Southwest Matching Defined Contribution Retirement Plan
Middleburg Heights, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Southwest Matching Defined Contribution Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Further, as discussed in Note 1, the Southwest Matching Defined Contribution Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits.

The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Southwest Matching Defined Contribution Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Southwest Matching Defined Contribution Retirement Plan (the Plan) provides only general information. A complete description of the Plan's provisions, including those relating to participation, vesting, and benefits, is contained in the Plan document. Participants should refer to the Plan document for complete information regarding the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Southwest Community Health System ("Southwest" or "Plan Sponsor") and certain subsidiaries. Such employees are eligible to participate in the Plan immediately upon hire or as soon as administratively feasible. Rehired employees who were previously participants are eligible for participation immediately upon rehire.

The Plan has excluded from investments in the statements of net assets available for benefits as of December 31, 2017 and 2016 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The total amount of net assets available for benefits held under these contracts is not determinable. The investment income and distributions related to such accounts cannot be determined and therefore have also been excluded from the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

Administration

The Plan is administered by Southwest General Health Center (plan administrator). Southwest is the Plan Sponsor and Employer. The Human Resources Department of Southwest General Health Center is responsible for the general administration of the Plan. The Investment Committee of Southwest is responsible for reviewing investment performance as stated in the Investment Policy Statement. The assets of the Plan are maintained and the transactions therein are executed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) (the Trustee/Investment Manager), a member company of The Principal Financial Group, who also serves as the primary Plan record-keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to the amount allowed by the Internal Revenue Code (IRC). The contributions for a participant are made by payroll deductions and are determined each pay period by multiplying the participant selected contribution rate then in effect by his/her eligible compensation before taxes for such period. The Plan maintains automatic enrollment whereby a participant's deferral is set at 3% of eligible compensation before taxes until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Beginning January 1, 2015, the Plan Sponsor will make matching contributions equal to 50% of participant contributions for all active participants; however, the percentage matched continues to be limited to 6% of a participant's before-tax compensation. Additional discretionary contributions may be contributed at the discretion of the Chief Executive Officer. There were no discretionary contributions for Plan years 2017 and 2016.

Southwest Matching Defined Contribution Retirement Plan

Notes to Financial Statements

Effective January 1, 2016, the Plan was amended to (1) provide three-year cliff vesting of matching and discretionary contributions for all employees who are hired on or after January 1, 2016, (2) require participants be employed on December 31 to receive a matching contribution for the applicable Plan year, unless employment ended due to death, disability, after normal retirement age or due to reorganization and (3) add a points-based Employer contribution, effective initially with the Plan year beginning January 1, 2016, whereby an eligible participant (as defined) is entitled to an additional contribution each Plan year based on total age and service years as of the last day of the applicable Plan year. The additional contributions were \$3,178,293 and \$3,009,357 for the years ended December 31, 2017 and 2016.

Participants direct their elective contributions into various investment options offered by the Plan. If a participant is automatically enrolled, their contributions are invested in the applicable life cycle fund based on the participant's age and projected retirement date until the participant changes their election. The Plan Sponsor's contributions are allocated in the same manner as that of the participant's elective contributions.

Participants may also contribute amounts into the Plan from other qualified plans (known as rollover contributions).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching, discretionary or additional contributions (or "Plan Sponsor contributions") and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

As a result of the Plan being amended effective January 1, 2016, participants hired on or after January 1, 2016 will have their matching and discretionary contributions subject to a three-year cliff vesting schedule. For all employees hired before January 1, 2016, all matching and discretionary contributions are immediately vested.

Forfeited Accounts

Forfeitures shall be determined at least once per year. Forfeitures may be used to pay administrative expenses. Forfeitures of matching contributions that have not been used to pay administrative expenses shall be applied to reduce the earliest employer contributions made after the forfeiture was determined. There were no forfeitures in 2017 or 2016.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum amount of \$1,000 and up to a maximum amount equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the preceding 12-month period), or the greater of 50% of their vested account balance or \$10,000, reduced by any outstanding loan balance on the date the new loan is made. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. A participant may only have one outstanding loan at any point in time. The loans bear interest at a fixed rate ranging from 4.25% to 4.50% at the date of issuance as determined by the Plan Sponsor. Principal and interest are paid ratably through biweekly payroll deductions.

