The Plan Administrator
Aetna 401(k) Plan

We have audited the accompanying financial statements of the Aetna 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Aetna 401(k) Plan at December 31, 2018, and the changes in its net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Report on Other Auditors on December 31, 2017 Financial Statements

The financial statements of the Aetna 401(k) Plan for the year ended December 31, 2017, were audited by other auditors who expressed an unmodified opinion on those statements on June 28, 2018.

Supplemental Schedule

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

(1) Description of Plan

The following description of the Aetna 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan, a participant-directed defined contribution plan, is a voluntary savings plan that provides retirement income to eligible employees who are U.S. employees, employed by Aetna Inc. (the Company) or a participating subsidiary company. The Company's Benefits Finance Committee oversees the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Administration

The Plan has multiple investment options for eligible employees. The Plan's record keeper is Voya Institutional Plan Services, LLC (Voya IPS). The trustee of the Plan is State Street Bank and Trust Company (SSBT). The Company has a master trust agreement with SSBT and established the Aetna 401(k) Master Trust (Master Trust). The Master Trust serves as the funding vehicle for the Plan. Each participating retirement plan has a divided interest in the individual assets of the Master Trust based upon participant direction. Currently, the Plan is the only participant in the Master Trust.

(c) Contributions

Qualified Automatic Contribution Arrangement

The Company includes a qualified automatic contribution arrangement in the Plan. New and rehired employees are automatically enrolled in the Plan at a 3% pretax contribution rate unless the employee chooses a different rate or opts out of participation. Auto-enrolled participants will have the automatic rate escalator feature enabled, which will automatically increase the pretax contribution rate by 1% each year to a maximum of 10% of eligible pay. To the extent that no investment election is made, contributions will be invested in the Target Retirement Fund that most closely matches the participant's Social Security full retirement age. Participants may choose to change their contribution rate or reallocate their contributions among other investment funds available in the Plan.

Participant Contributions

Employees may elect to contribute 1% to 40% of their eligible pay on a pretax basis and/or on an after-tax basis as a Roth 401(k) contribution. Participants who are not highly compensated employees may also contribute 1% to 5% of their eligible pay on an after-tax basis as a traditional (non-Roth account) contribution.

Eligible participants may contribute both pretax and Roth 401(k) contributions up to a combined maximum of \$18,500 in 2018 and \$18,000 in 2017 in accordance with the Internal Revenue Code (IRC) qualified retirement plan limits.

Employees age 50 and older are allowed to make an additional pretax contribution or Roth 401(k) contribution, or both, to the Plan over and above the Internal Revenue Service (IRS) plan limits. The maximum amount allowed for catch-up contributions was \$6,000 for both tax years ended December 31, 2018 and 2017, respectively.

Lastly, participants may contribute amounts representing eligible rollover distributions from eligible retirement plans. These rollover amounts are considered to be participant contributions.

Employer Contributions

Participants are immediately eligible to receive a 100% employer company match contribution on the first 6% of eligible pay contributed to the Plan on a combined pretax and Roth 401(k) basis. The matching contributions are made in cash and invested according to each participant's investment elections.

AETNA 401(k) PLAN
Notes to Financial Statements
December 31, 2018 and 2017

Participant pretax contributions and employer contributions, and earnings thereon, are not taxed until withdrawal. Participants may elect to make a Roth in-plan conversion. Contributions are funded after each bi-weekly payroll cycle.

(d) Participant Investment Elections

Participants may direct their investment contributions and employer contributions among twenty-two investment options offered by the Plan. The twenty-two investment options currently offered include eight investment funds, eleven target retirement funds, Stable Value Option (SVO), CVS Health Common Stock Fund, and a Self-Directed Brokerage Account. Participants are allowed to change their investment options subject to certain restrictions. The Company or an investment fund in the Plan may impose restrictions on the frequency of transfer from one investment fund to another or a limit on the investment percentage allowed for a particular fund. For example, participant elections to invest in the CVS Health Common Stock Fund are limited by the Plan to no more than 20% of the participant's account balance.

(e) Participant Accounts

On a bi-weekly basis, each contributing participant's account is credited with the participant's contribution and the Company match. Earnings on investments are allocated based on account balances and are credited daily. Investment fund earnings are net of expenses.

(f) Vesting

Participants are immediately vested in their deferral contributions and Company's matching contributions plus actual earnings thereon.

(g) Participant Loans

Participants may borrow at a minimum \$1,000 from their Plan account up to the lesser of \$50,000 or 50% of the current value of their vested account balances. The loans are secured by the participant's vested account balance and bear interest at prime plus 1% at the time granted. A \$50 per loan origination fee is charged to participants upon withdrawal. The amounts held for loans receivable are stated at amortized cost. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2018 and December 31, 2017 interest rates on loans outstanding range from 3.25% to 10.50%.

