Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and 4, which was certified by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the year ended of December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

WILLIAM R. NASH 401(k)PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN

The following description of the William R. Nash 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993, as a defined contribution plan covering all eligible employees of William R. Nash, Inc. (the "Plan Sponsor"), William R. Nash V.I, Inc. (the "Adopting Employer"), and Nash Mechanical, LLC (the "Adopting Employer"). Unless specified, William R. Nash, Inc., William R Nash V.I., Inc. and Nash Mechanical, LLC are hereby referred to as (the "Company").

The Plan is administered by management of the Company ("Plan Administrator"). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation

Employees who have completed three consecutive full calendar months of service, are age 18 or older, and are not members of the following classes of employees are eligible for participation in the Plan: (a) those subject to a collective bargaining agreement; and/or (b) nonresident aliens who have no earned income from sources within the United States of America. Employees who have satisfied the eligibility requirement may begin participating in the Plan on the first day of the following quarter. The Plan provides for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute any percentage from 1% to 100% of pretax or after tax or combination there of, annual eligible compensation, as defined by the Plan up to the maximum statutory limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Plan includes an auto-enrollment provision where by all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. Contribution received from participants are presented net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimation provisions of the Plan. This amount has been accrued in liabilities as distributions payable in the accompanying statement of net assets available for benefits.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Each pay period for 2018, the Plan Sponsor makes a discretionary matching contribution equal to 25% of each participant's eligible salary deferrals that do not exceed 10% of the participant's compensation. The Plan Sponsor may also make discretionary profit sharing contributions to the Plan, subject to eligibility requirements as defined by the Plan. The Plan Sponsor did not make any profit sharing contributions for the year ended December 31, 2018. Contributions are subject to certain limitations as prescribed by the Internal Revenue Service ("IRS").

Participant Accounts

Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contribution and allocations of any profit sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all salary deferral contributions. Sponsor's discretionary matching profit sharing contributions have a five-year cliff vesting schedule; 100% vested after year five. An employee's vesting percentage increases to 100%, if while employed with the employer, the employee dies or becomes disabled.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Notes Receivable from Participants

Participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. If the loan exceeds one-half of the participant's vested balance, the participant must provide additional security for the loan. Note terms cannot extend beyond five years from the date of the loan, unless the loan is used to acquire a dwelling unit which will within a reasonable time be used as the participant's residence. Borrowings from Roth Contribution accounts are subject to the determination of the plan administrator. Loans are secured by the balance in the participant's account and bear at the prime interest rate plus 1%.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

At termination of service for any reason, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, subject to 20% withholding for income taxes or as direct rollover to an individual retirement account or another employer's tax qualified plan. The Plan Administrator may permit a Participant to take partial distributions or installment distributions solely to the extent necessary to satisfy the minimum distribution rules. A Participant who terminates employment with a vested Account Balance exceeding $5,000 may receive a distribution of his/her vested Account Balance within a reasonable period following the date the Participant terminates employment. A Participant who terminates employment with a vested Account Balance that does not exceed $5,000 may receive a single lump-sum distribution without the election or request of the participant. In the event of financial hardship the Plan also permits in-service distributions of participant deferrals, upon attaining age 59 ½.

Forfeitures

Forfeitures of non-vested matching profit sharing contributions and excess aggregate contributions are allocated at the discretion of the Plan Sponsor. Forfeited non-vested accounts totaled $19,612, and $31,710 at December 31, 2018 and 2017, respectively. Forfeited non-vested accounts for the year ended December 31, 2018 and 2017 enabled reductions of employer contributions by $19,612, and $26,884, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by John Hancock Life Insurance Company (USA). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Separate Accounts

The Plan has investments in the John Hancock Life Insurance Company (USA) pooled separate accounts that invest in registered investment company funds. The objective of those investment vehicles invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the investment vehicles invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds is to provide various levels of asset allocations that become more conservative over time so participants can stay with the same fund before and after selected retirement dates. These investment vehicles are generally redeemable at net asset value under agreements with the underlying investment vehicles. However, it is possible that these redemption rights may be restricted by these investment vehicles in the future in accordance with underlying agreements.

Due to the nature of the investments held by the investment vehicles, changes in market conditions and the economic environment may significantly impact the net asset value of the investment vehicles, and consequently, the fair value of the Plan's interest in the investment vehicles. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's interest in the investment vehicles.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Contributions Receivable

Contribution receivable consist of participant and employer contributions receivable. No allowances were recorded as the full balance is deemed collectible.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses related to Plan investments and record-keeping are paid by the Plan while other administrative expenses are paid by the Plan Sponsor and therefore are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value investments.

NOTE 3: INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY (USA)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, net appreciation/depreciation in fair value of investments and interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (USA).

Information certified by the custodian included in the accompanying statements of net aseets available for benefits is as follows:

	December 31,	
	2018	2017
Cash, Non-Interest Bearing	$ 18,495	$ 19,015
Pooled Separate Accounts	7,146,559	7,433,475
Notes Receivable, from Participants	392,296	357,556
	$ 7,557,350	$ 7,810,046

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the insurance company (John Hancock Life Insurance Company (USA)), is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

Investment Pooled Separate Accounts*	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
2018	$ 7,146,559	-	Immediate	None
2017	$ 7,433,475	-	Immediate	None

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statement of net assets available for benefit.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 5: RELATED PARTY TRANSACTIONS

Fees paid by the Plan to John Hancock Life Insurance Company (USA), amounted to $35,892 for the year ended December 31, 2018. The Plan Sponsor also paid certain administrative expenses of the Plan.

Certain Plan investments are managed by John Hancock Life Insurance Company (USA). John Hancock Life Insurance Company (USA) is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7: INCOME TAX STATUS

The Plan adopted a standardized form of a volume submitter plan, which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the prototype plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan, as amended, is currently designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits in progress for any tax periods.

NOTE 8: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued, and has determined that no such events have occurred that would require adjustment to, or disclosure in, these financial statements.
