North Florida Sales 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1: Description of the North Florida Sales 401(k) Profit Sharing Plan

The following description of the North Florida Sales 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by North Florida Sales (Company) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). V. G. Pelham, III and Greg Holzmeyer are the trustees of the Plan. Transamerica Financial Life Insurance Company (Transamerica) serves as Plan custodian.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of eligible compensation. Contributions are subject to certain limitations. Employee rollover and Roth contributions are also permitted. For participants employed as of the end of the Plan year, the Company contributes to the Plan a discretionary matching contribution based on the participant's salary deferral. Additional amounts may be contributed at the discretion of the Company's board of directors. Forfeitures are used to reduce administrative costs, restore previously forfeited accounts, then to reduce employer contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The nonvested balance is forfeited upon termination of service. The administrator may elect to use forfeitures to pay administration costs of the Plan, restore previously forfeited account balances or reduce employer contributions.

Payment of Benefits

Upon termination of service, an employee will receive a lump-sum amount equal to the value of his or her account or a partial withdrawal. The Plan allows for hardship distributions and in-service distributions for participants who have attained age 59 ½.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $4,546 and $4,547, respectively. These amounts may be used as additional employer contributions or to pay administrative expenses. During 2018 and 2017, additional employer contributions were $2,303 and $259, respectively, from forfeited nonvested accounts.

Participant Loans

The Plan document includes provisions authorizing loans from the Plan to active, eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance, restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings, unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator. Loans issued after January 1, 2015 bear interest at 2% over prime.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Reclassifications

Certain reclassifications have been made to the 2017 amounts to conform to the 2018 financial statement presentation. These reclassifications had no effect on the change in net assets available for benefits.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by the investment advisers, custodians and the insurance company. See Note 6 for discussion of fair value measurements.

The Plan holds units of a common/collective trust (CCT) in Putnam Stable Value Fund (Putnam) that has investments in fully benefit-responsive investment contracts. The fair value of the Plan's interest in the fund is based on audited financial information reported by the issuers. The issuers determine fair value based on the underlying investments. The value of the CCT represents contributions, plus earnings, less participant withdrawals and administrative expenses. The fund is valued at the net asset value (NAV) as permitted by practical expedient and reported by the respective fund at each valuation date. The use of NAV is deemed appropriate, as these types of investments do not have finite lives or significant restrictions on redemptions. Subject to certain restrictions, withdrawals from the Putnam fund are generally permitted daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Plan Tax Status

The Plan operates under a volume submitter plan document sponsored by Retirement Solutions Specialists. The volume submitter plan document has been filed with the appropriate agency. The volume submitter plan received its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated the form of the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2015.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Information Prepared and Certified by Plan's Custodian

The Plan's investment information, included throughout the Plan's financial statements and supplemental schedules, was prepared by, or derived from, information provided by Transamerica, custodian of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the custodian that investment information provided to the Plan administrator by the custodian, related to the investment information, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information, which appears throughout the financial statements and the supplemental schedules.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan assets are managed by Transamerica, the Plan custodian. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendments

Effective January 1, 2018, the Plan was amended to add automatic deferrals of 2% for all new participants.

Note 6: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy, which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities;

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no investments classified in Levels 2 or 3 of the valuation hierarchy.

Note 7: Expense Budget Account

Transamerica rebates certain amounts to the Plan based on a fee concession. This rebate is calculated and credited to the expense budget account, a suspense account used by Transamerica.

The expense budget account may be used for Plan expenses or allocated to participants as additional income. During 2018, the account received $30,493 in rebates, which were utilized to offset $25,903 of Plan expenses. During 2017, the account received $21,659 in rebates, which were utilized to offset $19,564 of Plan expenses.

The expense budget account balance as of December 31, 2018 and 2017 was $6,685 and $2,095, respectively, and is included in other assets in the Statement of Net Assets Available for Benefits.

Net increase in net assets available per Form 5500	$ 14,756	$ 45,047

Note 9: Risks and Uncertainties

Investment Securities

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 30, 2019, which is the date the financial statements were available to be issued.
