LANXESS SOLUTIONS US INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the LANXESS Solutions US Inc. Employee Savings Plan (formerly the Chemtura Corporation Employee Savings Plan) (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by LANXESS Solutions US Inc. (formerly Chemtura Corporation) (the "Company") covering eligible employees of the Company and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The plan administrator is the LANXESS Solutions US Inc. Fidelity Investments is the trustee and record keeper of the Plan. The investments of the Plan are held in a trust arrangement.

As further discussed in Note H, effective January 1, 2019 the Plan merged with and into the LANXESS Corporation Plan and the Plan ceased to exist as a separate plan as of that date.

Eligibility

The Plan allows substantially all Company employees to participate in the Plan. Employees become eligible to participate in the Plan beginning on the first day of the first calendar month following their date of hire.

Participant Contributions

Participants may contribute up to 50% of their annual compensation (as defined by the Plan) as pre-tax deferrals or Roth after-tax contributions, subject to Internal Revenue Code ("IRC") limitations, for non-highly compensated employees, or 20% for highly compensated employees. Certain bargaining employees may also elect to make non-Roth after-tax contributions. Each newly hired and re-hired employee is automatically enrolled in the Plan with a rate of 6%. The automatic enrollment also has an automatic escalation feature applicable only to non-union employees in which the participant deferral percentage is increased 1% annually up to 10%, subject to plan provisions. Pre-tax contributions of 6% of compensation begin with the first pay period occurring 30 days after the participant's participation date. The participant may elect to cease or change the amount of these contributions at any time. Participant contributions are subject to an Internal Revenue Code deferral limitation, which was \$18,500 in 2018.

Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

LANXESS SOLUTIONS US INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Rollover Contributions

Rollover contributions represent the rollover of participant balances from savings plans with prior employers.

Employer Contributions

Effective January 1, 2018, non-bargaining employees receive a matching contribution of 100% up to a maximum of 2% of a participant's earnings plus an additional 50% on the next 4% of a participant's earnings. As of January 1, 2018, the Plan no longer allows for safe harbor matching contributions. Prior to 2018, non-bargaining employees received a safe harbor employer matching contribution of 100% up to a maximum of 6% of a participant's earnings.

Effective January 1, 2018, non-bargaining employees receive a non-discretionary employer fixed contribution of 5% of their eligible compensation. Prior to 2018, the Company could make a discretionary performance-based employer fixed contribution between 2% and 4% of eligible compensation subject to certain eligibility requirements.

Bargaining employees shall receive employer fixed and matching contributions in accordance with the following terms prescribed in the Plan document for their respective location:

Bargaining employees of the Company's Mapleton, Illinois facility receive matching contributions of 50% of up to 6% of eligible earnings for a maximum match of 3% of compensation.

Bargaining employees of the Company's Adrian, Michigan facility received matching contributions of 100% of up to 6% of eligible earnings, effective August 1, 2012. Effective July 17, 2015, the Adrian facility was closed and participants employed at this facility were 100% vested in their account balance.

Bargaining employees of the Company's Perth Amboy, New Jersey facility receive matching contributions of 50% of up to 6% of eligible earnings for maximum match of 3% of compensation. Effective November 1, 2006, certain bargaining employees who meet requirements agreed upon by the Company and the United Steel Workers Union are eligible for matching contributions of 100% of up to 6% of eligible earnings. These employees are also eligible to receive employer fixed contributions of 3% of compensation.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Effective January 1, 2006, non-bargaining participants are automatically 100% vested in all Company matching contributions, discretionary performance-based fixed contributions and earnings thereon. A non-bargaining participant's interest in the Company's fixed contributions and earnings thereon vests according to the following:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 3	0%
3 or more	100%

Participants become 100% vested in the Company's fixed contributions and earnings thereon upon death, change of company control, total and permanent disability, or attainment of normal retirement age.

Non-bargaining participants hired prior to December 31, 2017 and still actively employed on January 1, 2018 were made fully vested in Company fixed contributions.