(h) Payment of Benefits

On termination of service, a participant with a vested account greater than \$5,000 may elect to take a lump sum distribution or roll over their account balance to another qualified plan or Individual Retirement Account (IRA), or may defer payment to a later date. Participants with a vested interest of \$5,000 or less may elect to take a lump sum distribution or roll over their account balance to another qualified plan or IRA. Participants who do not make an election with balances ranging from \$1,000 to \$5,000 will automatically have their balances rolled over to a Voya Individual Retirement Account. Participants who do not make an election with balances under \$1,000 will automatically receive a lump sum distribution.

(i) Participant Forfeitures

Forfeitures that occur may vary from year to year depending upon various Plan activities such as forfeited accounts transferred to the Plan from acquired companies, and vesting rules regarding former performance-based match programs. If a participant terminates employment without being fully vested, any unvested Company contributions (and earnings thereon) will be forfeited in accordance with the Plan's terms. As of December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$279 and \$81, respectively. These forfeitures were or will be used to reduce future employer contributions or to offset plan expenses. In 2018 and 2017, forfeited nonvested accounts offset employer contributions by \$7,110 and \$151,758, respectively. Forfeitures are invested in the SVO fund (for additional information refer to note 5).

(j) Employee Stock Ownership Plan

The portion of the Plan invested in the CVS Health Common Stock fund is designated as an employee stock ownership plan (ESOP). Under the ESOP, a participant can elect to receive, in cash, dividends that are paid on stock in the CVS Health Common Stock Fund or reinvest in the CVS Health Common Stock Fund. If no election is made, dividends are automatically re-invested in the CVS Health Common Stock Fund.

(2) Summary of Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities in these financial statements and accompanying notes. Accordingly, actual results may differ from reported results using those estimates.

(c) Investment Valuation and Income Recognition

Plan assets are held in the Master Trust, which is maintained by SSBT, the trustee. The Master Trust investments with the exception of Stable Value Option investments, are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Master Trust investments, investment returns, and plan expenses are allocated to participating plans based on the underlying equity of each plan in each investment fund administered through the Master Trust. All investment allocations are participant-directed.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments represents both realized and unrealized gains and losses. Refer to note 4, Fair Value Measurement, for further information related to the valuation of Master Trust investments.

(d) Plan Expenses

Investment management and advisory fees are reported in net appreciation of fair value of investments. Administrative expenses relating to plan administration, trustee, accounting and legal fees are charged based on a percentage of the Plan's assets and allocated to each of the investment options.

(e) Payment of Benefits

Benefits are recorded when paid. Benefit amounts due to participants are not reflected as liabilities but as a component of net assets available for benefits.

(f) New Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962) *Health and Welfare Benefit Plans* (Topic 965): *Employee Benefit Plan Master Trust Reporting*. ASU 2017-06 requires a plan to present its interest in a master trust and the change in that interest in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. It also requires a plan to disclose the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances. The standard is effective for entities for fiscal years beginning after December 15, 2018, with retrospective application to all periods presented. Although early application is permitted, the Plan has not elected to early adopt.

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds and modifies certain disclosure requirements for fair value measurements. The amendments are effective for all entities for fiscal years beginning after December 15, 2019, but entities are permitted to early adopt either the entire standard or only the provisions that eliminate or modify the fair value disclosures. Management has elected to adopt the provisions that eliminate or modify the fair value disclosure requirements early.

(3) Investments in Master Trust

The Plan's proportionate interest in the investments held by the trustee is 100% at December 31, 2018 and December 31, 2017, respectively. The following is financial information with respect to the Master Trust (excluding participant loans):

	As of December 31,	
	2018	2017
Investments, at fair value:		
Common/collective trusts	\$ 5,734,136,773	\$ 5,485,090,760
Employer common stock	347,428,383	1,144,635,702
Money market funds and self-directed accounts	51,797,909	60,256,988
Net payable	(770,455)	(1,978,480)
Total investments, at fair value	\$ 6,132,592,610	\$ 6,688,004,970
Investments, at contract value:		
Stable value option (note 5)	1,765,882,000	1,688,830,442
Net investments of Master Trust allocated to the Plan	\$ 7,898,474,610	\$ 8,376,835,412

During 2018, the investments held by the trustee (including investments bought, sold, as well as held during the year) appreciated/ (depreciated) in value as follows:

	2018
Net depreciation of investments	\$ (282,908,540)
Interest	11,997,032
Dividends	12,276,507
Other loss, net	(2,579,755)
Investment loss	(261,214,756)
Master Trust expenses	(6,300,310)
Net investment loss to the Master Trust	\$ (267,515,066)
Allocated Plan loss from investment in Master Trust	\$ (267,515,066)

(4) Fair Value Measurements

The Plan has adopted the guidance in ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurement. The fair values of the Plan's financial assets are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by GAAP. The following are the levels of the hierarchy and a brief description of the type of valuation information (inputs) that qualifies a financial asset or liability for each level:

- **Level 1** - Unadjusted quoted prices for identical assets in active markets.
- **Level 2** - Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates, and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** - Developed from unobservable data, reflecting management's own assumptions.

