PRP WINE INTERNATIONAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of PRP Wine International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of PRP Wine International, Inc. (the "Sponsor"), PRP Wine, Inc., International Wine Markets, Inc., and PRP Wines of Massachusetts, Inc., collectively (the "Employers") who have at least 12 months of qualified service and are 21 years of age or older. The Plan became effective on January 1, 2005, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and Internal Revenue Code ("IRC").

Contributions
Eligible participants may contribute any percentage of compensation, on a pre-tax or after-tax basis, not to exceed the annual limit determined under the IRC. Participants may also make rollover contributions to the Plan from other qualified plans.

The Employers, at their sole discretion, may make matching contributions and/or profit-sharing contributions to the Plan on behalf of participants. Profit-sharing contributions are allocated amongst participants based upon the ratio that the participants' compensation for the Plan year bears to the total compensation for the Plan year of all participants. There were no discretionary matching or profit-sharing contributions made during the year ended December 31, 2018.

Investment options
The Plan's assets are held by Voya Retirement Insurance and Annuity Company (the "Custodian"), the custodian of the Plan's investment assets. Under this arrangement with the Custodian and upon enrollment in the Plan, a participant may direct their contributions in any whole percentage increments in any of the available funds. Participants may change their allocation to the various investment options at any time via the internet.

Participant accounts
Each participant's account is credited with (a) the participant's contributions, (b) the Employers contributions on behalf of the participant and (c) the earnings and losses of the participant's investments, and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contributions and actual earnings thereon is based on years of qualifying service. A participant is 100% vested after 3 years of credited service.

Forfeited accounts
Forfeited non-vested accounts can be used to reduce Employers' matching contributions or pay administrative expenses in the years following the Plan year in which the forfeiture occurs. There were $28 in forfeitures for the year ended December 31, 2018, and no forfeitures were used to pay administrative expenses. At December 31, 2018 and 2017, accumulated forfeitures available to reduce future contributions or to pay administrative expenses were $4,414 and $4,324, respectively.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, except for loans used to acquire a primary residence which can be repaid over a maximum of 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan

administrator. Principal and interest are paid ratably through periodic payroll deductions. A participant may only have one loan outstanding at a time. Interest rates on loans outstanding at December 31, 2018, ranged from 4.25% to 6.00%. At December 31, 2017, interest rate on outstanding loans was 4.25%.

Payment of benefits
Upon termination of employment, attainment of normal retirement age, or for reasons of death or disability, participants may request a lump sum distribution of their vested account. Participants still employed with the Employers may withdraw all or a portion of their account balance upon attainment of age 59½ or for reasons of a financial hardship, as allowed under the IRC. A participant whose vested account balance does not exceed $1,000 will receive a lump-sum distribution of the vested account balance immediately following termination.

Administrative expenses
Administrative fees associated with participant loan origination or the payout of required minimum distributions are paid by the Plan and charged to the participants' account.

Administrative fees
Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of benefits
Benefits are recorded when paid.

Investment valuation and income recognition
Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments, except for fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Interest income is recorded when earned and dividends on ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the Plan's provisions.

Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent events

The Sponsor has evaluated subsequent events through September 24, 2019, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information to information included in the Plan's financial statements and supplemental schedules.

The following information included in the Plan's financial statements and supplemental schedules was prepared and certified as complete and accurate by the Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

	2018	2017
Investments at fair value:		
Pooled separate accounts	$ 4,057,760	$ 4,546,322
Investment in fully benefit-responsive investment contract, at contract value	459,136	79,159
	$ 4,516,896	$ 4,625,481

Investment income (loss):	2018
Net depreciation in fair value of investments	$ (253,841)
Interest and dividends	1,654
Other income	85
	$ (252,102)

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract (the "Contract") with the Custodian which is a fully benefit-responsive investment contract. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract may be terminated by the Custodian upon the Plan's establishment, activation, or material change to any plan investment fund that the Custodian determines will prevent its ability to continue to operate the contract under the current terms. Termination of the Contract with the Custodian may result in the settlement of the outstanding balance at an amount that differs from contract value.

The Contract has a guaranteed minimum interest rate of 1%. Interest rates are adjusted annually.

5. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the unit value of shares held by the Plan at year-end, as determined by the Custodian based on the net asset value ("NAV") of the underlying mutual funds. The NAV, as reported by the Custodian, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Under ASU No. 2015-07, since the pooled separate account's fair value is measured using NAV as a practical expedient, there is no longer a requirement to categorize and disclose the investments fair value hierarchy.

6. RELATED PARTY TRANSACTIONS

The Sponsor incurred costs on behalf of the Plan for insurance, custodial fees and accounting costs during the year ended December 31, 2018. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

The Plan offers investments managed by the Custodian. Accordingly, transactions in these investments qualify as party-in-interest transactions.

7. TAX STATUS

The Plan utilizes a prototype plan document sponsored by the Custodian who was informed by the Internal Revenue Service ("IRS") by a letter dated September 1, 2014, that the plan, as amended, is designed and being operated in accordance with applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Sponsor and the Plan's tax counsel believe that the Plan is designed and being operated in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the Sponsor believes that the Plan is no longer subject to income tax examinations for years prior to 2015.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FORM 5500 TO THE FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements as of December 31, 2018 and 2017:

PRP WINE INTERNATIONAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of PRP Wine International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of PRP Wine International, Inc. (the "Sponsor"), PRP Wine, Inc., International Wine Markets, Inc., and PRP Wines of Massachusetts, Inc., collectively (the "Employers") who have at least 12 months of qualified service and are 21 years of age or older. The Plan became effective on January 1, 2005, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and Internal Revenue Code ("IRC").

