Note 1 – Description of the Plan

The following description of the Kasasa, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

In January 2016, the Plan Sponsor changed its name to Kasasa, Ltd. In February 2016, the Plan Sponsor changed the name of the Plan from BancVue 401(k) Plan to Kasasa, Ltd. 401(k) Plan.

General

The Plan is a contributory, defined contribution plan covering all eligible employees of Kasasa, Ltd (the "Plan Sponsor") who are age twenty-one years or older, have performed one month of service, are not required to be taken into account for nondiscrimination testing purposes, and are not subject to a collective bargaining agreement with the Plan Sponsor. Eligible employees are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Voya Retirement Insurance and Annuity Company (the "Custodian") acts as the custodian and record keeper for the Plan.

Employee Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation, in whole percentages, to the Plan, not to exceed the annual limit established by the Internal Revenue Code (the "IRC"). Eligible employees are automatically enrolled to make contributions of 3% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor may, in its sole discretion, make a discretionary matching contribution. For the year ended December 31, 2018, the Plan Sponsor made a discretionary matching contribution equal to 50% of each participant's elective deferrals, not to exceed 6% of that participant's eligible earnings, as defined by the Plan. Additionally, the Plan Sponsor may make annual discretionary contributions in an amount determined at each plan year end by the Plan Sponsor. For 2018, the Plan Sponsor elected not to make a discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers

Participants, who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Note 1 – Description of the Plan (continued)

Forfeited Accounts
Forfeited non-vested accounts totaled $3 and $133,969, as of December 31, 2018 and 2017, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2018, $185,786 of forfeited non-vested accounts were utilized to reduce employer contributions and administrative expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, determined monthly. All notes receivable from participants must be repaid in 5 years, except those that are used for the purchase of a principal residence in which case the note can be extended for 30 years. Repayment of the notes will be made through after-tax payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants hired before January 1, 2018 are 100% vested after four years of credited service summarized as follows:

Years of Service	Vested Percentage
Less than one year	0%
At least one, but less than two years	25%
At least two, but less than three years	50%
At least three, but less than four years	75%
Four years or more	100%

Participants hired on or after January 1, 2018 are 100% vested after three years of credited service summarized as follows:

Years of Service	Vested Percentage
Less than three years	0%
Three or more years	100%

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Upon termination of employment, participant benefits are paid in a lump sum if the participant's vested account balance is less than $1,000. If the participant's account balance exceeds $1,000 but is less than $5,000, the participant may elect to request a rollover to another qualified plan, or take a lump sum distribution. If no choice is made, the distribution is rolled over to an individual retirement plan designated by the Plan Administrator. If the participant's account balance is greater than $5,000, they have the option to leave their assets in the Plan.

Note 1 – Description of the Plan (continued)

On termination of service due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum. Upon reaching normal retirement age of 65, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant in a lump sum or periodic installments.

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction under the Internal Revenue Code

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and Custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document. As of December 31, 2018, $21,751 was recorded as interest income on notes receivable from participants.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued.

Note 3 – Information certified by the Custodian

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2018 and 2017, and the related net investment loss and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Goldleaf Partners, which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment collective trust fund: This investment is a guaranteed investment collective trust fund that invests in a variety of high quality guaranteed value investment contracts as well as cash and cash equivalents, and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,483,726	$ -	$ -	$ 16,483,726
Total assets in the fair value hierarchy	$ 16,483,726	$ -	$ -	16,483,726
Investments measured at net asset value				1,418,223
Investments at fair value				$ 17,901,949

Note 5 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,903,070	$ -	$ -	$ 15,903,070
Total assets in the fair value hierarchy	$ 15,903,070	$ -	$ -	15,903,070
Investments measured at net asset value				1,670,921
Investments at fair value				$ 17,573,991

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Noticed Period
Guaranteed investment common collective trusts	$ 1,418,223	$ 1,670,921	not applicable	daily	12 months

Note 6 – Related-party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net depreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Nonparticipant-directed Investments

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2018 and 2017.

Note 8 – Qualified Non-Elective Contribution

During 2017, the Plan Sponsor failed to withhold participant contributions and related employer match on certain non-cash compensation. The Plan Sponsor calculated the missed contributions and related lost earnings of $719 and made a qualified non elective contribution ("QNEC") on July 31, 2019 for the missed contributions and related lost earnings to the Plan on behalf of the affected participants. The Plan used forfeited non-vested accounts to fund the QNEC.

