General

The Plan is an Internal Revenue Code (the Code) Section 403(b) defined contribution plan with an effective date of January 1, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is currently frozen as to both participation and contributions (except for rollover contributions). Employees of all previous participating employers of the Plan are currently eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

Fidelity Management Trust Company (Fidelity) and Voya Retirement Insurance and Annuity Company (Voya) are custodians of the Plan. Fidelity Investments is record-keeper for the Plan. The Plan is administered by the Catholic Health Initiatives (CHI) Retirement Plans Subcommittee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to CHI's HR Committee of the Board of Stewardship Trustees.

Effective January 1, 2018, participants of the Sylvania Franciscan Health 403(b) Plan (Sylvania Plan) who were employees of Trinity Hospital were merged into the Plan. Account balances of \$4,869,936 were transferred to the Plan in connection with this merger.

Effective January 1, 2018, the Brazosport Memorial Hospitals 403(b) Matching Tax Deferred Annuity Plan was merged into the Plan. Account balances of \$31,636,241 were transferred to the Plan in connection with this merger.

Effective December 31, 2018, participants of the Memorial Health System of East Texas 403(b) Savings Plan were merged into the Plan. Account balances of \$54,439,362 were transferred to the Plan in connection with the merger. Participants may contribute amounts representing distributions from other qualified plans (rollovers).

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with allocations of plan earnings and is charged a fixed per annum rate of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Administrative expenses are based on a fixed per annum rate. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The fixed administrative fee is charged only one time (on a quarterly basis) even if a participant has multiple CHI plan accounts administered by Fidelity.

Participants direct the balances of their account into various investment options offered by the Plan and can change their investment options on a daily basis.

Vesting

Participants are 100% vested in all accounts at all times.

Participant Loans

Notes receivable from participants represent participant loans. Participants are allowed two loans to be outstanding at any time. Participants may not borrow less than \$1,000 in any single loan. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as determined by the plan administrator. Principal and interest payments are made through payroll deduction. Loans for the purchase of a principal residence have a term of 15 years.

Payment of Benefits

Participants are entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant will receive his or her vested benefits under the Plan. The forms of distribution include a lump-sum distribution, installments, or a partial lump-sum distribution with the remainder taken as a lump-sum distribution or installments at a later date.

Additionally, participants may request distribution of certain portions of their accounts due to financial hardship, as defined, with a minimum of \$500.

1. Description of the Plan (continued)

Administrative Expenses

Substantially all administrative and trustee fees are paid by the participants through a fixed per annum fee, charged on a quarterly basis, and investment fees are deducted directly from investment returns.

Fidelity provides certain administrative services to the Plan pursuant to a Trust Agreement between the Plan and Fidelity. Fidelity receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services provided to the Plan. If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the Trust Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2018, there was \$3,367,960 in revenue credit due to the Plan, of which \$1,282,421 paid for administrative expenses and \$2,085,539 was reported under other income.

Plan Termination

Although it has not expressed any intent to do so, CHI has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion and disclosures related to fair value measurements.

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 or 2017.

Mutual Funds: Mutual funds, including mutual funds invested in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Catholic Health Initiatives (ERISA) Employee Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends, and interest from notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity and Voya, the custodians of the Plan.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2018				
Mutual funds	\$ 1,873,393,074	\$ —	\$ —	\$ 1,873,393,074
Self-directed brokerage account	23,019,771	—	—	23,019,771
Total assets at fair value	<u>\$ 1,896,412,845</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,896,412,845</u>
December 31, 2017				
Mutual funds	\$ 2,165,258,828	\$ —	\$ —	\$ 2,165,258,828
Self-directed brokerage account	25,349,915	—	—	25,349,915
Total assets at fair value	<u>\$ 2,190,608,743</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 2,190,608,743</u>

5. Fully Benefit-Responsive Investment Contracts

In connection with the mergers described in Note 1, the Plan has a balance in the Voya Fixed Account and Lincoln Stable Value Account, which is a traditional investment contract and a fixed annuity contract, respectively. Participants are longer allowed to make contributions to these accounts. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	December 31	
	2018	2017
Traditional investment contract	<u>\$ 3,868,620</u>	<u>\$ —</u>
Fixed annuity contract	<u>\$ 7,486,451</u>	<u>\$ —</u>

Catholic Health Initiatives (ERISA) Employee Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts (continued)

The traditional investment contract held by the Plan is a guaranteed investment contract maintained in a general account with Voya. The Lincoln Stable Value Account is maintained in a general account with Lincoln Financial Group Trust Company, Inc. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers but may not be less than 4% and 0%, respectively. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Beginning in 2018, the Plan has entered into a five-year agreement to liquidate the Voya Fixed Account. The first installment of 20% occurred on January 1, 2018. The second occurred on January 1, 2019, with three more through January 1, 2022.

Catholic Health Initiatives (ERISA) Employee Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts (continued)

The Plan terminated the Lincoln Stable Value Fund contract effective November 9, 2018, which will be paid out in a lump sum 12 months after the effective date on November 9, 2019.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan invests in certain funds managed by Fidelity and Voya, the custodians of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Catholic Health Initiatives (ERISA) Employee Savings Plan

Notes to Financial Statements (continued)

8. Income Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 7, 2017 stating that the written form of the underlying prototype document is qualified under Section 403(b) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code, and, therefore, the related custodial accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Plan management has evaluated subsequent events for the Plan through August 7, 2019, the date the accompanying financial statements were available to be issued.

Effective January 1, 2019, participants of the Sylvania Franciscan Health 403(b) Plan (Sylvania Plan) who were employees of St. Joseph Hospital were merged into the Plan. Participant account balances of approximately \$80,900,000 were transferred into the Plan in connection with this merger.

In early 2019, CHI completed its merger with Dignity Health to form a new \$29 billion health system called CommonSpirit Health (CommonSpirit). Both CHI and Dignity Health had Board level Retirement Plan Sub-Committees, which members consisted of various fiduciaries for the numerous Dignity Health and CHI employer-sponsored employee benefit plans. In June of 2019, the Human Resources and Compensation Committee of CommonSpirit established a sub-committee called the Retirement Plans Sub-Committee. The newly established committee will have the overall responsibility for the operation and administration of the Plan. There have been no other significant changes to the Plan as a result of the merger.