If a participant terminates employment with the Plan Sponsor, they may continue to make loan payments through a pre-authorized check agreement. If the loan payments are not being made timely, it will automatically be treated as a distribution to the participant after three months.

Payment of Benefits

Upon separation from service with the Plan Sponsor due to death, disability, retirement or termination, a participant may elect to receive a lump-sum payment. Additionally, a participant who has attained age 59½ may withdraw at any time, any part of his/her account resulting from elective deferral contributions, matching contributions, discretionary contributions and rollover contributions.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. These withdrawals are limited to the amount of the participant's elective deferral contributions. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

Fees for legal, accounting and other services are paid by Southwest. Administrative and trustee fees for the Plan may be paid out of the Plan's assets, or Southwest may elect to assume these fees to the extent it chooses. These fees were primarily paid by the Plan for the years ended December 31, 2017 and 2016.

Plan Termination

Although the Employer has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Southwest Matching Defined Contribution Retirement Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, with the exception of fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's fully benefit responsive investment contract is valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less distributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated the impact of events that have occurred subsequent to December 31, 2017 through October 9, 2018, the date the financial statements were available to be issued, for the possible recognition or disclosure in those financial statements. Based on this evaluation, other than as recorded or disclosed within the financial statements and related notes, the Plan has determined that there were no events that were required to be recognized or disclosed.

3. Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC or Contract) with Principal Life Insurance Company (Principal). Principal maintains the contributions in a guaranteed interest account, which is backed by Principal general assets. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement. The guaranteed investment contract is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals and

Southwest Matching Defined Contribution Retirement Plan

Notes to Financial Statements

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with Principal, but may not be less than 1% or greater than 3%. Such interest rates are reset on a semiannual basis.

The interest rate history summarized above is prior to any Plan-level, record-keeping expenses being deducted. Any difference between the above summarized interest rates and the actual earned crediting rates for each Plan participant would be due to a rate level service fee, which is a direct offset to the interest rates summarized above.

By definition, the group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the Contract at any time. Transactions are however also subject to specific provisions regarding the existence of competing investment options and the Plan Sponsor's intent to not terminate the Plan's interest. The Plan Sponsor may terminate the Plan's interest at its request, subject to certain surrender charges. A notification of termination is irrevocable and will be made pursuant to the termination request. The plan administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable.

Events that would allow the issuer to terminate the investment contract are: 1) the investment manager or Trustee breaches any of its material obligations under the agreement, 2) any representation of the investment manager is or becomes untrue in any material respect, 3) the investment manager with respect to the Contract is terminated, unless a qualified professional manager is duly appointed and is agreed to by the issuer, 4) the issuer determines that the execution, delivery, or performance of the Contract constitutes or will constitute a prohibited transaction, 5) failure to pay amounts due to the issuer, and 6) termination of the Plan or disqualification of the trust.

The guaranteed investment contract does not permit the insurance company to terminate the Contract without at least 60-day advanced notice of when no further contributions will be accepted into this Contract. The Contract will be terminated when the remaining balance in the Contract is paid out to participants.

Each investment contract is subject to early termination penalties that may be significant.

4. Investments / Notes Receivable from Participants (unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investments and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, net appreciation (depreciation) in fair value of investments, interest and dividend income and interest on notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

5. Fair Value Measurements

The Plan follows the provisions of *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobserved inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurements. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Registered investment companies: Fair value of mutual funds is based on quoted redemption values on the last business day of the Plan year and is valued at the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Tax Status of the Plan

The Plan has been designed to qualify under Section 403(b) of the IRC and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain its qualifications under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

8. Transactions with Parties-in-Interest

Certain of the Plan's assets are invested in funds managed by the Plan's trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor. These party-in-interest transactions are exempt from the prohibited rules under ERISA.
