NOTE A - PLAN DESCRIPTION

The following description of the Phillips Plastics Corporation Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Phillips Plastics Corporation (the Company). In general, employees become eligible for the Plan on the first day of the month following two months of employment. Employees whose customary scheduled employment is less than 40 hours per week will be excluded from the Plan until they complete a year of service. A year of service is a qualifying period of 12 consecutive months of employment within which the employee has had at least 1,000 credited hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Due to a plan merger, effective December 31, 2018, all assets of the Plan were transferred to the Molex Retirement and Savings Plan, a qualified plan under Molex Inc., the parent company of the Company.

Contributions

Participants may contribute up to 75% of their annual compensation to the Plan not to exceed the limits of the Internal Revenue Code (IRC). All newly hired eligible employees are automatically enrolled in the Plan beginning with a deferral rate of 3%, unless otherwise elected. The elective deferral rate will increase annually by 1% until the participant reaches a rate of 6%, unless otherwise elected. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows a catch-up provision for those employees who have attained age 50. Discretionary employer contributions may be contributed at the option of the Company's board of directors. During 2018 and 2017, the Company provided a match up to 20% of the first 5% of the participant's deferral.

Participant's Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant wages or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and discretionary employer contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance; as well, a participant may not have more than one loan outstanding at any time. The repayment will be made in equal installments for a term that shall not be greater than five years, with the exception of a home loan for which the repayment may not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current rates charged under similar circumstances by financial institutions. Principal and interest payments are made through monthly payroll deductions.

Payment of Benefits

Benefits are typically paid as soon as practicable after a participant terminates, retires, dies or becomes disabled. Benefits are payable in the form of a lump sum distribution or installments over a fixed period of

Phillips Plastics Corporation Retirement Savings Plan

years. If the terminating employee's balance is more than \$1,000 but less than \$5,000, the distribution will automatically be rolled into an IRA provided by OneAmerica Retirement Services LLC. If a terminating employee's balance is less than \$1,000, distributions must be in the form of a lump sum payment. Participants experiencing financial hardship or upon attaining age 59 1/2 may withdraw a portion of their vested fund accounts as defined by the Plan agreement.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follow.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon terms of the Plan agreement.

Payment of Benefits

Benefits paid to participants are recorded upon distribution.

Administrative Expenses

The Plan pays certain administrative expenses which are expensed when incurred. Other expenses are paid by the Company.

Reclassifications

Certain reclassifications have been made to the 2017 financial statements in order to conform to the 2018 presentation. There were no changes to previously reported net assets as a result of the reclassifications.

NOTE C - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds - Valued at quoted market prices at year end.

Collective trust fund - Valued based on information reported by the investment advisor using the audited financial statements and net asset value (NAV) of the collective trust at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - INCOME TAX STATUS

The Plan has adopted the BMO Defined Contribution Volume Submitter Plan and Trust Basic Plan Document, which received a favorable advisory letter from the Internal Revenue Service (IRS), dated March 31, 2008, stating that it is qualified under the applicable requirements of the IRC and is, therefore, not subject to tax under present income tax laws. The Plan has adopted certain amendments since receiving the advisory letter; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance, in all material respects, with the applicable IRC requirements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions.

Certain investments are managed by BMO Harris Bank N.A. (BMO) BMO is the trustee as defined by the Plan and OneAmerica is the record keeper as defined by the Plan; therefore, transactions with BMO and OneAmerica qualify as party-in-interest. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE F - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements are complete and accurate:
