**Note 1 - Summary of significant plan provisions**

The following description of the Innovative Produce, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing and Safe Harbor 401(k) plan sponsored by Innovative Produce, Inc. (a C Corporation) and was established in 2010. Innovative Produce, Inc. has been designated as the Plan Administrator.

The plan is a single-employer plan consisting of related entities, Innovative Produce, Inc., Faith Farming, LLC, and Perseverance Custom Harvest. The employers are collectively referred to as the "Company" and the "Employer" throughout the notes to the financial statements.

The Company may make Safe Harbor 401(k) matching contributions, and other discretionary matching contributions, to the Plan, not to exceed 4% of compensation.

Eligibility

All employees, not covered by a collective bargaining agreement, who have six month of service and are 21 years of age or older are eligible to participate in the Plan. Participation in the Plan is voluntary and eligible employees may enter the Plan on the first day of each plan year and the first day of the seventh month of each plan year. Effective December 1, 2017, eligible employees may enter the plan on the first day of each plan quarter coinciding with or following the day the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the provisions of the Plan, the Plan Sponsor's 401(k) matching contributions shall not exceed an amount, which constitutes an allowable tax deduction under 404(a) of the Internal Revenue Code. The Plan has elected Safe Harbor status for Plan employer contributions, and will make matching contributions equal to 100% of the participants' deferred compensation that does not exceed 3% of compensation plus 50% of deferred compensation between 3% and 5% of compensation per payroll period. The Plan Sponsor may also make discretionary contributions in any Plan year not to exceed 4% of compensation.

Each participant may make contributions during any period for which they receive compensation from the Company in the maximum amount of $18,500 in 2018. Participants age 50 or older may elect to defer additional "catch up" contributions to the Plan of up to $6,000 for 2018.

For the year ended December 31, 2018, the Employer made Safe Harbor 401(k) matching contributions up to 4%. The Plan Sponsor did not elect to perform a "true-up" for Safe Harbor 401(k) matching contributions.

**Note 1 - Summary of significant plan provisions, (continued)**

Plan administration

The Company is the Plan Sponsor and the Plan Administrator. The Plan Administrator is responsible for carrying out the duties imposed under ERISA.

Participant accounts

Each participant account is credited with participant contributions and plan income. Allocation of plan income is based on the participant's account balance, as defined.

Vesting

Each participant is fully vested in all Employee contributions and Safe Harbor matching. Vesting of the Employer discretionary contributions is based upon the participant's years of service (defined as a 12-month period with at least 1,000 hours of service) with the Employer as follows:

| Years of Service | Percentage |
|---|---|
| 0-2 years | 0% |
| 2 but less than 3 | 20% |
| 3 but less than 4 | 40% |
| 4 but less than 5 | 60% |
| 5 but less than 6 | 80% |
| 6 or more | 100% |

Participants may also become fully vested when the Employee attains the age of 65, dies, or becomes permanently disabled while employed by the Employer.

Notes receivable from participants

The Plan does not allow participants to take a loan from the Plan.

Payment of benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of the participant's vested interest in his/her account, or optional forms of benefits in accordance with the Plan.

Plan termination

Although it has not expressed such intent, the Company reserves the right, at any time, to amend or terminate the Plan by action of its Board of Directors. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. The assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

**Note 1 - Summary of significant plan provisions, (continued)**

Forfeitures

Forfeitures of terminated participants' non-vested account balances are added to future Employer profit sharing contributions. At December 31, 2018, forfeitures totaled $906.

Plan Amendment

Effective January 1, 2018, the Plan was amended to exclude fringe benefits from eligible compensation.

**Note 2 - Summary of significant accounting policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Administrator believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

The investments in mutual funds are stated at current market value. The Plan's custodian provides fair values of mutual funds based on quotations from national exchanges for a majority of the assets.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For accounts that invest exclusively in mutual funds, the total value of the assets of the accounts is based on the net asset value ("NAV"), or price per share, of the underlying mutual fund. For the Plan's investment in insurance company general account, contract value is the relevant measurement attributable to the investment. Contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals principal balance plus accrued interest. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Note 2 - Summary of significant accounting policies, (continued)**

Cash

During December 2017, the Plan changed asset custodian. The amount of cash of $1,501,394 represents the cash transfer in transit.

