Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Plan Administration - The Plan is administered by the Plan's Administrative Committee. The maintenance and custody of the Plan's assets is administered by Principal Trust Company ("Principal").

Contributions – Participants may contribute up to the maximum annual dollar limit allowable by the Internal Revenue Service (IRS), which was $18,500 and $18,000 for the years ended December 31, 2018 and 2017, respectively. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Plan participants who are eligible to make salary deferrals and have attained age 50 by December 31 of a calendar year may make "catch-up" contributions in addition to regular salary deferrals for that year. Catch-up contributions are limited by the IRS to $6,000 for each of the years ended December 31, 2018 and 2017.

The Company may make matching contributions equal to a percentage of eligible employees' elective contributions. Additional profit sharing contributions may be contributed by the Company at the discretion of management. The Company contributed 50% of each participant's elective contribution, limited to 3% of gross compensation as defined by the Plan in 2018.

Participant Accounts - Each participant's account is credited with the participant's elective contributions, rollover contributions, an allocation of the Company's contributions, and Plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2018 and 2017, forfeited nonvested accounts totaled $39,558 and $34,333, respectively. These accounts can be used to reduce future Company

contributions. During the year ended December 31, 2018, $4,032 was used from forfeited nonvested accounts to reduce employer contributions.

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance from their fund accounts, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses – Certain administrative operating expenses of the Plan are paid by the Company, as provided in the Plan agreement.

Vesting - Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions, profit sharing contributions, and earnings thereon vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
1	0%
2	25%
3	50%
4	75%
5	100%

Participants who leave the Plan because of death, normal retirement, or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document.

The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or partial withdrawal. Once a participant reached the age 59 ½, in-service distributions are allowed. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Payment of Benefits - Benefits are recorded when paid. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but were not yet paid as of December 31, 2018 and 2017.

3. PARTIES-IN-INTEREST

Certain fees paid by the Plan to Principal for investment management services are included in net appreciation in fair value of investment, rather than a direct payment.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820 ("ASC 820") defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities they are required to be recorded at their fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 820 also establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The standard establishes three levels of inputs that may be used to measure fair value:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or

- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets.

The Plan's investment in the Wells Fargo Stable Value Fund C is comprised primarily of fully benefit-responsive contracts that are valued at the NAV of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require sufficient notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fund files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity. Accordingly, certain disclosure required under FASB ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 13,104,846	$ -	$ -	$ 13,104,846
Investment in Wells Fargo Stable Value Fund C*				259,218
Total investments, at fair value				$ 13,364,064

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 13,844,497	$ -	$ -	$ 13,844,497
Investment in Wells Fargo Stable Value Fund C*				239,690
Total investments, at fair value				$ 14,084,187

*In accordance with FASB Subtopic 820-10, certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. INVESTMENTS

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data

included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2018	2017
Investments, at fair value	$ 13,364,064	$ 14,084,187

	Year ended December 31, 2018
Net depreciation in fair value of investments	$ (1,475,607)
Interest and dividends	726,215
	$ (749,392)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

7. TAX STATUS

The IRS ruled on March 31, 2014 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the Volume Submitter of Principal, upon which the Plan is based) qualified under Section 401(a) of the Internal Revenue Code (IRC) and the related trust was, therefore, not subject to tax under present income tax law. The Plan is required to operating in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring through September 25, 2019, the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500
