Notes to Financial Statements

1. Description of the Plan

The following brief description of the Steward Health Care Acquisition 401(k) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established May 1, 2017, to offer a retirement savings plan to the employees of certain health care organizations within and acquired by Steward Health Care, LLC (the “Sponsor”). The Plan is a defined contribution plan covering eligible employees of the following adopting employers: Steward Melbourne Hospital, Inc., Steward Rockledge Hospital, Inc., Steward Sebastian River Medical Center, Inc., Steward Northside Medical Center, Inc., Steward Trumbull Memorial Hospital, Inc., Steward Hillside Rehabilitation Hospital, Inc., Steward Easton Hospital, Inc., Steward Sharon Regional Health System, Inc., Steward Florida ALF, LLC, SHC Youngstown Ohio Outpatient Services, LLC, SHC Youngstown Ohio Laboratory Services, LLC, SHC Youngstown Ohio PSC, LLC, Steward Health Care Network, Inc., and Steward Medical Group, Inc. Certain collectively bargained employees are excluded from participation in the Plan. The Plan Sponsor is responsible for the oversight of the Plan. The Sponsor determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Board of Directors of the Plan Sponsor. The Plan is subject to the provisions of ERISA, as amended.

On May 1, 2018, the Retirement Committee of Steward Health Care, LLC (the “Committee”) voted to freeze the Plan effective December 31, 2018, at which time employee and employer contributions to the Plan were discontinued and Plan participants were eligible to participate in either the Steward Health Care 401(k) Retirement Savings Plan (“Steward Health Care Plan”) or the Western Reserve Health Education 401(k) Retirement Savings Plan (“Western Reserve Plan”) based on different eligibility requirements. In addition, the Committee voted to merge the Plan with the Steward Health Care Plan and the Western Reserve Plan on or about December 31, 2018, and as a result, all participant accounts were transferred out of the Plan in accordance with participant elections, prior to September 30, 2019.

Accordingly, the Plan has changed its basis of accounting from the ongoing basis used in the 2017 financial statements and has presented the December 31, 2018, statement of net assets available for benefits and statement of changes in net assets available for benefits for the year then ended on the liquidation basis of accounting.

Contributions

Each year, participants may contribute up to 50% of eligible compensation, as defined in the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants may designate all or a portion of their elective deferral contributions as either pre-tax elective deferral contributions or Roth elective deferral contributions. The Plan provides for participating employer matching and discretionary contributions. Matching and discretionary contributions are based on the participant’s deferrals, and the respective adopting employer’s Plan provisions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various

Steward Health Care Acquisition 401(k) Retirement Savings Plan

Notes to Financial Statements

mutual funds, pooled separate accounts, and common collective trusts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, plan allocations of the Sponsor's contribution, and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are immediately vested in their elective deferral and rollover contributions. Vesting of matching and discretionary contributions is based on years of service and individual employer vesting schedules. All matching and discretionary contributions are vested after five years of service. A year of service is defined as a year in which the participant has 500 or more hours of service. In the event of death, permanent disability or retirement, a participant's employer contribution account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing interest rates as determined by the plan administrator. General purpose loans must be repaid within five years. Loans for the purchase of a primary residence offer extended repayment terms. Principal and interest are paid by the participant directly to Principal Life Insurance Company ("Principal"). Participants are charged a fee when taking out a loan. Participants may have only one loan outstanding at any given time.

Payment of Benefits

On termination of service due to death, retirement, or separation, a participant may elect to receive a lump-sum or annuity amount equal to the value of the participant's vested interest in his or her account. In addition, a participant may elect to withdraw all or part of his or her account after attaining age 59 ½, or in the case of immediate and heavy financial need, subject to certain limitations as defined by the Plan.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$10,529 and \$11,683, respectively. These accounts will be used to pay plan expenses or to offset employer contributions. In 2018, \$300,000 of forfeitures from non-vested accounts were used to reduce employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

Pursuant to the plan termination, the accompanying 2018 financial statements of the Plan have been prepared on the liquidation basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under the Department of Labor Regulations. Under the liquidation basis of accounting, assets are valued at amounts expected to be collected during liquidation. The statement of net assets available for benefits as of December 31, 2017, was prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and the liquidation basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and Principal. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of participant accounts and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Steward Health Care Acquisition 401(k) Retirement Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Sponsor has evaluated subsequent events through October 9, 2019, the date the financial statements were available to be issued.

Subsequent to December 31, 2018, as a result of the Plan merger (see Note 1) the remaining participant accounts were transferred out of the Plan in accordance with participant elections prior to September 30, 2019.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets in liquidation as of December 31, 2018 and statement of net assets available for benefits as of December 31, 2017, the supplemental schedule Form 5500 – Schedule H, Part IV, Line 4(i) - Schedule of Assets in Liquidation (Held at End of Year) as of December 31, 2018, and the related investment income activity and interest income on notes receivable from participants reflected on the statement of changes in net assets in liquidation for the year ended December 31, 2018.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, Fair Value Measurement provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Steward Health Care Acquisition 401(k) Retirement Savings Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the NAV of units held by the Plan at year-end based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The pooled separate accounts include asset allocation funds and growth funds. There are no unfunded commitments and the redemption frequency and redemption notice period are both daily.

Common Collective Trust Funds

Valued at the NAV of units held by the Plan at year-end based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The common collective trust funds include asset allocation funds, target date funds, growth funds and income funds. There are no unfunded commitments and the redemption frequency and redemption notice period are both daily.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2018 and 2017, the Plan's mutual funds, which were valued at fair value, were valued using level 1 inputs. Certain investments, for which fair value is measured using NAV per share as the practical expedient have not been categorized within the fair value hierarchy.

Steward Health Care Acquisition 401(k) Retirement Savings Plan

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 316	\$ -	\$ -	\$ 316
Pooled separate accounts at NAV*	-	-	-	737
Common collective fund at NAV*	-	-	-	8,518,790
Total Assets at Fair Value	\$ 316	\$ -	\$ -	\$ 8,519,843

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,358,287	\$ -	\$ -	\$ 16,358,287
Pooled separate accounts at NAV*	-	-	-	19,741,544
Common collective funds at NAV*	-	-	-	159,596,319
Total Assets at Fair Value	\$ 16,358,287	\$ -	\$ -	\$ 195,696,150

*Certain investments, for which fair value is measured using NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in the preceding table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets in liquidation as of December 31, 2018 and the statement of net assets available for benefits as of December 31, 2017.

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds, pooled separate accounts, and common collective funds managed by Principal Life Insurance Company, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments. The Sponsor pays directly any other fees related to the Plan's operations.

6. Tax Status

The Plan obtained its latest determination letter on July 6, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the

Steward Health Care Acquisition 401(k) Retirement Savings Plan

Notes to Financial Statements

financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

8. Late Remittances

As reported on supplemental schedule, Schedule of Delinquent Participant Contributions for the year ended December 31, 2018, certain participant contributions and loan repayments totaling \$23,960, were not remitted to the Plan by the Sponsor in a timely manner according to DOL regulations. Lost earnings resulting from the delinquent transmittal of participant contributions totaling \$333 have been transmitted to the Plan by the Sponsor.
