NOTE A - DESCRIPTION OF THE PLAN

The following description of the Superior Nut & Candy Co., Inc. 401(k) Plan and Trust (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Superior Nut & Candy Co., Inc. (the Company). Eligible employees are allowed to participate upon completion of twelve consecutive months of service, being credited with one thousand hours of service, and attaining age 21 with entry dates of January 1 and July 1. Employees are eligible to receive discretionary Company matching and profit sharing contributions and Company safe harbor matching contributions after completing one thousand hours of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants, discretionary matching and profit sharing contributions of the Company, and safe harbor matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued safe harbor matching contributions of $143,620 for the year ended December 31, 2018. The Company made no discretionary matching or profit sharing contributions to the Plan for the year ended December 31, 2018.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contribution, an allocation of the Company's safe harbor matching contribution, and an allocation of plan earnings. The Company's discretionary matching and profit sharing contribution is earned and allocated as of the last day of the plan year and is based on employee groups as defined in the Plan document. The Company's safe harbor matching contribution is calculated based on matching one hundred percent of elective deferrals up to three percent of compensation and fifty percent of elective deferrals that exceeds three percent up to five percent of compensation for the plan year. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant contributions, rollover contributions, and the Company's safe harbor matching contributions, plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary matching and profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump sum payment equal to the value of his or her vested account balance, or a direct rollover distribution. In-service withdrawals for participants over the age of 59 1/2 are also permitted by the Plan.

7. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Forfeitures

No forfeitures have occurred since inception of the Plan. Forfeited accounts will be used to reduce future plan expenses or Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:
* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The Plan had no investments as of December 31, 2017 as all mutual funds had been liquidated in preparation of a transfer of assets that occurred in 2018 (see Note I).

	Plan Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,114,010	$ -	$ -	$ 1,114,010
Total assets in the fair value hierarchy	$ 1,114,010	$ -	$ -	1,114,010
Investments measured at NAV*				213
Investments, at fair value				$ 1,114,223

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. There were no investments using the NAV per share practical expedient as of December 31, 2017.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	December 31, 2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 213	$ -	Daily	1 day
	$ 213	$ -		

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY PRINCIPAL TRUST COMPANY AND PRINCIPAL LIFE INSURANCE COMPANY, COLLECTIVELY THE CURRENT CUSTODIAN AND CAPITAL BANK AND TRUST COMPANY, THE FORMER CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements, that was prepared by or derived from information provided by Principal Life Insurance Company and Principal Trust Company, collectively the current custodian of the Plan, and Capital Bank and Trust Company, the former custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current custodian as of and for the year ended December 31, 2018 and from the former custodian as of December 31, 2017, that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2018	2017
Investments, at fair value		
Mutual funds	$ 1,114,010	$ -
Pooled separate accounts	213	-
Investment, at contract value	65,826	-
	$ 1,180,049	$ -

NOTE C - INFORMATION CERTIFIED BY PRINCIPAL TRUST COMPANY AND PRINCIPAL LIFE INSURANCE COMPANY, COLLECTIVELY THE CURRENT CUSTODIAN AND CAPITAL BANK AND TRUST COMPANY, THE FORMER CUSTODIAN (Continued)

The current custodian also certified the completeness and accuracy of $82,187 of net depreciation in fair value of investments and $22,348 of dividends related to the aforementioned assets for the year ended December 31, 2018.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Principal Global Investors Trust Company, through the Principal Stable Value Fund, which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Principal Global Investors Trust Company maintains the contributions in its general account. Principal Global Investors Trust Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated monthly or quarterly based upon contract provisions, and it may not be less than 0%. The average gross crediting rate was 2.6% for the year ended December 31, 2018. Principal Global Investors Trust Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract does not provide for any conditions or circumstances under which distributions from the contract would be payable at amounts below contract value. Upon discontinuance of the contract, there may be a delay in the payout of the contract value.

NOTE E - INCOME TAX STATUS

The Plan adopted a volume submitter plan sponsored by Datair. The volume submitter plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Principal Life Insurance Company and Principal Trust Company, collectively the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE I - CHANGE IN CUSTODIAN AND ASSET TRANSFER

Effective January 1, 2018, the Plan changed custodians from Capital Bank and Trust Company to Principal Trust Company and Principal Life Insurance Company and Principal Trust Company, collectively the custodian. As a result of the change, all Plan investments were liquidated and held as noninterest-bearing cash at December 31, 2017. Principal Trust Company received the transfer of Plan assets from Capital Bank and Trust on January 2, 2018. Funds were reallocated to participant accounts and reinvested with the new custodian on January 11, 2018.

NOTE J - PLAN AMENDMENT

Effective March 8, 2019, the Plan was amended to remove Capital Bank and Trust Company as a directed trustee and to allow for an employee to join the Plan effective January 1, 2018 as part of a self-correction isolated to this participant. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 10, 2019, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those disclosed in Note J above, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
