PLAYHOUSE SQUARE FOUNDATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Playhouse Square Foundation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of Playhouse Square Foundation and related employers PSF Management, LLC dba Playhouse Square Real Estate Services and Playhouse Square Hotel LLC (collectively, the “Company” or “Plan Sponsor”), who have completed twelve months of employment, except for (1) those who are a resident of Puerto Rico; (2) those who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan; (3) those who are leased employees, (4) those who are interns unless having reached age 21 and completing at least 1,000 hours of service, and (5) those who are a signatory to a contract, letter of agreement, or other document that acknowledges his/her status as an independent contractor not entitled to benefits under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of their compensation (as defined by the Plan) to the maximum amount permitted under the Internal Revenue Code in the form of pre-tax 401(k) contributions or after tax (Roth) 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions to the Plan up to a maximum of \$6,000 in 2018. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make safe harbor non-elective employer contributions and Company discretionary non-elective contributions. Participants must have completed one year of service with 1,000 service hours to receive safe harbor non-elective employer contributions and Company discretionary non-elective contributions. During 2018, the Company elected to make safe harbor non-elective employer contributions in an amount equal to 3% of eligible compensation. The Company also elected to make discretionary non-elective employer contributions in an amount equal to 4.5% of eligible compensation to certain participant groups of the Plan.

Participant accounts: Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and safe harbor non-elective employer contributions, plus actual earnings thereon. The participant’s portion of Company discretionary non-elective contributions adhere to a three-year cliff-vesting schedule. Forfeited non-vested accounts totaled \$6,000 and \$2,880 at December 31, 2018 and 2017, respectively. In 2018, employer contributions were reduced from forfeited non-vested accounts by \$2,955.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. The vested balance of a terminated participant with a vested account balance of less than \$5,000 but more than \$1,000 will be automatically rolled into an individual retirement account. The vested balance of a terminated participant with a vested account balance of \$1,000 or less will receive a lump-sum distributions. Actively-employed participants may begin receiving distributions at age 59½. Participants may also withdraw amounts from their account under certain defined conditions. In case of hardship, a participant may apply for a distribution described in the Plan agreement.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion. For 2018, substantially all such expenses were paid by the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions: Participant contributions are recognized when the amount is withheld from the participant's earnings. Employer contributions are recognized and remitted to the Plan on an annual basis.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 8, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

1. Mutual funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,051,709	\$ -	\$ -	\$ 14,051,709
Investments at fair value	<u>\$ 14,051,709</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,051,709</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,312,007	\$ -	\$ -	\$ 14,312,007
Investments at fair value	<u>\$ 14,312,007</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,312,007</u>

There were no Level 2 or 3 assets during 2018 and 2017.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Fidelity Management Trust Company, the trustee, holds the Plan's investments and executes investment transactions.

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2018	2017
Investments, at fair value	<u>\$ 14,051,709</u>	<u>\$ 14,312,007</u>
Additions to net assets:		
Interest and dividends	\$ 978,066	
Net depreciation in fair value of investments	(1,933,399)	

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are managed by Fidelity Investments, an entity affiliated with Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses were \$350 for the year ended December 31, 2018.

NOTE 6 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. Accordingly, no income taxes have been provided in the accompanying financial statements. The tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

NOTE 8 – PROHIBITED AND OTHER TRANSACTIONS

During 2018, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions totaled \$17,412 and are summarized on the supplemental Schedule of Delinquent Participant Contributions. The Company is currently calculating the lost earnings resulting from the delinquent remittances and will remit the lost earnings as soon as administratively feasible.

In November 2017, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA due to a clerical error. Such contributions, totaling \$16,171, which were remitted to the Plan in December 2017, and are included on the supplemental Schedule of Delinquent Participant Contributions. In February 2018, the Plan sponsor remitted \$92 of lost earnings resulting from the delinquent remittance.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

PLAYHOUSE SQUARE FOUNDATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Playhouse Square Foundation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of Playhouse Square Foundation and related employers PSF Management, LLC dba Playhouse Square Real Estate Services and Playhouse Square Hotel LLC (collectively, the “Company” or “Plan Sponsor”), who have completed twelve months of employment, except for (1) those who are a resident of Puerto Rico; (2) those who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan; (3) those who are leased employees, (4) those who are interns unless having reached age 21 and completing at least 1,000 hours of service, and (5) those who are a signatory to a contract, letter of agreement, or other document that acknowledges his/her status as an independent contractor not entitled to benefits under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of their compensation (as defined by the Plan) to the maximum amount permitted under the Internal Revenue Code in the form of pre-tax 401(k) contributions or after tax (Roth) 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions to the Plan up to a maximum of \$6,000 in 2018. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make safe harbor non-elective employer contributions and Company discretionary non-elective contributions. Participants must have completed one year of service with 1,000 service hours to receive safe harbor non-elective employer contributions and Company discretionary non-elective contributions. During 2018, the Company elected to make safe harbor non-elective employer contributions in an amount equal to 3% of eligible compensation. The Company also elected to make discretionary non-elective employer contributions in an amount equal to 4.5% of eligible compensation to certain participant groups of the Plan.

