Note 1. Description of the Plan

The following description of the Combe Incorporated Employees Savings Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all United States employees of Combe Incorporated (the Company or the Plan Sponsor) and its wholly owned subsidiary, Combe Laboratories, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who are regularly scheduled to work 20 hours or more per week are generally eligible to participate in the Plan on the first pay period of the month following their date of hire. Employees who are regularly scheduled to work less than 20 hours per week shall be eligible to participate in the Plan on the first pay period of the month following the completion of one year of service providing they worked at least 1,000 hours of service during such plan year.

Contributions: Participants may contribute from 1% to 50% of pretax annual compensation subject to Internal Revenue Code (IRC) Limitations. Participants may contribute rollover amounts representing distributions from other qualified defined contribution plans. Effective January 1, 2017, the minimum participant contribution was reduced from 2% to 1%, and the Plan was amended to permit participants to make after-tax Roth contributions from 1% to 50% of annual compensation.

In 2018 and 2017, the Company contributed from 3% to 11% of each participant's eligible pay based on the participant's age. In addition, the Company makes matching contributions equal to 100% of the first 4% of eligible pay that a participant contributed.

The Company contributions are invested in accordance with each participant's investment elections. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. The allocation of Plan earnings is based on account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's individual account.

Notes receivable from participants: A participant may borrow from their account a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. A participant may have only one loan outstanding at any time. The $50,000 eligible loan limit is reduced by the participant's highest outstanding loan balance in the past 12 months. The loan is collateralized by the balance in the participant's account and bears interest at a rate equal to the Prime Rate plus one percent. The interest rate is set on June 30th of each year for new loans and remains fixed throughout the life of the loan. Loans must be repaid in equal payments through payroll deductions over a period not to exceed five years and are allocated to the various investment funds based on the participant's then effective contribution percentages.

Vesting: Participants vest immediately in their contributions plus actual earnings thereon, as well as the Company's contributions.

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon the retirement of a participant for age or disability, the balance of the participant's account shall be paid at the discretion of the participant in either: (a) a lump-sum distribution or in substantially equal annual or more frequent installments over a reasonable period of time not to exceed the participant's life expectancy or, the joint and last survivor life expectancy of the participant and their designated beneficiary at the commencement of the installments; or (b) a combination of the above. If the account balance is more than $1,000 upon termination, the participant may leave their funds in the Plan and receive the lump sum or installment distribution at a subsequent date of their choice, but no later than April 1st of the year after the year the participant reaches age 70 1/2.

Administrative expenses: In 2017, the Plan's administrative expenses were paid by the Company as provided by the Plan document, with the exception of certain minor loan processing fees which were charged to participants with outstanding loan balances. Effective January 1, 2018, substantially all of the Plan's administrative expenses are paid by the participants.

Hardship withdrawals: A participant may withdraw tax-deferred contributions for: (a) medical expenses; (b) purchase of a principal residence; (c) payment of tuition for the next twelve months; (d) the prevention of eviction from principal residence; or (e) any other reason set forth by the Commissioner of the Internal Revenue Service (IRS), conditional upon satisfactory demonstration of the need and approval by the Plan Sponsor.

Plan termination: The Company may terminate, amend, modify or suspend the Plan, in whole or in part, at any time. No such change is currently being contemplated. However, in any such event, the participants' rights to their accrued benefits are nonforfeitable. Upon termination of the Plan, the interest of each participant in the Plan will be distributed to such participant or his/her beneficiary at the time prescribed by the Plan terms and the IRC.

Income taxes: Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes thereto. Actual results could differ from those estimates.

Risks and uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits could be materially affected in the near-term.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Recent accounting pronouncement: In August of 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* These amendments modify the disclosure requirements in Topic 820 as follows:

- Removals
  - The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy;
  - The policy for timing of transfers between levels;
  - The valuation processes for Level 3 fair value measurements; and
  - For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

- Modifications
  - In lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities;
  - For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and
  - The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

- Additions
  - The changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period; and
  - The range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) in lieu of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements.

Note 2. Summary of Significant Accounting Policies (Continued)

For all entities, the amendments are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of ASU No. 2018-13 and delay adoption of the additional disclosures until their effective date. Management does not believe the adoption of the pronouncement will have a material effect on the financial statements of the Plan.

Note 3. Information Certified and Provided by Reliance Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule that was prepared by, or derived from, information provided by Reliance Trust Company (the Trustee), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the information below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears in the financial statements and supplemental schedule related to the following assets:

	December 31	
	2018	2017
Investments at fair value:		
Mutual funds	$ 73,971,635	$ 81,889,083
Common collective trust fund	7,885,817	7,277,866
Total investments	$ 81,857,452	$ 89,166,949
Notes receivable from participants	$ 650,047	$ 799,275

The trustees also certified the completeness and accuracy of $7,711,863 of net depreciation in fair value of investments, $3,903,948 of dividends and $30,128 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements and Investments

The Financial Accounting Standards Board (FASB) codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under this guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust fund: The common collective trust fund is stated at NAV, as reported by the trustee. Units in a common collective trust are not traded on securities exchanges but are redeemable only by the issuer. The value of the Plan's investments in common collective trusts represents the value of the Plan's interests in the overall value of the common collective trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements and Investments (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 73,971,635	$ -	$ -	$ 73,971,635
Investments measured at NAV (a)				7,885,817
Total investments at fair value				$ 81,857,452

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 81,889,083	$ -	$ -	$ 81,889,083
Investments measured at NAV (a)				7,277,866
Total investments at fair value				$ 89,166,949

(a) In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value of Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2018	2017	Commitment	Frequency	Notice Period
Metlife Reliance Stable Value Fund (a)	7,885,817	7,277,866	None	Daily	None

(a) See Note 6 for additional information related to this asset.

Note 6. Common Collective Trust Fund

The Plan invests in a common collective trust fund (the Fund), which seeks to replicate, to the extent practicable, the performance of the Standard & Poor's 500 Stock Index. The Fund seeks to achieve their objective by investing directly into a common collective trust fund with similar objectives and like investment strategies. The beneficial interest of each participant is represented by units, which are issued and redeemed daily at the Fund's NAV per unit.

Note 7. Federal Income Tax Status

The IRS has determined and informed the Company in a letter dated March 18, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8. Related Party Transactions

The Plan's investment in the stable value fund is managed by the Trustee, who is in benefit service alliance with ADP Retirement Services, the record keeper. Therefore, this transaction qualifies as a party-in-interest transaction.
