1. DESCRIPTION OF PLAN:

The following description of the PHR (the "Company" or "Employer") 401(k) Plan for Hourly Employees (the "Plan"), formerly known as the Paul H. Rohe Company 401(k) Plan for Hourly Employees, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all hourly employees of the Company who have met certain age and service requirements, as defined, except employees that are members of a collective bargaining unit and certain employees of Butler Asphalt Company, LLC or Valley Asphalt Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) and catch-up contributions. The Plan also allows for after-tax contributions or Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various mutual funds and common/collective trusts offered by the Plan. The Company currently makes discretionary matching contributions as determined by each participating employer on a year-to-year basis. The matching contributions shall be made only with respect to elective contributions made by, and the compensation of, participants during each payroll period. All Company contributions are invested as directed by the participants. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 25% per year until they are fully vested after four years.

Notes receivable from participants

Certain participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate is based on local market rates charged by banks or other financial institutions. Principal and interest are paid ratably through weekly payroll deductions over a maximum period of five years unless it is for the purchase of a participant's primary residence, in which case the loan repayment may exceed five years.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or various options for monthly annuity payments over their remaining lifetime or the lifetime of their spouse. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Participants may withdraw from their fund account in any one plan year up to the lesser of 100% of the participant's vested account balance as of the last valuation date, or the amount necessary to satisfy the immediate and heavy financial need of the participant.

Forfeited accounts

At December 31, 2018 and 2017 there were \$142 and \$7,042 of forfeited non-vested accounts, respectively, available to offset future employer contributions. Forfeitures of \$22,882 were used to offset Company contributions in 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions to participants are charged directly to the participant's account and are included in benefits paid to participants. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank, the trustee, has certified to the completeness and accuracy of all of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Investments at Fair Value at December 31, 2018

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of investments managed by Fifth Third Bank. Fifth Third Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all their Company contributions.

8. TAX STATUS:

The Plan Sponsor has adopted a prototype plan whose sponsor has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan itself has not received a determination letter from the Internal Revenue Service. Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in accordance with the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RECONCILIATION TO FORM 5500:

The following reconciles net assets available for benefits per the financial statements to Form 5500:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per financial statements	\$ 9,555,438	10,143,827
Contributions receivable not recorded on Form 5500	<u>-</u>	<u>(11,194)</u>
Net assets per Form 5500	<u>\$ 9,555,438</u>	<u>10,132,633</u>

The following reconciles the net change in net assets available for benefits per the financial statements to net loss per Form 5500:

	<u>2018</u>
Net change in net assets available for benefits per financial statements	\$ (588,389)
Contributions receivable from prior year	<u>11,194</u>
Net loss per Form 5500	<u>\$ (577,195)</u>