Participant accounts: Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and safe harbor non-elective employer contributions, plus actual earnings thereon. The participant’s portion of Company discretionary non-elective contributions adhere to a three-year cliff-vesting schedule. Forfeited non-vested accounts totaled \$6,000 and \$2,880 at December 31, 2018 and 2017, respectively. In 2018, employer contributions were reduced from forfeited non-vested accounts by \$2,955.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. The vested balance of a terminated participant with a vested account balance of less than \$5,000 but more than \$1,000 will be automatically rolled into an individual retirement account. The vested balance of a terminated participant with a vested account balance of \$1,000 or less will receive a lump-sum distributions. Actively-employed participants may begin receiving distributions at age 59½. Participants may also withdraw amounts from their account under certain defined conditions. In case of hardship, a participant may apply for a distribution described in the Plan agreement.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion. For 2018, substantially all such expenses were paid by the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions: Participant contributions are recognized when the amount is withheld from the participant's earnings. Employer contributions are recognized and remitted to the Plan on an annual basis.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 8, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

1. Mutual funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,051,709	\$ -	\$ -	\$ 14,051,709
Investments at fair value	<u>\$ 14,051,709</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,051,709</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,312,007	\$ -	\$ -	\$ 14,312,007
Investments at fair value	<u>\$ 14,312,007</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,312,007</u>

There were no Level 2 or 3 assets during 2018 and 2017.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Fidelity Management Trust Company, the trustee, holds the Plan's investments and executes investment transactions.

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2018	2017
Investments, at fair value	<u>\$ 14,051,709</u>	<u>\$ 14,312,007</u>
Additions to net assets:		
Interest and dividends	\$ 978,066	
Net depreciation in fair value of investments	(1,933,399)	

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are managed by Fidelity Investments, an entity affiliated with Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses were \$350 for the year ended December 31, 2018.

NOTE 6 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. Accordingly, no income taxes have been provided in the accompanying financial statements. The tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

NOTE 8 – PROHIBITED AND OTHER TRANSACTIONS

During 2018, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions totaled \$17,412 and are summarized on the supplemental Schedule of Delinquent Participant Contributions. The Company is currently calculating the lost earnings resulting from the delinquent remittances and will remit the lost earnings as soon as administratively feasible.

In November 2017, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA due to a clerical error. Such contributions, totaling \$16,171, which were remitted to the Plan in December 2017, and are included on the supplemental Schedule of Delinquent Participant Contributions. In February 2018, the Plan sponsor remitted \$92 of lost earnings resulting from the delinquent remittance.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

PLAYHOUSE SQUARE FOUNDATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Playhouse Square Foundation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of Playhouse Square Foundation and related employers PSF Management, LLC dba Playhouse Square Real Estate Services and Playhouse Square Hotel LLC (collectively, the “Company” or “Plan Sponsor”), who have completed twelve months of employment, except for (1) those who are a resident of Puerto Rico; (2) those who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan; (3) those who are leased employees, (4) those who are interns unless having reached age 21 and completing at least 1,000 hours of service, and (5) those who are a signatory to a contract, letter of agreement, or other document that acknowledges his/her status as an independent contractor not entitled to benefits under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of their compensation (as defined by the Plan) to the maximum amount permitted under the Internal Revenue Code in the form of pre-tax 401(k) contributions or after tax (Roth) 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions to the Plan up to a maximum of \$6,000 in 2018. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make safe harbor non-elective employer contributions and Company discretionary non-elective contributions. Participants must have completed one year of service with 1,000 service hours to receive safe harbor non-elective employer contributions and Company discretionary non-elective contributions. During 2018, the Company elected to make safe harbor non-elective employer contributions in an amount equal to 3% of eligible compensation. The Company also elected to make discretionary non-elective employer contributions in an amount equal to 4.5% of eligible compensation to certain participant groups of the Plan.

Participant accounts: Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and safe harbor non-elective employer contributions, plus actual earnings thereon. The participant’s portion of Company discretionary non-elective contributions adhere to a three-year cliff-vesting schedule. Forfeited non-vested accounts totaled \$6,000 and \$2,880 at December 31, 2018 and 2017, respectively. In 2018, employer contributions were reduced from forfeited non-vested accounts by \$2,955.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. The vested balance of a terminated participant with a vested account balance of less than \$5,000 but more than \$1,000 will be automatically rolled into an individual retirement account. The vested balance of a terminated participant with a vested account balance of \$1,000 or less will receive a lump-sum distributions. Actively-employed participants may begin receiving distributions at age 59½. Participants may also withdraw amounts from their account under certain defined conditions. In case of hardship, a participant may apply for a distribution described in the Plan agreement.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion. For 2018, substantially all such expenses were paid by the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions: Participant contributions are recognized when the amount is withheld from the participant's earnings. Employer contributions are recognized and remitted to the Plan on an annual basis.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 8, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

1. Mutual funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,051,709	\$ -	\$ -	\$ 14,051,709
Investments at fair value	<u>\$ 14,051,709</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,051,709</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,312,007	\$ -	\$ -	\$ 14,312,007
Investments at fair value	<u>\$ 14,312,007</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,312,007</u>

There were no Level 2 or 3 assets during 2018 and 2017.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Fidelity Management Trust Company, the trustee, holds the Plan's investments and executes investment transactions.

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2018	2017
Investments, at fair value	<u>\$ 14,051,709</u>	<u>\$ 14,312,007</u>
Additions to net assets:		
Interest and dividends	\$ 978,066	
Net depreciation in fair value of investments	(1,933,399)	

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are managed by Fidelity Investments, an entity affiliated with Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses were \$350 for the year ended December 31, 2018.

NOTE 6 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. Accordingly, no income taxes have been provided in the accompanying financial statements. The tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

NOTE 8 – PROHIBITED AND OTHER TRANSACTIONS

During 2018, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such contributions totaled \$17,412 and are summarized on the supplemental Schedule of Delinquent Participant Contributions. The Company is currently calculating the lost earnings resulting from the delinquent remittances and will remit the lost earnings as soon as administratively feasible.

In November 2017, the Company failed to remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA due to a clerical error. Such contributions, totaling \$16,171, which were remitted to the Plan in December 2017, and are included on the supplemental Schedule of Delinquent Participant Contributions. In February 2018, the Plan sponsor remitted \$92 of lost earnings resulting from the delinquent remittance.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
