The Company makes a safe harbor matching contribution equal to 100% of the first 3% and 50% of the remaining compensation deferred, up to a maximum of 5% of compensation, including overtime on a semi-monthly pay period basis. At the discretion of its Board of Directors, the Company may make additional profit sharing contributions to participants as defined in the Plan document. The Company did not make any additional profit sharing contributions during the year ended December 31, 2018.

Participant Accounts

Employer's additional contributions are allocated to each eligible participant account based upon the participant's contributions during the year. Forfeitures of matching contributions are used to reduce the Company's matching contributions. Earnings are allocated based upon the participant's account balance at the end of the preceding year adjusted for withdrawals during the year.

Vesting

Participant account balances for safe harbor matching vest immediately at 100%. Participant account balances for profit sharing matching vest at a rate of 33.3% per year and are fully vested after the completion of 3 years of service. As of December 31, 2018 and 2017, there were no forfeiture balances.

1. PLAN DESCRIPTION (continued)

Notes Receivable from Participants

Participants may obtain the lesser of a maximum of three loans from the Plan for 50% of their total account balance or $50,000; subject to a minimum of $500. Repayment of the loan must be made through payroll deductions over a maximum of five years or up to thirty years for the purchase of a principle residence. Repayment can also be made by paying off the loan balance early. Interest rates are set by the Plan Administrator at the inception of the loan. Loans are secured by the balance in the participant's account. Interest rates ranged from 4.00% to 9.25% on loans outstanding as of December 31, 2018 and 2017, and mature at various dates through September 2045. A loan that is in default is treated as taxable distribution from the Plan of the entire outstanding balance of the loan (a "deemed distribution"). For the year ended December 31, 2018, deemed distributions amounted to $14,096, and were included in distributions on the statement of changes in net assets.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred.

Distributions

Payment of benefits of a participant's account balance is made upon retirement, or in the event of death, disability, or termination. In-service distributions are available only to those participants who have not left the Company provided the participant is 59½. Payment may be made in a lump-sum amount or as defined in the Plan. The amount of the benefit is equal to the vested amount in his or her account. Benefits are recorded when paid.

Hardship withdrawals are available due to a financial hardship such as purchasing a primary residence, college education costs, funeral expense, repairs for primary residence (which qualifies for a casualty loss deduction), avoiding foreclosure/eviction or paying medical expenses. Hardship withdrawals disqualify an employee from contributing to the Plan for 6 months from the date of withdrawal. Employees will automatically start to contribute again at the same rate as prior to the withdrawal after the 6 month period has been satisfied.

Income Tax Status

The Company adopted a prototype standardized defined contribution plan that received a favorable opinion from the Internal Revenue Service on March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan had been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

1. PLAN DESCRIPTION (continued)

Income Tax Status *(continued)*

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value based on quoted net asset value of the shares held by the Plan at year end (see Note 2). The related unrealized appreciation or depreciation of investments is recorded in the statement of changes in net assets available for benefits. Investment transactions are recorded on a trade-date basis. Unrealized appreciation or depreciation is determined based on the fair value of assets at the end of the Plan year. Dividend income is recorded on the accrual basis.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

There is significant evaluation by Congress and other agencies of regulatory and accounting issues surrounding pension plans. It is possible future changes in regulations may have a significant effect on Plan operations and/or investments.

Expenses

All reasonable expenses necessary to operate and administer the Plan are generally shared by the Company and the Plan.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the certification regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Reliance Trust Company, the Trustee of the Plan, and furnished by the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate at December 31, 2018 and 2017, and for the year ended December 31, 2018:

1. Statements of Net Assets Available for Benefits - Investments and Notes Receivable from Participants
2. Statement of Changes in Net Assets Available for Benefits - Investment Income and Interest Income from Participant Notes Receivable
3. Investment-related information in Supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year)

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820, *Fair Value Measurement* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The Plan has not made any changes in the methodologies used as of December 31, 2018 and 2017.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds

Investments in a money market fund are classified within Level 1 of the fair value hierarchy. The money market fund is valued at the net asset value (“NAV”) based on closing prices as reported by the fund and the money market fund investments held by the Plan are deemed actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,936,864	$ -	$ -	$ 5,936,864
Money market fund	870,900	-	-	870,900
Total assets at fair value	$ 6,807,764	$ -	$ -	$ 6,807,764

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 6,078,158	$ -	$ -	$ 6,078,158
Money market fund	893,488	-	-	893,488
Total assets at fair value	$ 6,971,646	$ -	$ -	$ 6,971,646

For years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3. The Plan did not hold any Level 3 assets as of December 31, 2018 and 2017.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2018, administrative expenses paid to the third party administrator amounted to $9,590. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

6. SUBSEQUENT EVENTS

Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through October 1, 2019, which represents the date the financial statements were available to be issued.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO THE SCHEDULE H OF FORM 5500

On the Form 5500, the Plan Administrator presents delinquent participant loans that have been deemed distributed during the plan year as an expense if, as of the end of the plan year, the participant is not continuing to make repayments under the loan. In the financial statement, however, the Plan reports delinquent loans for active participants as participant loans since no distributable event occurred, in accordance with accounting principles generally accepted in the United States of America. There were no reconciling items at December 31, 2017. The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2018 to Schedule H of Form 5500:

	2018
Net assets available for benefits per financial statements	$ 7,162,672
Deemed distributions for tax purposes	(31,926)
Net assets available for benefits per Form 5500	$ 7,130,746
Notes receivable from participants per financial statements	$ 354,908
Deemed distributions for tax purposes	(31,926)
Notes receivable from participants per Form 5500	$ 322,982
Benefits paid to participants per financial statements	$ 292,696
