1. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

The following description of the BMG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on January 1, 2006 generally covering all employees of Bacchus Management Group, LLC (the "Company") who are at least 18 years of age. Employees are eligible to participate in the Plan upon their date of hire.

The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated effective January 1, 2018.

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Administration - The Company is the Plan Sponsor and acts as the Plan Administrator. Fidelity Management Trust Company acts as trustee, and its affiliates perform custodial and third-party administration services to the Plan. Prior to 2018, The Variable Annuity Life Insurance Company ("VALIC") acted as the insurer and Plan custodian. The Company has appointed an Administrative Committee to control the operation and administration of the Plan. Consistent with the Plan agreement, the trustee charges participant accounts a fee for administering their individual accounts and processing participant loan requests. Except for these individual account fees, the Company generally pays all other expenses incurred to administer the Plan.

At December 31, 2017, accrued administrative fees were $43,000. These fees represented items paid for by the Plan Sponsor on behalf of the Plan. During 2018, the Plan reimbursed the Plan Sponsor $25,000 of the total fees, and the Plan Sponsor forgave the remaining $18,000 of previously accrued administrative fees. As these fees had been recorded by the Plan as administrative expenses in prior years, the forgiveness of the unreimbursed amount was reported by the Plan as a reduction of administrative expenses during the year ended December 31, 2018. The Plan Sponsor intends to pay for future Plan administrative fees.

1. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition - Investments of the Plan are held by the Plan's custodian, consisting of mutual funds and self-directed brokerage accounts. Investments are invested based solely upon instructions from participants. Investments are valued at fair value as quoted by the Plan's custodian. Purchases and sales of securities are recorded on a trade-date basis. Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation is included in the statement of changes in net assets in the period in which the market change occurs.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Prior to 2018, investments consisted of restricted separate accounts under an unallocated group annuity insurance contract. The Plan's investments in Separate Accounts and Fixed Accounts under this contract were stated at amounts approximating fair value as determined by the Plan's custodian.

Notes receivable from participants – The Plan provides a provision that allows a participant to borrow up to the lesser of $50,000 or 50% of their vested account balance, with a minimum borrowing of $1,000. Such loans shall bear interest at rates at commercially reasonable rates, which are generally equivalent to available market financing rates. The term of the loans generally cannot exceed five years, except for the purchase of a principal residence, which may be repaid over a period of up to 15 years. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

Prior to 2018, participant loans were issued by VALIC, and were secured by the participant's vested balance. Such loan proceeds were not withdrawn from a participant's account balance, rather, a portion of the participant's account balance was transferred to a collateral fixed account investment option, reserved, and held as collateral to cover the outstanding loan amount for the period of time the loan was outstanding. Such participant loans under the Plan at December 31, 2017, are not reported on the accompanying statements of net assets available for benefits as outstanding loan amounts were not repayable to the Plan. At December 31, 2017, outstanding participant loan principal balances due to VALIC totaled $14,828. All participants with outstanding participant loans at December 31, 2017 had terminated employment with the Company prior to January 1, 2018. Upon transfer of assets between VALIC and Fidelity, the outstanding loans were foreclosed, and VALIC was repaid using the funds in the collateral held in the Security Reserve fixed income investments.

1. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant accounts - A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions and administrative expenses, if any. Participants direct the investment of their contributions into the various investment options offered by the Plan. Investment income allocations are made daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

Employee contributions - Participants may elect to have the Company contribute a percentage of their pre-tax compensation to the Plan, up to the amount allowable under current income tax regulations. Participants may also elect to have the Company contribute a portion of their compensation after-tax in the form of a Roth deferral and may contribute amounts representing distributions from other qualified plans. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Employer contributions - The Plan requires safe harbor employer matching contributions equal to 100% of eligible salary deferral contributions on the first 3% of eligible compensation, plus 50% of eligible salary deferral contributions on the next 2% of eligible compensation. The Plan also permits discretionary Company profit sharing or additional matching contributions. Company matching contributions are allocated to participant accounts based on eligible salary deferral contributions.

Company profit sharing contributions, if any, are allocated to eligible participants first to those participants whose eligible compensation exceeds the applicable annual Social Security Wage Base, with the remainder allocated to all eligible participants ratably based on their respective proportion of eligible compensation for all eligible participants.

During the year ended December 31, 2018, the Company made safe harbor matching contributions totaling $188,491, but did not elect to make any additional matching or discretionary profit sharing contributions. However, for the plan year ended December 31, 2018, the Company made qualified non-elective contributions totaling $7,956 to correct certain operational defects (Note 7).

