NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

1. DESCRIPTION OF THE PLAN

The following description of the Pedro McCracken Design Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Pedro McCracken Design Group, Inc. (the "Sponsor") established the Plan effective January 1, 2011. The Plan is a defined contribution plan covering, and for the benefit of, all employees of the Sponsor. The Sponsor is responsible for the administration and management of the Plan. All investments in the Plan are participant directed. Reliance Trust Company serves as the trustee and ADP is the record keeper of the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement Plan under the appropriate provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Prior to May 1, 2018, all employees of the Sponsor over the age of twenty-one who had completed one month of service, with one hour of work equaling 1 month of service credit, were eligible to patriciate In the Plan. Beginning May 1, 2018, eligible employees of the Sponsor become eligible to make salary deferrals in the Plan on the first day of the first month after completing one month of service credit, with one month of service credit equaling 30 days and attaining the of age twenty one, with the exclusion of non-resident aliens. Starting August 1, 2018, interns are also excluded from eligibility. Eligible employees become eligible to receive employer safe harbor and discretionary contributions in the Plan at the same time that they become eligible for salary deferrals.

Contributions – The Plan provides salary deferrals for eligible employees for up to 90% of their compensation. Prior to May 1, 2018, the Sponsor offered nonelective contributions at the discretion of the company. As of May 1, 2018 the Plan was restated and the Sponsor provides a safe harbor contribution of 3% of the participant's eligible compensation. The Sponsor may also make discretionary matching and profit sharing contributions. No discretionary contributions were made by the Sponsor in 2018.

Vesting – Participants are immediately vested in their voluntary and employer safe harbor contributions plus earnings thereon. Vesting in the discretionary additional contributions is progressive, based upon length of service. A participant is 100% vested in the discretionary matching and profit sharing contributions after six years of credited service. Participants must complete 1000 hours of service during a vesting compensation period to receive credit for a year of service.

Years of Service	Vesting %
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures – Upon termination of employment, the unvested portion of a participant's account is forfeited. Forfeitures of discretionary contributions by participants may be used as additional employer contributions, to reduce subsequent employer contributions or pay Plan administrative expenses. The forfeiture balance was $21,632 as of December 31, 2018. In the year ending December 31, 2018, no forfeitures were used to reduce employer contributions nor administrative expenses.

Payment of benefits – Upon termination or separation of employment with the Sponsor, a participant may receive a lump-sum distribution equal to the value of his or her account. Involuntary cash-out or rollover distributions may be made as soon as administratively feasible following severance of employment. Participant consent is only required if the distribution is over $5,000. At December 31, 2018, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Participant accounts – Individual accounts are maintained for each Plan participant to reflect the participant's contributions and the employer's contributions. Each participant's account is credited with the participant's contributions and an allocation of the plan earnings. Allocations are based on participant's account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Participant's Investment Options – Participants direct amounts contributed to the Plan to investment options made available by the Plan. Participants may change their investment options at any time directly through ADP.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Participants are allowed up to two loans; however only one loan may be outstanding at one time for a purchase of a residence with a repayment period greater than 5 years. The loans are secured by the balance in the participant's account and bear interest at rates equal to the published Prime rate +1% on the date of origination. Principal and interest are paid through payroll deductions.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Administrative expenses – Under terms of the Plan agreement, administrative expenses are paid by the Plan unless paid by the Sponsor. In 2018 there were no administrative expenses paid for by the Sponsor.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepting in the United States of America requires Plan management to make estimates and assumptions that affect certain reportable amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in the fair value of investments includes net unrealized market appreciation and depreciation of investments and net unrealized gains and losses on the sale of investments during the period.

Note receivable from participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance.

Contributions – Employee contributions are recognized in the period payroll deductions are made. Employer contributions are calculated and recognized based on employee contributions and eligible compensation for the Plan year.

Payment of benefits – Benefits are recorded when paid.

Income taxes – The Plan, which is a Volume Submitter Plan, obtained its latest opinion letter on July 16, 2014, in which the Internal Revenue Service stated that the plan is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Subsequent events have been evaluated through October 7, 2019, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2018, that require recognition or disclosure in the financial statements.

3. INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Valued at the closing price reported on the active market on which the individual funds are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net assets value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018		
Investment type	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	$ 3,657,341		
Total	$ 3,657,341	$	$

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2018, the Plan's investments were held by Reliance Trust Company (the Trustee). The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Interest and dividends on investments as reported by the Trustee for the year ended December 31, 2018 was $230,406. Net unrealized and realized depreciation on investments as reported by the Trustee for the year ended December 31, 2018 was $424,383. The fair value of investments at December 31, 2018, as reported by the Trustee, was $3,657,341. Notes receivable from participants at December 31, 2018, as reported by the trustee was $36,886, and interest from notes receivable from participants for the year ended December 31, 2018, was $2,567.

5. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net increase to net assets per the financial statements to the Form 5500 at December 31, 2018:

Net increase to net assets per financial statements	$ 721,972
Less: 2018 Employer contributions receivable for current plan year	(340,743)
Add: 2017 Employer contribution cash received in current year	257,327
Less: Rounding differences	(1)
Net increase to net assets per the Form 5500	$ 638,555

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018:

Net assets available for benefits per the financial statements	$ 4,034,970
Less: Employer contributions receivable	(340,743)
Net assets available for benefits per the Form 5500	$ 3,694,227

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ADP is the Plan recordkeeper, and Reliance Trust Company is the Trustee, therefore, the Plan's payment of fees to ADP and Reliance Trust Company qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor.
