INDEPENDENT AUDITOR'S REPORT

The Administrative Committee
Selip & Stylianou, LLP 401(k) Savings Plan
Woodbury, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Selip & Stylianou, LLP 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Selip & Stylianou, LLP 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Selip & Stylianou, LLP ("the Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2018 and 2017, participants could contribute up to $18,500 and $18,000, respectively, or 100 percent of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions to the Plan equal to a percentage of each participant's defined compensation, the exact percentage to be determined each year by the employer. Additionally, the Company may make a profit-sharing contribution as of the end of the year based upon profits. For the years ended December 31, 2018 and 2017 employer contributions totaled $36,024 and $47,380, respectively. Contributions are subject to IRS limitations

Investment Options

Participants direct the investment of their contribution into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contribution and Plan earnings (losses). Participants account are charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, or specific participant transactions. as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25% to 6.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interested in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals or hardship withdrawals are permitted by the Plan.

Forfeitures

Amounts forfeited for each year are used to reduce the Company's contributions. The Company used $3,093 and $5 of forfeitures to reduce the Company's non-elective employer contributions for the Plan years ended December 31, 2018 and 2017, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participants account.

2. Summary of Significant of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 7, 2019, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Plan has no fully benefit-responsive contracts in the plan at December 31, 2018 and December 31, 2017.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in

the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the term of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

The following is a summary of recent authoritative pronouncements that could impact the accounting, reporting and or disclosure of financial information by the Plan:

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-09, *Codification Improvements*, or ASU 2018-09. Among other things, ASU 2018-09 amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. ASU 2018-09, is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. We adopted the provisions of this guidance in 2018, which had no impact on the Plan's financial statements and disclosures.

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, or ASU 2018-13. The amendments in ASU 2018-13 eliminate disclosures

regarding amount and reasons for transfers between Level 1 and Level 2 of the fair value framework and add certain disclosures for recurring Level 3 fair value measurements. The amendments are effective for fiscal years beginning after December 15, 2019, with early adoption permitted. We adopted the provisions of this guidance retrospectively in 2018, with no impact on the Plan's financial statements and disclosures.

3. Unaudited Information Certified by the Plan Trustee

The December 31, 2018 and 2017, Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Principal Life Insurance Company (the "Trustee") in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Disclosure under the Employee Retirement Income Security Act of 1974. The information certified for the years ended December 31, 2018 and 2017 includes total investments of $4,258,505 and $4,832,366, respectively, and related total appreciation (depreciation) of investments of $(339,727) and $724,114, respectively.

4. Fair Value Measurements and Investments

FASB ASC Topic 820, Fair Value Measurements, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, at the measurement date.
Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with market data at the measurement date.
Level 3: Unobservable inputs that reflect management's best estimate of what participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts

Valued using the market approach at a net asset value per share ("NAV" as practical expedient) determined by the trustee based on the fair value of the underlying investments held by the accounts on the last business day of the Plan year.

Common collective trust funds

Common collective trust fund: Valued using the market approach at a net asset value per share ("NAV" as practical expedient) determined by the trustee based on the fair value of the underlying investments held by the fund on the last business day of the Plan year.

Notes to Financial Statements

For the Years Ended December 31, 2018 and 2017

The pooled separate accounts and the common collective trust fund are not classified in the fair value hierarchy table. The fair values are included in the table to allow reconciliation of the fair value hierarchy to the fair value of investments per the statement of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of receivables approximate their carrying values.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements at Reporting Date Using:		
December 31, 2018	Total	Level 1	Level 2	Level 3
Investments at NAV*	$ 4,258,505	-	-	-
Total investments	$ 4,258,505	$ -	$ -	$ -

		Fair Value Measurements at Reporting Date Using:		
December 31, 2017	Total	Level 1	Level 2	Level 3
Investments at NAV*	$ 4,832,366	-	-	-
Total investments	$ 4,832,366	$ -	$ -	$ -

*The investments in pooled separate accounts and common collective trust funds are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2018 and 2017:

December 31, 2018

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 3,846,202	None	Daily	1 Day
Common collective trust funds	$ 412,303	None	Daily	1 Day

Notes to Financial Statements

For the Years Ended December 31, 2018 and 2017

December 31, 2017

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,352,285	None	Daily	1 Day
Common collective trust funds	$ 480,081	None	Daily	1 Day

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of receivables approximate their carrying values.

5. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of pooled separate accounting and common collective trust funds managed by Principal Life Insurance Company and Principal Global Investors Trust Co. Principal Life Insurance Company was the trustee for 2018 and 2017 as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also quality as party-in-interest transactions. Fees paid by the Plan of the investment management services amounted to $5,152 and $5,034 for the years ended December 31, 2018 and 2017, respectively.

6. Termination of Plan

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Fidelity Bond

Under ERISA rules, the Plan is required to have a bond of at least 10% of the Plan's net assets at the beginning of the Plan year, or up to $500,000. The Plan Sponsor's bond coverage was $300,000 for the 2017 and 2018 Plan year.

8. Tax Status

The plan administrator has adopted an IRS pre-approved prototype plan of Principal Life Insurance Company. On March 31, 2014, Principal Life Insurance Company obtained a letter in which the IRS stated its opinion that the form of the pre-approved prototype plan of Principal Life Insurance Company is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Subsequent to this determination by the IRS, the Plan was amended. The plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to

routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