When quoted prices in active markets for identical assets are available, management uses these quoted market prices to determine the fair value of financial assets and classifies these assets as Level 1. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, management estimates fair values using valuation methodologies based on available and observable market information. These financial assets would then be classified as Level 2. If quoted market prices are not available, management determines fair value using an analysis of each investment's financial performance. In these instances, financial assets may be classified in Level 3 even though there may be some significant inputs that may be observable.

The following is a description of the valuation methodologies used for the Plan's financial assets measured at fair value:

Common/Collective Trusts - Common/collective trusts invest in other collective investment funds otherwise known as the underlying funds. The Plan's interest in the common/collective trust funds are based on the fair values of the underlying investments of the underlying funds. The underlying assets consist of U.S. Treasury, agency, corporate, mortgage-backed, commercial mortgage-backed and asset-backed securities, U.S. and international stocks, bonds and cash and cash equivalents. Investments in collective trust funds are valued at fair value based on their respective net asset value per share/unit on the valuation date.

Investments in all common collective trust funds can be redeemed at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2018 or 2017.

Money Market Funds - Investments in money market funds are stated at fair value, which approximates amortized cost because the underlying investments are comprised of short-term, highly liquid investments.

Employer Common Stock and Self-Directed Brokerage Account - Units in the CVS Health Common Stock Fund are presented at fair value plus value of cash. On November 28, 2018, CVS Health acquired Aetna Inc. Subsequent to that date, the employer common stock is comprised of CVS Health common stock. Quoted market prices are used to value investments in CVS Health common stock and investments in the self-directed brokerage account.

Prior to the acquisition date, the employer common stock was comprised of Aetna Common Stock Fund. Units in the Aetna Common Stock Fund are presented at fair value plus value of cash. Quoted market prices are used to value investments in Aetna common stock and investments in the self-directed brokerage account.

Total	\$ 1,187,351,835	\$ 5,502,631,615	\$ —	\$ 6,689,983,450

(5) Stable Value Option (SVO)

The SVO holds investments in fully benefit-responsive investment contracts. These contracts are collectively managed by Invesco Advisers, Inc. (INVESCO). As of December 31, 2018, the SVO is comprised of six synthetic guaranteed investment contracts (Synthetic GICs) that provide stable value guarantees in addition to two cash and cash equivalent accounts. The issuers of the Synthetic GICs were Pacific Life Insurance Company, Prudential Insurance Company of America (Prudential), RGA Reinsurance Company, Transamerica Premier Life Insurance Company, Voya Retirement Insurance & Annuity Company and Nationwide Life Insurance Company. As of December 31, 2018, the investment advisors responsible for managing investments supporting the Synthetic GICs were INVESCO, Blackrock Financial Management, Inc., Voya Investment Management, Jennison Associates, PIMCO, State Street Global Advisors Trust Company and Dodge & Cox. As of December 31, 2017, SVO was comprised of six synthetic guaranteed investment contracts (Synthetic GICs), one guaranteed investment contract (GIC) and one insurance separate account contract (Separate Account) that provided stable value guarantees in addition to a cash and cash equivalent account. The issuers of the Synthetic GICs and Insurance Separate Account contracts were Pacific Life Insurance Company, Prudential Insurance Company of America (Prudential), RGA Reinsurance Company, Transamerica Premier Life Insurance Company, Voya Retirement Insurance & Annuity Company and New York Life Insurance Company. As of December 31, 2017, the investment advisors responsible for managing investments supporting the these contracts were INVESCO, Blackrock Financial Management, Inc., Voya Investment Management, Jennison Associates, PIMCO, Goldman Sachs and New York Life. Prudential issued the GIC contract which was first effective in 2016.

These investments supporting the contracts are a diversified mix of high quality, publicly traded, fixed income securities. As of December 31, 2018 the interest rates generated by the Synthetic GICs and the cash and cash equivalent accounts and as of December 31, 2017, the interest rates generated by the Synthetic GICs, Separate Account, GIC and the cash and cash equivalent account were blended together to determine the following quarterly SVO rate credited to participant accounts:

	2018	2017
January – March	2.45%	2.00%
April – June	2.50%	2.15%
July – September	2.55%	2.35%
October - December	2.65%	2.40%

AETNA 401(k) PLAN
Notes to Financial Statements
December 31, 2018 and 2017

The SVO is presented at contract value on the Statements of Net Assets Available for Benefits and fair value on Schedule H, line 4i. As of December 31, 2018, the fair value of the Synthetic GICs and as of December 31, 2017 the fair value of the Synthetic GICs, Separate Account and GIC equals the total of the fair value of the underlying assets plus the total wrap rebid value. The fair value of the cash and cash equivalent accounts equals the contract value.