A bargaining participant's interest in the Company's contributions and earnings thereon vests according to the schedules outlined in the Plan document specific to each location.

Participation in the Crompton Corporation Employee Stock Ownership Plan ("ESOP") was frozen on December 31, 2005 and merged into the Plan effective January 1, 2006. Employer contributions to the ESOP prior to December 31, 2005 vested 25% each year and were 100% vested after 4 years of service, upon death, total and permanent disability, or attainment of normal retirement age.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. Forfeitures are used to reduce future employer contributions or pay administrative expenses for the Plan. During the period ended January 1, 2019 no forfeitures were used. During the year ended December 31, 2018 forfeitures in the amount of \$87,649 were used to reduce employer contributions and none were used to pay administrative expenses. Total unapplied forfeitures were \$0, \$1,147 and \$23,130 at January 1, 2019, December 31, 2018 and December 31, 2017, respectively.

LANXESS SOLUTIONS US INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Unallocated Assets

The Plan holds assets in a revenue credit account which receives contributions as a result of a revenue sharing agreement with Fidelity Management Trust Company established in 2018. During 2018, contributions to the account totaled \$106,250, which is included in net depreciation in fair value of investments in the statement of changes in net assets available for plan benefits. During the period ended January 1, 2019 there were no contributions to the account. Funds in the account are used to pay qualified plan expenses including, investment management fees, trustee fees, audit fees, and legal fees. During the period ended January 1, 2019 and the year ended December 31, 2018, no funds were used to pay plan expenses. Unallocated assets were \$0, \$104,867 and \$0 at January 1, 2019, December 31, 2018 and December 31, 2017, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Participants who have a vested account balance in excess of \$1,000 may leave their funds invested in the Plan or may elect a lump sum distribution. Participants with a vested ESOP account balance may elect to receive their ESOP balance in the form of stock shares, instead of cash.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Any participant eligible to participate in the Witco plan, a predecessor plan, as of December 31, 2000 may withdraw from the Plan any after-tax contributions and interest earned thereon.

Notes Receivable from Participants

A participant may borrow aggregate amounts up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's non-forfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may have no more than two loans outstanding at any one time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest rates of loans outstanding at December 31, 2018 ranged from 4.25% to 6.25%.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of the Plan's financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Plan Expenses

Expenses for participant loans are paid by the Plan by reducing balances of those participants initiating the transaction. All other expenses incurred in the administration of the Plan are first offset against forfeitures, if any, with any remaining balances paid by the Company at its discretion or by the Plan.

Substantially all of the administrative expenses incurred by the Plan are paid by the Company. Investment fees incurred by the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at January 1, 2019, December 31, 2018 and December 31, 2017.

Common collective trust – Valued at net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LANXESS SOLUTIONS US INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

There were no assets held for investment at January 1, 2019 or December 31, 2018.

The following table sets forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 291,610,237	\$ 291,610,237	\$ -	\$ -
Total investments in the fair value hierarchy	291,610,237	\$ 291,610,237	\$ -	\$ -
Investments measured at net asset value(1):				
Common collective trust	38,664,330			
Total investments at fair value	\$ 330,274,567			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the financial statements of net assets available for plan benefits.

The common collective trust held by the Plan is a stable value investment. Twelve months' notice is required for a complete liquidation, however the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

D. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 27, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving this determination letter from the IRS, the Plan's management believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

LANXESS SOLUTIONS US INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the plan, were performed by the independent auditors except for comparing the information to the financial statements. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2018 and 2017, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2018.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

H. PLAN MERGER:

On April 21, 2017 Chemtura Corporation (now LANXESS Solutions US Inc.) was acquired by Lanxess AG. Effective January 1, 2019, the Plan merged with and into the LANXESS Corporation Defined Contribution Plan ("LANXESS Corporation Plan"), at which point this Plan ceased to exist as a separate plan. The value of the assets transferred into the LANXESS Corporation Plan pursuant to the merger was \$276,068,063.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 9, 2019, the date these financial statements were available for issuance.
