NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the M. Davis Management Services, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The M. Davis Management Services, Inc. 401(k) Profit Sharing Plan (the "Plan") was established on January 1, 1994 to provide retirement benefits for employees of M. Davis Management Services, Inc. and Technology Training Systems, Inc. (the "Company"). Employees become eligible to participate in the Plan following six months of continuous, full time service with their company, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may make pre-tax contributions in any amount up to certain limits imposed by the Internal Revenue Service ("IRS"). The Plan also provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions, subject to certain IRS limitations.

Employer contributions include safe harbor matching contributions and may include discretionary contributions. Employer matching contributions are made at 100% of a participant's contributions up to a maximum of 3% of a participant's salary plus 50% of a participant's contribution above 3% up to a maximum of 5% of a participant's compensation. The Company may also make discretionary non-elective contributions to the Plan. Discretionary non-elective contributions are allocated to participants who are employed on the last day of the Plan year or who have completed at least 501 hours of service during the Plan year. No discretionary non-elective contributions were made during 2018.

Participant Accounts – Each participant's account is credited with the participant's contributions, the employers' contributions, and an allocation of the Plan's earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in their contributions and the employer's matching contributions plus actual earnings thereon. Participants are vested in employer discretionary contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
After 1 year	0%
After 2 years	20%
After 3 years	50%
After 4 years	100%

M. DAVIS MANAGEMENT SERVICES, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Forfeitures – Forfeited non-vested accounts resulting from employer discretionary non-elective contributions may only be used to reduce future employer discretionary non-elective contributions. Any forfeited non-vested accounts may also be used to pay administrative fees. At December 31, 2018 and 2017, there were \$65 and \$1,699, respectively, forfeited non-vested accounts.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratable through payroll deductions.

Payment of Benefits – Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum, in installments, or as an annuity. Distributions may be deferred until the participant reaches the age 70½ if the value of the distribution is not less than \$5,000.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to deferred account balances and may not include any interest accrued thereon.

Note 2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments – Benefits are recorded when paid.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Accounting Policies (Continued)

Operating Expenses – All expenses of maintaining the Plan are paid by the Company or the Plan, at the option of the Company. Expenses related to benefit payments or notes receivable from participants are charged directly to those affected participants.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. An allowance for credit losses of \$9,346 has been recorded as of December 31, 2018 and 2017.

Evaluation of Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, October 3, 2019.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair value of registered investment companies is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- The shares of the money market fund consist of a short-term investment fund that maintains daily liquidity and has a constant value of \$1.00, and is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2017 to 2018. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

Note 4. Unaudited Information

Huntington National Bank, the Trustee of the Plan, holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at December 31, 2018 and 2017, the supplemental schedule of assets (held at end of year) at December 31, 2018, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the respective participant interest will become fully vested and will be distributed to each participant in accordance with the trust agreement.

M. DAVIS MANAGEMENT SERVICES, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the Plan's investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Party-in-Interest Transactions

Huntington Bank is Trustee as defined by the Plan. Included in administrative expenses is \$7,921 in fees paid to the Trustee for the year ended December 31, 2018.