Administrative expense

As allowable under the Plan, certain costs associated with the Plan's administration are paid from Plan assets.

Allocation of the Plan assets

Contributions are allocated to the various funds based on elections made by the participants. At the end of each plan year, each fund's assets are adjusted to current market value. The net market value increase or decrease is allocated proportionately to each participant's account based on the value of the participant's investment in that fund, compared to the total of all participant investments in that fund as of the end of the previous plan year adjusted for contributions, distributions and transfers. Participants are assigned one unit of value for each $1 of their asset balance.

**Note 3 – Information certified by the custodians**

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Accordingly, as permitted under such election, the following information was certified by The Standard Insurance Company ("Standard") and Charles Schwab Bank, the Custodians of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedule:

a. Investments as of December 31, 2018 and the supplemental schedule.
b. Custodian transactions, investment income, and investment transactions for the year ended December 31, 2018.

**Note 4 – Insurance contract general account**

The Standard Stable Value Asset A (the Fund), is an insurance contract general account held by The Standard Insurance Company, a subsidiary of StanCorp Financial Group, Inc. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2018 and 2017 was $136,420 and $391, respectively. Contract value is guaranteed by the full faith and credit of The Standard Insurance Company, therefore, there are no wrap contracts supporting the liquidity of the fund. Credit ratings are set by The Standard Insurance Company, take into account yield forecasts and margins, and will never be below 1% annually. For 2018, the average yield for the Fund was 2.44% and the gross credit rating was 2.53%. For 2017, the average yield for the Fund was 2.33% and the gross credit rating was 0.01%.

**Note 4 – Insurance contract general account (continued)**

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Daily liquidity is available for participant contributions and withdrawals at contract value, and are valued at the Fund's net asset value (NAV).

Certain events limit the Plan's ability to transact at contract value with Standard. Such events include but are not limited to termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

**Note 5 - Fair value measurements**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018:

*Registered investment companies:* Valued at quoted market prices on the last business day of the Plan year. These investments are primarily comprised of mutual funds, which are measured daily at net asset value per share, and may be redeemed daily with a one-day redemption notice period.

*Insurance company general account:* Valued at the price the Plan would receive if the account was terminated at the reporting date, which is contract value less an early withdrawal fee. Investments in insurance company general accounts are reported at contract value, which is the aggregation of contributions, plus interest, less withdrawal and administrative expenses, if any. Fair value is considered contract value adjusted to take into account the current rates of interest available in the market value. The contract value did not materially differ from the fair value at December 31, 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 6 - Party-in-interest**

Certain investments are shares of mutual funds and insurance company general accounts managed by The Standard Insurance Company and held internally or through Charles Schwab Bank. Standard and Chares Schwab Bank were the Custodians under contract arrangements with the Plan's Trustees during December 2018, and therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid to Standard for investment management services amounted to $16,099 for the year ended December 31, 2018.

**Note 7 - Tax status**

The Internal Revenue Service ("IRS") issued its latest determination letter on August 18, 2010, which stated that the Plan and its underlying trust qualify under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"), and therefore, is exempt from federal income taxes under provision of Section 501(a). On March 31, 2014, IRS opined the Plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. Management of the Company and the Plan Administrator believe that the Plan for the year ended December 31, 2018 was designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Based upon certifications made by the Plan Administrator, administration errors, if any that are insignificant or operational in nature, are handled by the Plan Administrator in accordance with applicable Internal Revenue Service correction policies. Therefore, no provision for income taxes has been included in the Plan's financial statements. No penalties or interest related to income taxes have been incurred during the year ended December 31, 2018.

**Note 8 - Risks and uncertainties**

The Plan provides for investments in various investment securities which, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

**Note 9 - Subsequent events**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2018 financial statement date and, in accordance with FASB ASC 855-10-50, *Subsequent Events,* determined there were no significant events otherwise necessary for disclosure October 7, 2019, which is the financial statement issue date.