The SVO contract value represents the participant's principal balance plus accrued interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the investment advisors. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Synthetic GIC, Separate Account and GIC contracts do not permit the investment advisors to terminate the agreement prior to the scheduled maturity date.

The Master Trust's valuation policies are consistent with industry standards for fully benefit-responsive investment contracts and utilize information provided by the investment advisers, custodians and insurance company.

The following tables present the contract value and issuer rating for all Synthetic GICs, Separate Account and GIC held in the Master Trust at December 31, 2018 and 2017:

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan's trust shall be continued, however, as long as the trustee deems it to be necessary for the effective discharge of any remaining duties of the Plan. Participants will receive their account value (at fair market value) after allocation of interest, dividends, gains, losses and expenses.

(7) Tax Status

The IRS has determined and informed the plan administrator by a letter dated February 3, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Since receiving the determination letter, the Plan has been amended. The plan administrator and the Plan's ERISA counsel believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(8) Related-Party Transactions and Party-In-Interest Transactions

Certain investments in the Master Trust are managed by State Street Global Advisors Trust Company (State Street), a subsidiary of SSBT. SSBT is the Plan Trustee as defined by the Plan and, therefore, these investments constitute party-in-interest transactions.

The Master Trust invests in the CVS Health Common Stock Fund, which consists primarily of the parent company of the Plan Sponsor's common stock, and therefore, the Master Trust's investments in the CVS Health Common Stock Fund constitute party-in-interest transactions.

The Master Trust's SVO includes two Voya Retirement Insurance & Annuity Company insurance contracts. Voya IPS is the Plan recordkeeper. Both entities are owned by Voya Financial, Inc. and, therefore, these transactions constitute party-in-interest transactions.

As discussed in note 1(g) the Plan allows Plan participants, who are "Parties-In-Interest" to the Plan as defined by ERISA, to borrow from their participant accounts.

(9) Employer Contribution Receivable

At December 31, 2018 and 2017, a contribution receivable of \$10,004,350 and \$9,506,775, respectively, was recorded to accrue for year-end employer matching contributions for certain employees whose pretax deferrals had not been made proportionately over the course of the year.

Accrued employer matching contributions for the days remaining after the last pay cycle of the year totaled \$4,178,571 and \$3,407,462 at December 31, 2018 and 2017, respectively.

(10) Employee Contribution Receivable

Accrued participant contributions for the days remaining after the last pay cycle of the year totaled \$8,243,747 and \$6,747,888 at December 31, 2018 and 2017, respectively.

(11) Reconciliation of Financial Statements to Form 5500

The following are reconciliations of amounts reported in the financial statements to amounts reported on Form 5500, Schedule H as of December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	\$ 8,077,565,413	\$ 8,561,511,214
Amounts allocated to withdrawing participants	(6,392,794)	(4,664,743)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(11,034,747)	21,088,747
Net assets available for benefits per Form 5500	<u>\$ 8,060,137,872</u>	<u>\$ 8,577,935,218</u>
Increase (decrease) in net assets available for benefits per the financial statements, excluding transfers in	\$ (483,945,801)	\$ 1,073,555,833
Net change in amounts allocated to withdrawing participants	(1,728,051)	1,289,913
Net change on adjustment from contract value to fair value for fully benefit-responsive investment contracts	(32,123,494)	(2,949,829)
Net income (loss) per Form 5500	<u>\$ (517,797,346)</u>	<u>\$ 1,071,895,917</u>
Benefits paid to participants per the financial statements	\$ 747,325,979	\$ 739,805,930
Net change in amounts allocated to withdrawing participants	1,728,051	(1,289,913)
Benefits paid to participants per Form 5500	<u>\$ 749,054,030</u>	<u>\$ 738,516,017</u>

Amounts allocated to withdrawing participants are recorded as a liability on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date. Also, investments are recorded at fair value on the Form 5500 and at fair value (with an adjustment from fair value to contract value) on the accompanying financial statements.

(12) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(13) Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through the date the financial statements were issued June 27, 2019 and determined there were no other items to disclose.

Report of Independent Auditors

The Plan Administrator
Aetna 401(k) Plan

We have audited the accompanying financial statements of the Aetna 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Aetna 401(k) Plan at December 31, 2018, and the changes in its net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Report on Other Auditors on December 31, 2017 Financial Statements

The financial statements of the Aetna 401(k) Plan for the year ended December 31, 2017, were audited by other auditors who expressed an unmodified opinion on those statements on June 28, 2018.

Supplemental Schedule

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.