Excess contributions payable - Excess contributions payable represent excess salary deferral contributions to be refunded to certain participants in order to satisfy the relevant nondiscrimination provisions of ERISA. As of December 31, 2017, excess salary deferral contributions and related earnings payable totaled $33,143, and were refunded during 2018. There were no excess salary deferral contributions payable as of December 31, 2018.

1. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of benefits - Benefits are recorded when paid. Benefits are paid in amounts equal to the value of the participant's vested account balance upon termination or, if requested, upon attainment of age 59 ½ or in the event of financial hardship. Benefits may be paid in a single lump-sum, installments over a fixed period of time or an annuity at the election of the participant.

At December 31, 2018 and 2017, there were no participants that had chosen to withdraw from the Plan awaiting payment of benefits.

Vesting - Participants are fully vested in their contributions and safe harbor matching contributions, plus earnings thereon, at all times. Participants generally become vested in any Company contributions ratably over a five-year period.

Forfeited amounts – Forfeited accounts are used to pay eligible administrative expenses or allocated to participants as a reduction of any Company contributions for the year in which the forfeiture occurs. Unallocated forfeitures totaled $7,796 at December 31, 2018. There were no unallocated forfeited amounts as of December 31, 2017.

Subsequent events – Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, September 30, 2019, have been evaluated in the preparation of the accompanying financial statements.

2. INVESTMENTS

GAAP established a framework for measuring fair value and provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

2. INVESTMENTS (Continued)

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments at December 31, 2018, consist of the following:

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Self-directed brokerage accounts consist primarily of interest-bearing cash, common stocks and mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued as previously described above.

Prior to 2018, the Plan invested in a group annuity investment contract offering both Fixed Account and Separate Account investment options. The fair values of accumulation units held by the Plan in Separate Accounts were managed by individual investment advisors for each fund. Separate Accounts were not exchange traded. Data for net asset values were changed daily and were available to Plan administrators and client investors on VALIC's website and provided sufficient corroborative evidence to ascertain the relationship between each fund's net asset value and the values of individual underlying holdings, primarily mutual funds.

Fixed Accounts were credited with interest income on the underlying investments and charged for participant withdrawals and administrative expenses as allowed by the Plan. Fixed Accounts offered a minimum crediting interest rate that was declared monthly with interest credited on a daily basis at an annual effective rate. Fair value as determined by VALIC, represented contributions made under the agreement, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value. Plan Sponsor directed or induced transfers from the Fixed Accounts to other investment options under the Plan were limited to 20% per year in order to avoid any contractual market value adjustments.

2. INVESTMENTS (Continued)

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,755,616	-	-	$1,755,616
Self-directed accounts	231,216	-	-	231,216
Investments, at fair value	$1,986,832	-	-	$1,986,832

Investments at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Separate accounts	-	$1,497,981	-	$1,497,981
Fixed accounts	-	305,196	-	305,196
Investments, at fair value	-	$1,803,177	-	$1,803,177

3. INCOME TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving its latest determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in material compliance with the applicable requirements of the Internal Revenue Code.

4. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Plan's qualified trustee and custodian, have certified the current values of assets held at December 31, 2018 and 2017, and transactions entered into during the year ended December 31, 2018, that were used in the preparation of the accompanying financial statements and supplemental schedules.

4. CERTIFIED INFORMATION (Continued)

The following table presents this certified information as of December 31, 2018 and 2017 and the year ended December 31, 2018, that were not subjected to any auditing procedures performed by independent certified public accountants:

	2018	2017
Investments:		
Mutual funds	$1,755,616	-
Self-directed brokerage accounts	$231,216	-
Separate Accounts	-	$1,497,978
Fixed Accounts	-	$305,196
Notes receivable from participants	$22,120	-
Dividends and interest	$111,489	
Net depreciation in fair value of investment	($289,191)	

5. PRIORITIES ON TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investments, which are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As the Plan's investments are well-diversified and the issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit and other risks are limited.

7. PARTY-IN-INTEREST TRANSACTIONS

At various times during 2012 through 2017, the Company did not remit certain participant salary deferral contributions to the Plan in a timely manner, as prescribed by U.S. Department of Labor Regulations under ERISA. Salary deferral contributions considered late totaled $383,756 as of December 31, 2017 and were subsequently remitted to the Plan at various times prior to December 31, 2017. As allowed by the IRS Revenue Procedure 2013-12, the Company corrected the situation by contributing lost earnings to the accounts of the affected participants pursuant to the Voluntary Correction Program component of the IRS Employee Plans Compliance Resolution System in August 2018.

7. PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are owned and managed by the Plan's trustee, custodian or one or more of their affiliates. Such investment activities involving these related parties qualify as party-in-interest transactions but are exempt from the prohibited transaction rules under ERISA.
