NOTE A - DESCRIPTION OF THE PLAN

The following description of the Busken Bakery Employees 401(k) Profit Sharing Plan (“Plan”) for Busken Bakery, Inc. (“Company”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution plan which covered all eligible employees of the Company who had one year of service and were age twenty-one or older. One year of service was defined as a twelve-month period beginning on the first day of employment in which an employee had worked at least 1,000 hours. Effective July 1, 2018, the Plan was restated to change the eligibility requirement from one year of service to ninety days. The entry date was also changed to the first day of the month following eligibility requirements being met. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan and determines the appropriateness of the Plan’s investment offerings, and monitors investment and performance.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes to the Plan 2% or 3% of eligible compensation. The profit-sharing percentage is dependent upon whether the participant is union or nonunion, and if union, under which collective bargaining agreement the participant is covered and if the participant elects to defer. Additional profit-sharing amounts may be contributed at the option of the Company’s board of directors. There were no additional profit sharing contributions for 2018 and 2017. Contributions are subject to certain limitations.

3. Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, an allocation of the Company’s profit-sharing contribution (if any), and plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

4. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.0%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability, retirement or separation from service, a participant will receive a lump sum distribution equal to the value of the participant's vested interest in his or her account. Any non-vested amounts are forfeited. In conditions of financial hardship, a participant may apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and Code.

7. Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$1 and \$1,404, respectively. Forfeitures are first applied to the restoration of forfeitures, and then at the discretion of the Company, can be added to or used as employer contributions or can be used to pay administrative expenses of the Plan. During the years ended December 31, 2018 and 2017, forfeitures of \$3,296 and \$5,312, respectively, were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accounting records of the Plan are maintained on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Administrative Expenses

The Company provides certain administrative services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company and excluded from these financial statements. Other administrative expenses directly incurred by the Plan include investment management fees and loan and distribution fees charged directly to the participants' accounts. The asset-based fee charged by the third-party administrator was reduced by any revenue received by the third-party administrator from providers of the underlying mutual funds. These administrative expenses are presented as a deduction to net assets on the statements of changes in net assets available for benefits.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts including their employer contributions.

NOTE D - TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) states that the prototype standardized profit-sharing plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation method include a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2018 and 2017:

		<u>Fair Value Measurements Using:</u>		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Quoted Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

<i>Total investments at fair value</i>	<u>\$ 3,076,707</u>	<u>\$ 3,076,707</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE F - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

For the years ended December 31, 2018 and 2017, the Plan invested in a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") totaling \$383,996 and \$388,291, respectively. Under this contract, the Plan invests in the Guaranteed Interest Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the traditional fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE F - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan agreements (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of the issuer.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, dividends and interest for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Reliance Trust Company (the trustees of the Plan).

NOTE I - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company and were previously managed by Reliance Trust Company. Great-West Life & Annuity Insurance Company is currently the trustee as defined by the Plan, and Reliance Trust Company was the former trustee from January 1, 2017 to September 30, 2017; therefore, these transactions qualify as party-in-interest transactions. Empower Retirement is currently the third-party administrator as defined by the Plan and the Standard Insurance Company was the former third-party administrator from January 1, 2017 to September 30, 2017; therefore, payments for services qualify as party-in-interest transactions. As described in Note B-6, the Plan made direct payments to the third party administrators for various services which amounted to \$26,639 and \$34,760 for the years ended December 31, 2018 and 2017, respectively. These fees are allocated among the accounts of all participants in the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE K - PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2018, the Company failed to remit certain employee contributions and loan repayments to the Plan's trustee totaling \$51,159 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors.

NOTE L - PLAN AMENDMENTS

The Plan was amended effective January 1, 2017 to add an exclusion of fringe benefits from compensation for all contribution types. Effective July 1, 2018, the Plan was restated to change the eligibility requirement from one year of service to ninety days. The entry date was also changed to the first day of the month following eligibility requirements being met.

NOTE M - DATE OF MANAGEMENT'S REVIEW & SUBSEQUENT EVENTS
