POPLI, ARCHITECTURE + ENGINEERING & L.S.,
D.P.C. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2018 and 2017

(1) Description of Plan

The following description of the Popli, Architecture + Engineering & L.S., D.P.C. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) and profit sharing plan sponsored by Popli, Architecture + Engineering & L.S., D.P.C. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective on January 1, 1986. The Plan was amended and restated as of February 1, 2017. Employees of the Company must be at least 21 years of age to be eligible to participate in the Plan.

(b) Contributions

The Plan provides for participant pre-tax contributions of compensation, as defined, up to the maximum annual limitations allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution in an amount equal to either a percentage of compensation or a dollar amount as it directly relates to elective deferrals made during the year by eligible participants.

In addition, the Company may make a discretionary non-elective contribution and a qualified non-elective employer contribution. Matching non-elective and qualified non-elective employer contributions require 1,000 hours of service to be eligible.

Participants direct all contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of investment and administrative expenses. Allocations are based on the participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in employer contributions on a graduated basis for each year of service; after six years of service, participants are fully vested in all employer contributions.

(1) Description of Plan, Continued

(e) Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of $1,000, up to a maximum of $50,000, not to exceed 50% of the vested account balance. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

(f) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will be paid in one lump sum in the form of a cash distribution, direct rollover distribution, or a combination of cash and direct rollover distribution.

(g) Forfeited Accounts

Forfeitures of non-vested employer contributions, which remain after an employee has terminated employment, shall be used first to pay administrative expenses under the Plan and then to reduce future employer contributions payable to the Plan. Forfeitures for the years ended December 31, 2018 and 2017 totaled $10,690 and $2,127, respectively. Forfeitures as of December 31, 2018 and 2017 amounted to $12,835 and $2,132, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

(2) Summary of Significant Accounting Policies, Continued

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

(g) Subsequent Events

The Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

A framework has been established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(3) Fair Value Measurements, Continued

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

- Money market funds - A money market fund is a public investment vehicle using $1 for the net asset value (NAV).
- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 422,838	-	-	422,838
Mutual funds	5,100,531	-	-	5,100,531
	$ 5,523,369	-	-	5,523,369

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 323,483	-	-	323,483
Mutual funds	4,762,807	-	-	4,762,807
	$ 5,086,290	-	-	5,086,290

(4) Information Certified by the Plan's Trustee

The financial information relating to the Plan's assets at December 31, 2018 and 2017, as well as investment income and investment transactions for the years then ended, have been derived from information provided by TD Ameritrade Trust (Ameritrade) and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent auditors.

	2018	2017
Investments, at fair value	$ 5,523,369	5,086,290
Interest and dividends	$ 89,644	72,379
Net appreciation (depreciation) in fair value of investments	$ (433,443)	697,283

(5) Party-In-Interest Transactions

Ameritrade is the trustee of the Plan. Investments include a money market fund sponsored by Ameritrade; therefore, these transactions qualify as party-in-interest. Fees paid to Ameritrade for the years ended December 31, 2018 and 2017 amounted to $7,050 and $3,921, respectively.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(7) Tax Status

The Plan and related trust were established under a volume submitter profit sharing plan that received a favorable tax determination letter dated March 31, 2014, from the Internal Revenue Service (IRS) indicating the features of the Plan, as then designed, conform with the requirements of Section 401(k) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Certain employee contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018.
