or pay plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 20017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2018 as of October 9, 2019, the date the financial statements were available to be issued.

In August 2019, the Plan changed the trustee and recordkeeper of the Plan from Ascensus to Voya. The Plan assets were transferred to Voya in August 2019.

4. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

December 31,	***2018***	*2017*
Investments, at fair value:		
Mutual funds	**$839,684**	$857,145
Money market fund	**56,635**	51,439
Notes receivable from participants	**12,539**	7,311

Year ended December 31,	***2018***
Investment income (loss):	
Net depreciation in fair value of investments	**$(72,512)**
Interest and dividends	**13,988**
Interest income – notes receivable from participants	**458**

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and Money Market fund – Valued at net asset value (NAV) of shares held by the Plan at year end. The net asset value is a publicly quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$839,684	–	–	$839,684
Money market fund	56,635	–	–	56,635
Total investments at fair value	$896,319	–	–	$896,319

	As of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$857,145	–	–	$857,145
Money market fund	51,439	–	–	51,439
Total investments at fair value	$908,584	–	–	$908,584

6. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Related Party Transactions

Ascensus, Inc. and Ascensus Trust Company are the current record keeper and custodian of the Plan and qualify as parties-in-interest. Fees paid by the Plan to Ascensus were $450 in 2018 and $266 in 2017.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Prototype Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2015.