Note 1 – Description of the Plan

The following description of the Kasasa, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

In January 2016, the Plan Sponsor changed its name to Kasasa, Ltd. In February 2016, the Plan Sponsor changed the name of the Plan from BancVue 401(k) Plan to Kasasa, Ltd. 401(k) Plan.

General

The Plan is a contributory, defined contribution plan covering all eligible employees of Kasasa, Ltd (the "Plan Sponsor") who are age twenty-one years or older, have performed one month of service, are not required to be taken into account for nondiscrimination testing purposes, and are not subject to a collective bargaining agreement with the Plan Sponsor. Eligible employees are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). Voya Retirement Insurance and Annuity Company (the "Custodian") acts as the custodian and record keeper for the Plan.

Employee Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation, in whole percentages, to the Plan, not to exceed the annual limit established by the Internal Revenue Code (the "IRC"). Eligible employees are automatically enrolled to make contributions of 3% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor may, in its sole discretion, make a discretionary matching contribution. For the year ended December 31, 2018, the Plan Sponsor made a discretionary matching contribution equal to 50% of each participant's elective deferrals, not to exceed 6% of that participant's eligible earnings, as defined by the Plan. Additionally, the Plan Sponsor may make annual discretionary contributions in an amount determined at each plan year end by the Plan Sponsor. For 2018, the Plan Sponsor elected not to make a discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers

Participants, who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Note 1 – Description of the Plan (continued)

Forfeited Accounts
Forfeited non-vested accounts totaled $3 and $133,969, as of December 31, 2018 and 2017, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2018, $185,786 of forfeited non-vested accounts were utilized to reduce employer contributions and administrative expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, determined monthly. All notes receivable from participants must be repaid in 5 years, except those that are used for the purchase of a principal residence in which case the note can be extended for 30 years. Repayment of the notes will be made through after-tax payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants hired before January 1, 2018 are 100% vested after four years of credited service summarized as follows:

Years of Service	Vested Percentage
Less than one year	0%
At least one, but less than two years	25%
At least two, but less than three years	50%
At least three, but less than four years	75%
Four years or more	100%

Participants hired on or after January 1, 2018 are 100% vested after three years of credited service summarized as follows:

Years of Service	Vested Percentage
Less than three years	0%
Three or more years	100%

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Upon termination of employment, participant benefits are paid in a lump sum if the participant's vested account balance is less than $1,000. If the participant's account balance exceeds $1,000 but is less than $5,000, the participant may elect to request a rollover to another qualified plan, or take a lump sum distribution. If no choice is made, the distribution is rolled over to an individual retirement plan designated by the Plan Administrator. If the participant's account balance is greater than $5,000, they have the option to leave their assets in the Plan.

Note 1 – Description of the Plan (continued)

On termination of service due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum. Upon reaching normal retirement age of 65, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant in a lump sum or periodic installments.

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction under the Internal Revenue Code

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and Custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document. As of December 31, 2018, $21,751 was recorded as interest income on notes receivable from participants.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued.

Note 3 – Information certified by the Custodian

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2018 and 2017, and the related net investment loss and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Goldleaf Partners, which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment collective trust fund: This investment is a guaranteed investment collective trust fund that invests in a variety of high quality guaranteed value investment contracts as well as cash and cash equivalents, and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,483,726	$ -	$ -	$ 16,483,726
Total assets in the fair value hierarchy	$ 16,483,726	$ -	$ -	16,483,726
Investments measured at net asset value				1,418,223
Investments at fair value				$ 17,901,949

Note 5 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,903,070	$ -	$ -	$ 15,903,070
Total assets in the fair value hierarchy	$ 15,903,070	$ -	$ -	15,903,070
Investments measured at net asset value				1,670,921
Investments at fair value				$ 17,573,991

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Noticed Period
Guaranteed investment common collective trusts	$ 1,418,223	$ 1,670,921	not applicable	daily	12 months

Note 6 – Related-party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net depreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Nonparticipant-directed Investments

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2018 and 2017.

Note 8 – Qualified Non-Elective Contribution

During 2017, the Plan Sponsor failed to withhold participant contributions and related employer match on certain non-cash compensation. The Plan Sponsor calculated the missed contributions and related lost earnings of $719 and made a qualified non elective contribution ("QNEC") on July 31, 2019 for the missed contributions and related lost earnings to the Plan on behalf of the affected participants. The Plan used forfeited non-vested accounts to fund the QNEC.
