General

The Plan, a defined contribution plan sponsored by Host Analytics, Inc. (the "Company"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established on January 1, 2014 and restated on April 1, 2017 (the "Effective Date"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective April 1, 2017, the Company terminated its agreement as a participating employer in the TriNet 401(k) Plan. On April 17, 2017, the accounts of the Company participants in the TriNet 401(k) Plan were transferred into the Plan. Total assets, including loan receivables from participants, transferred into the Plan amounted to $6,672,861.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA and the IRC. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and custodial services are provided by Reliance Trust Company ("Reliance"). Recordkeeping services are provided ADP Retirement Services, LLC ("ADP").

Certain administrative expenses of the Plan are paid by the Company. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

All employees, except for interns and temporary employees, are immediately eligible to participate in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 90% of their annual compensation, as defined by the Plan, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were $18,500 for 2018. Participants over the age of 50 may contribute an additional $6,000 catch up contribution to the Plan for 2018. Participants are allowed to rollover contributions from other qualified retirement plans.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and actual earnings thereon.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. The duration of the loan is not to exceed 5 years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through semi-monthly payroll deductions. Loans outstanding during 2018 bear interest at rates that range from 4.50% to 5.50%.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If the value of a participant's vested balance is less than $5,000, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $5,000, the participant may consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or installments over a period not longer than life expectancy or postpone payment to a later date and remain in the Plan as described in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and in accordance with the provisions of ERISA.

Estimates

The preparation of financial statements in conformity U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 3, 2019, the date the financial statements were available to be issued. No subsequent event has occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments, dividends, and interest (including interest income from notes receivable from participants), reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2018.

Accordingly, as requested by the Plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The fair value measurement standard established a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (continued)

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: This investment is comprised of the Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the "Contract"). The Contract is fully benefit-responsive and consists of investments in underlying investments owned by Metropolitan Life Insurance Company ("MetLife") with a wrap contract. NAV is determined to be contract value, the value at which participants ordinarily transact. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the common collective trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

Investments measured at fair value on a recurring basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 7,601,398	$ -	$ -	$ 7,601,398
Investments measured at net asset value*				297,651
Total investments measured at fair value				$ 7,899,049

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 7,800,887	$ -	$ -	$ 7,800,887
Investments measured at net asset value*				106,694
Total investments measured at fair value				$ 7,907,581

* In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

Investments measured using the net asset value per share practical expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 297,651	NA	Daily	NA

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 106,694	NA	Daily	NA

5. INCOME TAX STATUS

The Plan has adopted the Automatic Data Processing, Inc. Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service ("IRS") has informed ADP by a letter dated July 16, 2014, that the written form of the underlying prototype plan document is qualified under the applicable sections of the IRC, and that any employer adopting this form of the prototype plan will be considered to have a plan qualified. Therefore, the Plan is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2018.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2018 and 2017 to Form 5500:

	2018	2017
