Report on the Financial Statements

We were engaged to audit the accompanying financial statements of LiquidHub, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 14, 2018 and December 31, 2017, the related statement of changes in net assets available for benefits for the period from January 1, 2018 to December 14, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 14, 2018 and December 31, 2017, and for the period from January 1, 2018 to December 14, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

LiquidHub, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Period from January 1, 2018 to December 14, 2018 and year ended December 31, 2017

1. Description of Plan

The following description of the LiquidHub, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of LiquidHub, Inc. (the “Company”). The Plan was amended and restated effective January 1, 2015. Eligible employees include those that are employed by the Company and excludes any collective bargaining employees, non-resident aliens, independent contractors and specific project workers and leased employees. The Plan is subject to the provisions of the ERISA, as amended.

Plan -to- Plan Transfer

The Plan elected to merge the Plan’s net assets into the Capgemini Safe Harbor 401(k) Plan with an effective date of December 14, 2018. At that time, all assets and liabilities, including notes receivable representing participant loans, were transferred from Principal Trust Company to Fidelity Investments. The provisions of the Plan described below were in effect prior to the transfer.

Contributions

Participants may contribute the lesser of 100% of annual pretax compensation, as defined in the Plan, or the 401(k) contribution limit as prescribed by the Internal Revenue Service (\$18,500 in 2018). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the Internal Revenue Code defined maximum (\$6,000 in 2018). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Any participant who did not make an affirmative election to the contrary shall be deemed to have elected participation in the Plan’s automatic deferral provision under which each eligible employee who has not made an elective deferral shall be deemed to have elected to make a deferral of 4% of compensation, as defined by the Plan.

Effective February 28, 2018, as a result of the acquisition of the Company, contributions to the plan have been frozen.

The Company may make discretionary matching, profit sharing, qualified nonelective and safe harbor contributions, as defined in the plan agreement. During the period ended December 14, 2018, the Company made matching contributions equal to 25% of the first 4% of salary deferral made by the participant, not to exceed \$750. No other contributions were made by the Company for the period ended December 14, 2018.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds, common/collective trust funds, and a group annuity contract as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and related Company matching contributions and allocations of a) all other Company contributions and b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

LiquidHub, Inc. 401(k) Profit Sharing Plan

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years of service	None
2 years but less than 3 years of service	50%
3 or more years of service	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment period may not exceed five years. The loans are secured by the assignment of fifty percent (50%) of the borrower's vested account and bear interest at the prevailing prime rate plus 1%, unless determined otherwise by the plan administrator at the date of the loan. Repayment of loans must be made with level payments payable at least quarterly. The maximum number of loans a participant may have outstanding at any time is two. Certain fees, as defined, are charged for each loan made and while the loan is outstanding.

Payment of Benefits

Benefit payments are permitted in the event of death, permanent disability, termination of employment, a proven hardship, retirement or attainment of age 59 ½ while still employed. Upon becoming eligible for distributions, a participant with a plan account value of \$1,000 or less will receive a lump-sum distribution. A participant eligible for distributions with an account value greater than \$1,000, upon written request, will generally receive their vested benefit in a single lump-sum payment unless otherwise elected as allowed by the plan provisions.

Forfeitures

Forfeitures may be used first to restore account balances where restoration contributions are required, pay administrative expenses, reduce employer contributions, or reallocate to participant account balances.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2019, the date these financial statements were available for issuance.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

LiquidHub, Inc. 401(k) Profit Sharing Plan

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions under the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses of the Plan.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company"), the Plan's trustee, has certified that the following information as of December 14, 2018 and December 31, 2017, and for the period ended December 14, 2018, included in the accompanying financial statements, is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 14, 2018 and December 31, 2017.
- Investment activity and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended December 14, 2018.

4. Fair Value Measurements

Generally accepted accounting principles have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LiquidHub, Inc. 401(k) Profit Sharing Plan

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 14, 2018 and December 31, 2017.

- Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.
- Common/collective trusts are collective investment trust accounts that invest in a collective trust as well as a variety of separate accounts and mutual funds. The fair value of all the underlying investments is used in determining the net asset value of the collective investment trust, which is not publicly quoted. There are no participant redemption restrictions for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Total
Mutual funds	\$ 20,941,498	\$ 20,941,498
Total investments in the fair value hierarchy	\$ 20,941,498	20,941,498
Common collective trusts, measured at net asset value (a)		12,695,207
Total investments at fair value		\$ 33,636,705

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Group Annuity Contract

At December 14, 2018 and December 31, 2017, the Plan maintained a benefit-responsive group annuity contract with Principal Life Insurance Company (“Principal”). Contributions are maintained in a general account. The account is credited with interest based on declared interest crediting rates for a specified guarantee period and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Under the contract, generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 3 business days, or in the event that market conditions are such that they will not allow for an orderly transfer of sale of financial instruments, up to an additional 30 business days. As of December 14, 2018, and December 31, 2017, the plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

The Principal group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Party-In-Interest Transactions

The Plan invested in shares of certain mutual funds, common/collective trust funds, and a group annuity contract which are managed by Principal Trust Company, the trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Tax Status

The Plan is a volume submitter profit sharing plan from MandMarblestone PC. An opinion letter was obtained on the volume submitter plan dated March 31, 2014, stating that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (the “Code”). Generally, the plan administrator and the Plan may rely on the opinion letter received as to the form of the Plan qualifying under the Code. The Plan has been restated since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The plan administration has analyzed the tax positions taken by the Plan, and has concluded that as of December 14, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2015.

LiquidHub, Inc. 401(k) Profit Sharing Plan

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Plan Sponsor shall make no further contributions after the termination of the Plan. In the event of Plan termination, amounts credited to the employee's account as of the date of termination will be fully vested.
