NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Amalgamated Transit Union Local Union Officers and Employees 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established effective August 1, 1997 and covers employees of the Amalgamated Transit Union participating Local Union Offices who meet the eligibility requirements. The Plan is a multiple-employer defined contribution plan, with a deferred arrangement commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible Participants

Employees of Affiliated Employers shall not be eligible to participate in this Plan unless such Local Union office has specifically adopted this Plan in writing. "Employee" means any person who is employed by the Local Union office, and excludes any person who is employed as an independent contractor. An employee shall become a participant on the first day of the month following thirty (30) days of employment with the Employer, or such shorter time as may be provided in an Adoption Agreement signed by the Employer and accepted by the Board of Trustees.

Participant Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined by the plan. However, total deferrals in any taxable year may not exceed a certain dollar limit which is set by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan of the Local Union Offices. The Plans currently offered include one with various mutual funds or one with insurance investment contract as investment options for participants.

Employer Contributions

A contributing employer may contribute an amount to its employees' accounts, as set forth in the applicable adoption agreement. Employer contributions, if any, shall be invested in accordance with the direction of the participant.

A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable adoption agreement. Matching contributions will be invested in accordance with the direction of the participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Participants can direct the investment of their entire interest in the Plan based on the Employer's plan and the investment choices available under that Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan participants have 100% vested (non-forfeitable) interest in contributions made on their behalf at all times.

NOTE 1 – DESCRIPTION OF PLAN, (Continued)

Investment Options

Contributions to the Plan are invested as directed by the participant in various mutual funds. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives.

Investment performance by the investments selected by the participants may cause their vested balances to exceed or be less than the amounts contributed to the Plan.

Notes Receivable from Participants

Participants may apply to the Administrator for a loan from the Plan under the following circumstances: (1) loans shall be made available to all participants and beneficiaries on a reasonably equivalent basis; (2) loans shall not be made available to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries; (3) loans shall bear a reasonable rate of interest; (4) loans shall be adequately secured; and (5) loans shall provide for periodic repayment over a reasonable period of time.

Loans made are limited to the lesser of $50,000 or one-half (1/2) of the present value of the non-forfeitable accrued benefit of the participant under the Plan.

Payment of Benefits

Distributions are made as provided for under the Plan agreement and include termination of employment, financial hardship, disability, attainment of normal retirement age or death. As of December 31, 2018, the Plan held $1,019,727 in the accounts of 26 participants who had left the Plan prior to yearend for which their accounts have not been distributed.

Plan Expenses

The Plan permits the payment of Plan expenses to be made from Plan assets or will be allocated among the accounts of all participants in the Plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value based upon quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

The Plan invests in various securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from theses financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair value of investments measured on a recurring basis at December 31, 2018 and 2017 are as follows:

	Fair Value	Level 1
December 31, 2018		
Mutual Funds	$5,863,810	$5,863,810
December 31, 2017		
Mutual Funds	$5,793,264	$5,793,264

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Broadbridge Matrix Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules:

	2018	2017
Investments:		
Mutual Funds	$5,863,810	$5,793,264
Investment Income:		
Interest and dividends	$ 298,155	$ 209,935
Net appreciation (depreciation) in fair value of investments	($ 560,577)	$ 613,563

NOTE 4 – TAX STATUS

The Internal Revenue Service has ruled, as of the most recent determination letter dated July 22, 2013 that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax laws.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 5 – PLAN TERMINATION

Although the Board of Trustees (Board) has not expressed any intent to do so, the Board has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the assets are distributed to the participants on the basis of the value of each participant's account as of the date of termination.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan reviewed events for inclusion in the financial statements through October 8, 2019, the date through which subsequent events have been evaluated and the date the financial statements were available to be issued.
