NOTE 1. DESCRIPTION OF PLAN

The following is a description of the David Lerner Associates, Inc. 401(k) Plan (the "Plan") and its significant amendments, which provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The David Lerner Associates, Inc. 401(k) Plan was established by its sponsor and plan administrator, David Lerner Associates, Inc., (the "Company") as of January 1, 1987, to provide its eligible employees with retirement benefits. Effective January 1, 1997, the Company adopted the Putnam non-standard prototype 401(k) plan with optional profit sharing plan provisions. On May 12, 1998, the Company amended the prototype 401(k) plan to include employer discretionary matching contributions, effective January 1, 1999.

Effective March 1, 2006, the Company amended the Plan to allow for Roth 401(k) employee contributions and Roth 401(k) rollover contributions.

Effective January 1, 2018, the Company amended the Plan to change the Plan's service requirement and entry dates.

A. GENERAL:
The Plan is a defined contribution plan covering eligible employees of David Lerner Associates, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

B. ELIGIBILITY:
All employees of the Company (except employees covered by a collective bargaining agreement and employees who are nonresident aliens) who have completed 90 days of services (as defined in the plan document) and reached 21 years of age, are eligible to participate in the Plan on the first day of the month on or next following the date the requirements are met. Employees are eligible to receive a matching contribution after completing one year of service.

C. CONTRIBUTIONS:
Eligible employees electing to participate in the Plan ("Members") may contribute between 1% and 75% of their compensation, subject to certain limitations as set forth in section 401(g) of the Internal Revenue Code (the "Code"), into their respective accounts. The IRS maximum dollar limit for elective deferrals was $18,500 in 2018. All participants who have attained age 50 by the close of the plan year may elect to make catch-up contributions, subject to certain limitations. There are two different types of 401(k) contributions permitted under the Plan: pre-tax 401(k) contributions and Roth 401(k) contributions.

The Company has agreed to match 25% of each Member's contributions to the Plan up to a maximum matching contribution of $1,500.

The Company's matching contribution for each year is generally made annually at the end of such year. Profit sharing contributions may be allowed by the Plan but are made at the employer's discretion.

NOTE 1. DESCRIPTION OF PLAN (continued)

C. CONTRIBUTIONS (continued):
The Company's matching contribution for 2018 was $178,255, less forfeitures of $6,778. The Plan accepts rollover contributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested based on each participant's election. The Plan currently offers 19 mutual funds and 2 collective trusts as investment options for its participants.

D. PARTICIPANT ACCOUNTS:
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of (a) the Company's profit sharing contributions (if any), and (b) Plan earnings. Allocations are based on a participant's compensation or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. VESTING:
Participants are immediately vested in their own contributions plus actual earnings thereon. The Company's matching contributions vest 20% after two years of service and 20% on each of the first, second, third and fourth anniversaries thereafter.

F. NOTES RECEIVABLE FROM PARTICIPANTS:
The Plan permits participants to borrow from their accounts. The minimum loan is $1,000 and the maximum loan is equal to the lesser of $50,000 or 50% of the vested interest of the participant's account balance. Participant loans are secured by the participants' accounts and bear interest at rates ranging from 4.25% to 6.25%. Repayments are required to be made by payroll deductions. The maximum loan term is five years, with exception of loans used to purchase the participant's principal residence. Those loans have a maximum term of 10 years.

G. PAYMENT OF BENEFITS:
A Member's benefit will become payable upon his/her "Normal Retirement" (the date upon which the Member reaches his/her 65th birthday) or "Late Retirement" (the date of the Member's actual retirement, if later than "Normal Retirement"). A Member is eligible for in-service distributions on the date upon which the Member reaches his/her 59 ½ birthday. The Plan also provides for the payment of the Member's full benefit upon the Member's death or the payment of only the Member's vested benefit upon the termination of the Member's employment with the Company before retirement or death. Members may elect to receive their benefit distributions in a single lump-sum payment, joint or survivor annuities (for married Members only), purchases of other forms of annuities, or in equal installments. Under certain circumstances, the Plan may permit hardship withdrawals.