Contributions
Eligible participants may contribute any percentage of compensation, on a pre-tax or after-tax basis, not to exceed the annual limit determined under the IRC. Participants may also make rollover contributions to the Plan from other qualified plans.

The Employers, at their sole discretion, may make matching contributions and/or profit-sharing contributions to the Plan on behalf of participants. Profit-sharing contributions are allocated amongst participants based upon the ratio that the participants' compensation for the Plan year bears to the total compensation for the Plan year of all participants. There were no discretionary matching or profit-sharing contributions made during the year ended December 31, 2018.

Investment options
The Plan's assets are held by Voya Retirement Insurance and Annuity Company (the "Custodian"), the custodian of the Plan's investment assets. Under this arrangement with the Custodian and upon enrollment in the Plan, a participant may direct their contributions in any whole percentage increments in any of the available funds. Participants may change their allocation to the various investment options at any time via the internet.

Participant accounts
Each participant's account is credited with (a) the participant's contributions, (b) the Employers contributions on behalf of the participant and (c) the earnings and losses of the participant's investments, and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contributions and actual earnings thereon is based on years of qualifying service. A participant is 100% vested after 3 years of credited service.

Forfeited accounts
Forfeited non-vested accounts can be used to reduce Employers' matching contributions or pay administrative expenses in the years following the Plan year in which the forfeiture occurs. There were $28 in forfeitures for the year ended December 31, 2018, and no forfeitures were used to pay administrative expenses. At December 31, 2018 and 2017, accumulated forfeitures available to reduce future contributions or to pay administrative expenses were $4,414 and $4,324, respectively.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, except for loans used to acquire a primary residence which can be repaid over a maximum of 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan

administrator. Principal and interest are paid ratably through periodic payroll deductions. A participant may only have one loan outstanding at a time. Interest rates on loans outstanding at December 31, 2018, ranged from 4.25% to 6.00%. At December 31, 2017, interest rate on outstanding loans was 4.25%.

Payment of benefits
Upon termination of employment, attainment of normal retirement age, or for reasons of death or disability, participants may request a lump sum distribution of their vested account. Participants still employed with the Employers may withdraw all or a portion of their account balance upon attainment of age 59½ or for reasons of a financial hardship, as allowed under the IRC. A participant whose vested account balance does not exceed $1,000 will receive a lump-sum distribution of the vested account balance immediately following termination.

Administrative expenses
Administrative fees associated with participant loan origination or the payout of required minimum distributions are paid by the Plan and charged to the participants' account.

Administrative fees
Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of benefits
Benefits are recorded when paid.

Investment valuation and income recognition
Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments, except for fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Interest income is recorded when earned and dividends on ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the Plan's provisions.

Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent events

The Sponsor has evaluated subsequent events through September 24, 2019, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information to information included in the Plan's financial statements and supplemental schedules.

The following information included in the Plan's financial statements and supplemental schedules was prepared and certified as complete and accurate by the Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

	2018	2017
Investments at fair value:		
Pooled separate accounts	$ 4,057,760	$ 4,546,322
Investment in fully benefit-responsive investment contract, at contract value	459,136	79,159
	$ 4,516,896	$ 4,625,481

Investment income (loss):	2018
Net depreciation in fair value of investments	$ (253,841)
Interest and dividends	1,654
Other income	85
	$ (252,102)

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract (the "Contract") with the Custodian which is a fully benefit-responsive investment contract. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract may be terminated by the Custodian upon the Plan's establishment, activation, or material change to any plan investment fund that the Custodian determines will prevent its ability to continue to operate the contract under the current terms. Termination of the Contract with the Custodian may result in the settlement of the outstanding balance at an amount that differs from contract value.

The Contract has a guaranteed minimum interest rate of 1%. Interest rates are adjusted annually.

5. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the unit value of shares held by the Plan at year-end, as determined by the Custodian based on the net asset value ("NAV") of the underlying mutual funds. The NAV, as reported by the Custodian, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Under ASU No. 2015-07, since the pooled separate account's fair value is measured using NAV as a practical expedient, there is no longer a requirement to categorize and disclose the investments fair value hierarchy.

6. RELATED PARTY TRANSACTIONS

The Sponsor incurred costs on behalf of the Plan for insurance, custodial fees and accounting costs during the year ended December 31, 2018. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

The Plan offers investments managed by the Custodian. Accordingly, transactions in these investments qualify as party-in-interest transactions.

7. TAX STATUS

The Plan utilizes a prototype plan document sponsored by the Custodian who was informed by the Internal Revenue Service ("IRS") by a letter dated September 1, 2014, that the plan, as amended, is designed and being operated in accordance with applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Sponsor and the Plan's tax counsel believe that the Plan is designed and being operated in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the Sponsor believes that the Plan is no longer subject to income tax examinations for years prior to 2015.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FORM 5500 TO THE FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements as of December 31, 2018 and 2017:
