THE GREAT LAKES BREWING CO.
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 401(K) plan established to provide retirement benefits for all employees of The Great Lakes Brewing Co. (the Company). Employees of the Company are eligible to participate immediately upon employment for elective contributions. For employer matching and company discretionary contributions, participants in the Plan are eligible after having completed one year of service. The Plan and Trust utilizes the elapsed time method of calculating service with no counting of hours of service requirement for eligibility.

The plan entry date is the first date of the quarter following attainment of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 100% of their compensation, subject to a limit of $18,500 and $18,000 for 2018 and 2017, respectively. Eligible employees may elect to make additional "catch up" contributions. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a matching contribution on behalf of each participant in an amount equal to 25% on the first 6% of the participant's compensation contributed to the plan. The company contributes a cross tested profit sharing contribution on behalf of each participant in an amount equal to either 7.5% or 20% of the participant's compensation based on classification of the participant into 10 different groups.

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Company's profit sharing contribution, and the Plan's earnings. Allocation of the Plan's earnings is based on participant's account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The plan currently offers thirty-three funds as investment options for participants.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in employee contributions. For participants who commenced participation prior to January 1, 2008, participants vest in Company contributions ratably over a three year period with 50% being vested after year two of service, and 100% being vested after year three of service. All other participants are 0% vested in company contributions in year one and year two of service and 100% vested after year three of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan during the previous twelve month period. Loan terms can be up to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Loan balances are measured at their unpaid balance plus any accrued, unpaid interest and bear interest at a rate determined at the time the loan is made. Interest income from the loans is recorded on the accrual basis. As of December 31, 2018, the interest rates on all outstanding loans ranged from 3.25% to 5.25%. Principal and interest are repaid ratably through bi-weekly payroll deductions. Loan origination fees of $100 are paid by the participant requesting the loan. Loan origination fees are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

In case of a normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their account balance as a Qualified Joint and Survivor Annuity (QJSA), in a lump sum distribution, or as a rollover in whole or in part to an eligible retirement plan, in accordance with the provisions of the Plan. As of December 28, 2011, the QJSA became available for participants and is now deemed the normal form of distribution. The joint and survivor rules of Internal Revenue Code Sections 401(a)(11) and 417 will now automatically apply and replace the previous provisions of Plan Section 6.13. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's account balance as a Qualified Pre-Retirement Survivor Annuity (QPSA), in a lump-sum distribution, under a systematic withdrawal plan or as a rollover in whole or in part to an eligible retirement plan. The QPSA became available with the QJSA and will be equal to 100% or 50 % of the participant's interest depending on the elections made. If a participant's vested balance is greater than $1,000 and less than $5,000, and the participant does not make an election to either receive or to rollover the distribution, the distribution must be rolled over to an Individual Retirement Account. If the vested balance is $1,000 or less, the form of distribution remains as a single lump-sum payment.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards plan expenses or used to reduce employer contributions. At December 31, 2018 and 2017, forfeited non-vested amounts totaled $12,911 and $24,418, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are administered by Voya Retirement Insurance and Annuity Company and are stated at fair value. Units held in pooled separate accounts are reported at fair value based on the unit prices quoted by the funds, representing the fair value of the underlying investments. Units held in fixed funds are reported at contract value. Participant loans are valued at cost, which approximates fair value.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a volume submitter plan document sponsored by Wickens, Herzer, Panza, Cook & Batista LPA. The Plan received a determination letter from the IRS dated October 12, 2017, stating that the plan is qualified under Internal Revenue Code (IRC) Section 401k and, therefore, the related trust is exempt from taxation. The plan is required to operate in accordance with the IRC to maintain its qualification. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain plan investments are investment funds managed by Voya Financial Advisors, Inc. Voya Financial Advisors, Inc. is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping and administrative expenses are with the custodian and are not considered prohibited transactions under ERISA. Participant loans also qualify as party-in-interest.

NOTE 5 - INVESTMENTS

For 2018 and 2017, The Plan's investments are held by Voya Retirement Insurance and Annuity Company. As custodian, Voya Retirement Insurance and Annuity Company maintains the investments in separate accounts, which comprise a significant portion (91.87% - 2018, 92.20% - 2017) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for plan withdrawals. The contract is included in the financial statement at contract value which approximates fair value as reported by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company certified as of December 31, 2018 and 2017 as to the completeness and accuracy of the information reported. Unrealized gains (losses) on investments totaled ($806,025) and $1,502,494 for the years ended December 31, 2018 and 2017, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued using the unit value calculated based on the net asset value of the underlying pool of securities that are mutual funds. Mutual funds trade on one or more U.S. or foreign exchanges and the fair value is derived based on the closing prices for the underlying securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Investments Measured at NAV:				
Pooled Separate Accounts	$	$	$	$ 10,282,473
Total Assets at Fair Value	$	$	$	$ 10,282,473

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Investments Measured at NAV:

Total Assets at Fair Value	$	$	$	$ 10,366,132

The following table summarizes investments measured at fair value based on the net asset value of the underlying pool of securities that are mutual funds as of December 31, 2018 and December 31, 2017, respectively.

Investments as of December 31, 2018:

Pooled Separate Accounts	$ 10,366,132	n/a	Daily	None

Events that would limit the pooled separate accounts, mutual funds and fixed funds to transact at the NAV may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, and implementation of early retirement incentive programs.

NOTE 10 - VOYA FIXED ACCOUNT

The Plan has a benefit-responsive fixed account with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company represents contributions made under the contract, plus earnings, less

NOTE 10 - VOYA FIXED ACCOUNT (CONTINUED)

participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. The current credited interest rate is 1.00% and the guaranteed minimum rate is 1.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or amendment to the Plan or a change in the administration or operation of the Plan, including the division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events were reviewed through October 8, 2019, the date the financial statements were available for issuance. There were no subsequent events to report as of that date.
