Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of Central Clinic, Inc. 401(k) Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Certain investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Related-Party Transactions / Plan Expenses

Certain Plan investments are invested in funds managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Plan custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for these services, and accordingly they are not reflected in the Plan's financial statements.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid.

The Plan provides for automatic direct rollovers of accounts greater than \$1,000, but equal to or less than \$5,000 into an individual retirement plan designated by the Plan Administrator unless otherwise directed by the participant. Account balances with less than \$1,000 will be made in a lump sum cash payment unless otherwise directed by the participant.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing its financial statements, the Company has evaluated events subsequent to the Statement of Net Assets Available for Benefits date through October 4, 2019, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to their Central Clinic, Inc. 401(K) Plan agreement for a more complete description of the Plan's provisions.

General

The original effective date of the Plan was January 1, 2004. The Plan is a defined contribution plan covering all eligible employees of Central Clinic, Inc. (the "Company"). Employees become eligible upon reaching age twenty-one, completing one year of service, and one thousand hours of service. Eligible employees are permitted to enter the Plan on the first day of the year or the first day of the seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily make salary deferral contributions up to 100% of their eligible compensation. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$18,500 at December 31, 2018). For 2018, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of \$6,000. The Plan allows for the Company to make annual contributions at the discretion of the Company's management. Participants must complete one year of service, 1,000 hours of service, and be employed on the last day of the Plan year in order to participate in employer contributions.

Discretionary contributions to participants may be made each Plan year in an amount determined by the Company. For 2018, there were no discretionary contributions made to participants in the Plan. The Company elected not to make a matching contribution in 2018.

Rollover Contributions

Participants may rollover their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based on the proportion of individual account balances to total participants' account balances in the respective investment funds. Each participant's account is reduced by participant withdrawals, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CENTRAL CLINIC, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants become immediately vested at the time of participation in the Plan in their contributions plus actual earnings thereon. Vesting in the Company's employer contribution portion is based on years of continuous service. A participant is 100% vested in discretionary contributions after six years of credited service. Non-vested portions of participant accounts that are forfeited upon payment of benefits are retained in the Plan and used to reduce future employer contributions.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company or termination of the Plan, the participant's account is distributed in the form of a lump sum payment or annual installments upon request. If the vested interest is \$1,000 or less, the payment will be in the form of a lump sum payment, payable as soon as administratively feasible.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

In conditions of "financial hardship", a participant may apply to the Plan Administrator for approval to withdraw that portion of their vested balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Forfeited Accounts

Forfeitures are to be used to reduce plan expenses or employer contributions or to be reallocated to plan participants. The balance of unallocated forfeitures was \$2,354 and \$4,132 at December 31, 2018 and 2017, respectively. There were no employer contributions paid using forfeited funds during the plan year ending December 31, 2018.

CENTRAL CLINIC, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 3 GUARANTEED INVESTMENT CONTRACT

In 2003, the Plan entered into a benefit-responsive investment contract with Voya Retirement Insurance & Annuity Company ("Voya"). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract ("GIC") issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) transfers to the fixed account from other plan sources greater than permitted, (2) competing investment options or deletion of equity wash provisions, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

After completing five contract years, Voya may terminate the contract providing the contract holder a 90-day written notice to pay out the full value without fees or market value adjustments or convert the contract to another contract issued by Voya or one of its affiliates.

NOTE 4 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels based on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

CENTRAL CLINIC, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 4 FAIR VALUE MEASUREMENT (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Pooled separate account: Valued at their "accumulation unit values" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is \$10.00) and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	12/31/18	Level 1	Level 2	Level 3

NOTE 5 INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following information provided by Voya Retirement Insurance and Annuity Company, the asset custodian of the Plan, for the years ended December 31, 2018 and 2017 was certified by them to be complete and accurate with respect to the following:

- (a) The assets held by Voya Retirement Insurance and Annuity Company at December 31, 2018 and 2017, as well as the transactions involving these assets for the years then ended.
- (b) The amount of investment income for the year ended December 31, 2018.
- (c) The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2018.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all amounts credited to their accounts.

NOTE 7 TAX STATUS

The Plan has adopted a prototype plan. The IRS has determined and informed the prototype plan by a letter dated on March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype provider received the advisory opinion, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

NOTE 8 RECONCILIATION TO FORM 5500

At December 31, 2018, investments of \$2,554,497 were classified as pooled separate accounts in the financial statements but mutual funds in the Form 5500.
