During 2018, the accounts of certain participants whose employment status was moved from Enerfab, Inc. to WDJ Industrial Group, LLC, a non-participating subsidiary of HBH Holdings, Inc. The transfer amounted to \$1,054,298.

Contributions

Each year, non-union employees may elect to defer a percentage of their pre-tax annual compensation subject to Internal Revenue Code (“IRC”) limitations. In addition, the Plan allows Roth contributions using the same criteria. Non-union employees are automatically enrolled into the Plan upon becoming eligible at a rate of 3% unless a different deferral percentage is elected. Non-union employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary matching contributions for non-union employees. In 2018, the matching contributions were equal to 50% of the first 8% of annual pre-tax or Roth contributions a participant made to the Plan. Certain union employees are eligible to receive additional discretionary contributions contributed by the Company. A discretionary contribution in the amount of \$30,230 was made in 2018 on behalf of union employees. Union employees are eligible to receive Company contributions only. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic escalation provision in which deferral percentages of automatically enrolled participants will increase 1% each year up to a maximum deferral percentage of 8%, unless otherwise elected by the participant.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and losses thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions. Vesting in the Company's contributions is based on years of service. A participant is fully vested after 6 years of service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear an interest rate set at prime plus 1%. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

Distributions may generally be made upon the participant's death, disability, retirement or termination of his or her employment with the Company. Additionally, prior to termination from employment, a participant may elect to withdraw all or a portion of his or her vested account balance upon reaching age 59 ½. The Plan allows hardship distributions if certain financial requirements are satisfied. Benefits shall be paid to participants in the form of lump sum payments upon termination of employment.

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses incurred by the Plan. The portion of the forfeiture account that is not used to pay administrative expenses will be used first to restore previous forfeitures of re-hired participants' accounts and then to offset Company contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$8,662 and \$10,710, respectively. In 2018, expenses totaling \$69,226 were paid with forfeited accounts.

2. SUMMARY OF ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. Other administrative expenses paid by the Plan include recordkeeping and third-party administrator fees.

Subsequent events

The Plan has evaluated subsequent events through the date of the report, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual and money market funds: Valued at the daily closing price reported by the fund. Mutual and money market funds held by the Plan are open-end funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust, Inc., the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

The Plan invests in a money market fund of Charles Schwab. Charles Schwab Bank's Business Trust Division is a sub-custodian. Therefore, these transactions and fees earned by them, qualify as party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

7. INCOME TAX STATUS:

The Plan adopted a volume submitter plan document sponsored by the trustee, Advisor Trust Inc. The volume submitter plan document provider has obtained an opinion letter dated November 30, 2014 in which the Internal Revenue Service (IRS) stated that the restated volume submitter plan document was in compliance with the applicable requirements of the IRC. The Company has elected not to apply for its own determination letter covering the Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENT:

Effective January 1, 2019 the Plan was amended to include employees of Engert, LLC, a wholly owned subsidiary of Broadway Electric Service Corporation to be participants of the plan.
