The following description of the IHI Group 401(k) Profit Sharing Plan (the "Plan") is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted as of January 1, 1989 and subsequently amended and restated is a defined contribution plan covering all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following entities participate in the Plan, referred to collectively as the "Employers":

- IHI, Inc. ("Plan Sponsor")
- IHI Power Services Corp.
- IHI E&C International Corporation
- IHI Turbo America Co.
- IHI Southwest Technologies, Inc.
- IHI Press Technology, Inc.
- Nitrocision, LLC

Contributions

Upon eligibility, participants may make pre-tax elective deferrals and Roth elective deferrals to the Plan subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may revoke their election to contribute to the Plan at any time. Participant contributions are made through voluntary salary deferrals elected by each participant. Effective March 1, 2018, new employees who become eligible to participate in the Plan are automatically enrolled to contribute 6% of compensation unless otherwise elected. The Employers may make discretionary matching contributions equal to the uniform percentage (to be determined each year by the Employers) of salary deferrals. Each year, the Employers will determine the amount of the discretionary matching contribution percentage. In addition, each year, the Employers may make a discretionary profit sharing contribution. There was a discretionary profit sharing contribution of $404,098 made to the Plan for the year ended December 31, 2018.

The Plan allows for rollover contributions from other qualified plans.

Investment options

Contributions are invested in various investment options offered in the Plan as directed by the participants.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (i) the Plan's earnings on his or her specific investments and (ii) the Employers' matching and discretionary profit sharing contributions, if any. Allocations of Plan earnings are based on each participant's account balance while the Employers' contribution allocations are based on each participant's compensation, as defined. IHI GROUP 401(k)
PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2018

Note 1 – Description of Plan (continued)

Payment of benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum or equal monthly installments over a reasonable time.

Participants in the Plan may make in-service or hardship withdrawals from their account balances subject to the provisions of the Plan. After a hardship withdrawal, participants may not make contributions to the Plan for six months.

The amount of any taxable withdrawal that is not rolled into an Individual Retirement Account or another qualified employer retirement plan will be subject to federal and state income taxes. A 10% IRC early withdrawal penalty tax may apply to the amount of the withdrawal if the participant is under the age of 59½ and does not meet one of the IRC exceptions.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan as defined, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Employers' contributions, if any, become fully vested.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the Plan. Forfeitures may first be used to pay Plan expenses and any remaining forfeitures may then be used to reduce future employer contributions.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting with the exception of benefit payments which are treated on a cash basis.

Investment valuation and income recognition

The Plan's investments are stated at fair value.

Mutual funds - stated at fair value, based on the quoted market prices of the underlying securities within each fund.

IHI GROUP 401(k)
PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2018

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)

Guaranteed investment contracts - valued at fair value (non-benefit responsive) by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Common/collective trusts - valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Realized and unrealized gains and losses from the assets in each account are credited to or charged against each account.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on an accrual basis.

Management fees and operating expenses charged to the Plan for investments are deducted from individual investments and are not reflected separately. Consequently, management fees and operating expenses are reflected as a reduction of return for such investments.

Contributions

Contributions from participants are recorded as they are held from participants' wages.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses

Certain transaction-related participant expenses, such as those associated with loan maintenance and administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by employees of each of the Employers. No such employee receives compensation from the Plan.

IHI GROUP 401(k)
PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2018

Note 2 – Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risk and uncertainties

The Plan invests in various mutual funds, a guaranteed interest account, a fixed income guaranteed option and common/collective trusts (collectively "Investments"). These Investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with these Investments, it is reasonably possible that changes in the values of these Investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits at December 31, 2018. The Plan's Investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with these types of investments. Any default on notes receivable from participants are treated as a taxable distribution to the participant.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 21, 2019, which is the date the financial statements were available to be issued.

Note 3 – Fair value measurements

For assets measured at fair value on a recurring basis, accounting standards require quantitative disclosures about the fair value measurement separately for each major class of assets. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets.

Level 2 - Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

IHI GROUP 401(k)
PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2018

Note 3 – Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and December 31, 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 80,468,278	$ -	$ -	$ 80,468,278
Guaranteed interest account	-	2,767	-	2,767
Total investments, in fair value hierarchy	$ 80,468,278	$ 2,767	$ -	80,471,045
Common/collective trusts measured at net asset value				1,403,534
Total				$ 81,874,579

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,874,558	$ -	$ -	$ 76,874,558
Guaranteed interest account	-	7,401	-	7,401
Total investments, in fair value hierarchy	$ 76,874,558	$ 7,401	$ -	76,881,959
Common/collective trusts measured at net asset value				1,506,054
Total				$ 78,388,013

Note 4 – Investments at contract value

The Plan holds a portfolio of investment contracts that comprises fixed income guaranteed option contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2018	2017
Fixed income guaranteed option	$5,532,629	$5,166,236

IHI GROUP 401(k)
PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2018

Note 5 – Notes receivable from participants

Participants may borrow, from their Plan accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25%. These interest rates are based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions within five years unless the funds are used to purchase a primary residence, then the Plan Administrator may permit a longer repayment term. Participants are permitted to have one loan outstanding at a time; however, effective December 1, 2017, the Plan will accept up to two transfer loans for certain eligible new participants. All transfer loans must be paid in full before a new loan may be requested.

Note 6 – Party-in-interest transactions

Plan investments are managed by Principal Trust Company and Principal Life Insurance Company. Principal Trust Company and Principal Life Insurance Company are Custodians as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Custodial, advisory and other similar type fees related to the administration of the Plan were paid by the Plan or by the Employers. These transactions also qualify as party-in-interest transactions.

Note 7 – Information certified by the Custodians

The Plan Administrator has elected the method of reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
