SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2018 and 2017

Note 1 – Description of Plan

The following description of the Sunset Retirement Communities, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan, restated effective July 1, 2013, is a 403(b) plan covering substantially all employees, as defined in the Plan document, of the Sunset Retirement Communities, Inc. (the Company and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings (losses). The allocation of Plan earnings (losses) is based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Contributions

Participants may elect to defer up to 100% of their compensation, as defined in the Plan document, up to the maximum permitted under rules of the Internal Revenue Code (IRC). Participants who have attained age 50 or older by the end of the Plan year are eligible to make catch-up contributions.

The Company may make discretionary matching contributions to the Plan. During 2018 and 2017, the Company matched 25% of the first 4% of eligible participant's contributions. In addition, the Company may make an annual discretionary contribution. During 2018 and 2017, the Company made annual discretionary contributions of \$188,932 and \$165,714, respectively, equal to 3% of eligible employee's gross compensation.

Payment of Benefits

Participants become eligible to withdraw from their accounts upon retirement, disability, death, termination, or as otherwise defined in the Plan document. Withdrawals are paid in lump sum or installment payments equal to the vested value of the participant's account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts plus actual earnings (losses) thereon is based on years of service. Participants are fully vested after 3 years of service.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2018 and 2017

Note 1 – Description of Plan (continued)

Forfeitures

Forfeited balances of terminated participant's non-vested accounts will be allocated as additional discretionary contributions, as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants become fully vested in the total value of their account.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used.

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2018 and 2017

Note 2 – Significant Accounting Policies (continued)

Administrative Expenses

Administrative fees shall be paid by the Plan, as described in the Plan document. The Company pays for a portion of the professional service fees associated with the Plan. The services are provided by parties-in-interest to the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, net appreciation (depreciation) of investments, and interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Trustee.

Note 4 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's mutual funds are all Level 1 investments as of December 31, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2018 and 2017

Note 5 – Income Tax Status

The Internal Revenue Service is currently not issuing determination letters or opinion letters on 403(b) Plans. The Plan document as originally adopted was intended to satisfy the 403(b) regulations. The Plan Sponsor will take the necessary steps, if any, to bring the Plan's operations into compliance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Subsequent Events

Management has evaluated subsequent events through October 9, 2019, the date the financial statements were available to be issued, and determined that no events have occurred that require recognition or disclosure.