H. FORFEITED ACCOUNTS:
At December 31, 2018 and 2017, forfeited nonvested accounts totaled $3. Under the terms of the Plan, forfeited nonvested accounts will be used to reduce future employer contributions. Also, in 2018, employer contributions were reduced by $6,778 from nonvested accounts forfeited during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING:

The financial statements of the Plan are prepared using the accrual basis of accounting.

B. ESTIMATES:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. INVESTMENT VALUATION AND INCOME RECOGNITION:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan gains and losses on investments bought and sold as well as held during the year.

D. PAYMENT OF BENEFITS:
Benefits are recorded when paid.

E. OPERATING EXPENSES:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

F. NOTES RECEIVABLE FROM PARTICIPANTS:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued.

Effective January 1, 2019, the Company amended the Plan to change the safe harbor hardship provisions by eliminating the six-month suspension requirement upon approval of a hardship distribution. This amendment has no financial effect on these financial statements.

NOTE 3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Level 1	Total
Investments at fair value:		
Mutual funds	$ 31,410,249	$ 31,410,249
Total	$ 31,410,249	$ 31,410,249
Investment measured using net asset value per share practical expedient		3,440,924
Total investments at fair value		$ 34,851,173

Assets at Fair Value as of December 31, 2017:

	Level 1	Total
Investments at fair value:		
Mutual funds	$ 33,004,447	$ 33,004,447
Total	$ 33,004,447	$ 33,004,447
Investment measured using net asset value per share practical expedient		4,068,816
Total investments at fair value		$ 37,073,263

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The Plan invests in a common collective trust which trades at the net asset value (NAV) per share practical expedient of the fund. This fund is not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust Funds:				
Putnam S&P 500 Index Fund	$ 3,440,924	n/a	Daily	30 days

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust Funds:				
Putnam S&P 500 Index Fund	$ 4,068,816	n/a	Daily	30 days

NOTE 5. INVESTMENT IN THE PUTNAM STABLE VALUE FUND

The Plan entered into a fully benefit responsive investment contract with Putnam Fiduciary Trust Company (Putnam) totaling $3,157,552 and $3,453,668, respectively, for 2018 and 2017. Putnam maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment account user is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula agreed upon with the issuer, but it may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit Putnam to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Putnam Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5. INVESTMENT IN THE PUTNAM STABLE VALUE FUND (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with the contract issuer or participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 19, 2014, that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan. The Company pays these salaries and other administrative expenses on behalf of the Plan.

David Lerner is the Chairman of the board of directors of Spirit of America Real Estate Fund, Spirit of America Value Fund, and Spirit of America Income Fund, and is the owner of the company that manages the aforementioned funds.

NOTE 7. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS (continued)

Certain Plan investments are managed by Transamerica. Transamerica is the recordkeeper of the Plan, and therefore, these transactions qualify as party in interest transactions. Effective May 1, 2017, Transamerica provides certain administrative services to the Plan pursuant to an Administrative Services Agreement between the Company and Transamerica. Transamerica expects to receive certain indirect compensation from the investment funds available within the Plan or their respective affiliates ("Expected Fund Revenue"). All Expected Fund Revenue will be deposited into an Expense Budget Account ("EBA"). The EBA is a Plan level unallocated account that is credited with Expected Fund Revenue, if any, and/or amounts withdrawn from participant accounts. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. Such amounts may be used to pay Plan administrative expenses or allocated to the accounts of the participants. During 2018 there were excess amounts totaling $54,520, a portion of which was used to pay plan expenses, leaving a balance in the EBA of $80,794 at December 31, 2018. The balance at December 31, 2017 was $71,336.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory administrative exemptions from the Internal Revenue Code and the ERISA rules on prohibited transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.
