1. DESCRIPTION OF PLAN

General

Coatue Management, LLC 401(K) Plan (the "Plan") is a defined contribution plan, established in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The purpose of the Plan is to enable eligible employees of Coatue Management, LLC and its wholly owned subsidiary, Tuckernuck Management, LLC (collectively, the "Company") to save for retirement. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Administration of the Plan

Coatue Management, LLC is the Plan Administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan, except for union employees, certain non-resident aliens with no U.S. earned income, leased employees, independent contractors, and interns. Eligible employees may participate in the Plan upon commencement of employment with the Company.

Contributions

Eligible employees may contribute up to 100% of their eligible compensation, as defined by the Plan, up to the IRC maximum allowance of $18,500 in 2018. Catch-up contributions are permitted for those participants over age 50 up to $6,000, increasing the maximum deferral allowance to $24,500 for 2018. Participants may also contribute amounts representing distributions from other qualified plans. Roth contributions are also permitted. Employer matching and profit-sharing contributions may be contributed to the Plan at the discretion of the Company's management, subject to certain limitations. For the year ended December 31, 2018, the Company elected not to make a matching or profit-sharing contribution.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and their respective share of Plan earnings, and is charged with withdrawals, Plan losses, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions, employer matching and profit-sharing contributions, if any, and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 and up to a maximum of the lesser of 50% of their vested balance or $50,000. The loans bear interest at rates which are commensurate with similar types of loans by other lenders as determined by the Plan document. Principal and interest are paid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a primary residence which can have a longer repayment period. Interest on the outstanding loan is 5.25% at December 31, 2018. Participants may only have one loan outstanding at a time.

Payment of Benefits
Upon termination of employment, death, retirement, or disability, a participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as either a lump sum or a partial distribution. If the value of a participant's vested benefit is $5,000 or less, the balance will be distributed automatically to the participant in a single lump-sum payment. In-service withdrawals are permitted for participants who have attained the age of 59½ years.

Administrative Expenses
Administrative expenses of the Plan can be paid by the Company or by the Plan. Administrative expenses paid by the Plan were $67,938 for the year ended December 31, 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates
The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments in registered investment companies and in the pooled separate account are recorded at fair value. See Note 4 for further discussion of fair value measurements. The Plan's investment in the guaranteed investment contract is a fully benefit-responsive investment contract and is valued at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further information on the investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation are calculated as the difference between the fair value of investments at the end of the year less their fair values at the beginning of the year, or acquisition cost, if acquired during the year.

Certain investment related expenses have been included in net depreciation in fair value of investments and are not readily determinable.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by the Plan's management. A note receivable is considered to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets.

Payment of Benefits
Benefits paid to Plan participants are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Custodians of the Plan, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("PTC"), a member of Principal Financial Group, and Principal Life Insurance Company ("PLIC"), (the "Custodians"), have certified the completeness and accuracy of all investments, and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

4. FAIR VALUE MEASUREMENT

The Plan's investments are recorded in accordance with the accounting guidance on fair value, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximized the use of observable inputs and minimized the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: Shares of Registered Investment Companies are valued at quoted market prices in active markets at year end.

Pooled Separate Account ("PSA"): Unit value is calculated on a daily basis by PLIC for the separate account investment based on its underlying assets. The unit value reflects the net asset value of the shares held in the underlying investment. The separate account is invested in a single mutual fund – the Principal Real Estate Securities Separate Account-Z with observable market inputs as published on recognized market exchanges. There were no significant unfunded commitments or restrictions on redemptions related to the pooled separate account as of December 31, 2018 and 2017.

The following tables sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,165,889	$ --	$ --	$ 9,165,889
Pooled separate account	42,785	--	--	42,785
Total investments, at fair value	$ 9,208,674	$ --	$ --	$ 9,208,674

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,112,007	$ --	$ --	$ 9,112,007
Pooled separate account	76,959	--	--	76,959
Total investments, at fair value	$ 9,188,966	$ --	$ --	$ 9,188,966

5. INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract (guaranteed investment contract) with PTC. The contract is a fixed annuity contract that is backed by the general account of PTC and guarantees a minimum rate of interest. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with PTC. The contract guarantees interest rates between 1% and 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer including employer-initiated transfers or liquidation of the contract or employee transfers to competing Plan investment options, if any. Such events require twelve months advance notice or a surrender fee of 5% would apply. However, the Plan administrator does not believe that the occurrence of any such event is probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are issued and/or managed by PTC and PLIC, the Custodians to the Plan. Transactions related to such investments as well as those related to notes receivable from participants represent party-in-interest transactions that are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax period in progress. There are no tax related penalties or interest reflected in these financial statements.

The Plan adopted a volume submitter profit sharing 401(k) plan. By letter dated March 31, 2014, the IRS has determined that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since that time. However, the Plan Administrator believes that the Plan is designed and is currently operated in compliance with the IRS requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2018 through October 4, 2019, the date the financial statements were available to be issued. Based on this evaluation, the Plan Administrator has determined that no subsequent events require recognition or disclosure in these financial statements.
