NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the MFPJJRT Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of MFPJJRT Enterprises, Inc. 401(K) Profit Sharing Plan (the "Company") who are age twenty-one or older and completion of one year of eligiblity service of at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to a maximum of 90% of pre-tax annual compensation, not to exceed the Internal Revenue Service limit ("IRS"), as defined in the Plan agreement. Pursuant to safe harbor rules, an employee who is eligible to make elective deferrals is eligible to receive an allocation of matching contributions. For the year ended December 31, 2018, the Company contributed up to 4% of the employees' compensation. The Plan allows for profit sharing contributions by the Company, with the amount to be determined by the Company's Board of Directors each Plan year. For the year ended December 31, 2018, there were no profit sharing contributions made by the Company. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their contributions and the employer match contributions plus actual earnings thereon. Vesting in the employer profit sharing contributions is based on years of continuance service. The Plan's vesting terms for employer profit sharing contributions are as follows:

Years of Vesting Service	Vested Percentage
Less than 2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts

Participant accounts are credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings/(losses). Allocations are based on each participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Distributions

Upon termination, retirement or death, a participant receives a lump-sum amount equal to the value of his or her vested account. Upon termination, any non-vested portion of the account balance is forfeited. In-service and hardship withdrawals are also permitted.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited non-vested amounts are used to reduce future company contributions or to pay reasonable Plan expenses. There were no unallocated balances as of December 31, 2018.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their account balances.

1. Plan Description (continued):

Administration
The Plan is administered by the Company, which is the "Plan Sponsor". John Hancock Life Insurance Company of New York ("John Hancock") is the custodian and recordkeeper for the Plan.

2. Summary of Significant Accounting Policies:

Basis of Accounting
The Plan uses the accrual method of accounting which recognizes income when it is earned and expenses as they are incurred.

Pervasiveness of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments sold during the year and held at year-end.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
All expenses of maintaining the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Distribution fees are deducted from the proceeds paid to the initiating participants.

Income Taxes
Effective March 31, 2014, the Plan adopted a Prototype Non-Standardized Profit Sharing Plan with CODA sponsored by Strategic Pension Services, LLC. The Plan has received an opinion letter from the IRS as to the Plan's qualified status. The profit sharing plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Risks and Uncertainties
The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's investments are not insured or protected by the Plan's custodian. Accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds and other similar types of investments.

Subsequent Events
The date to which events occurring after December 31, 2018, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 19, 2019, which is the date on which the financial statements were available to be issued.

3. Information Certified by Trustee:

The following is a summary of the Plan's asset information as of December 31, 2018, and for the year then ended, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of the assets in the Plan certified by John Hancock.

As of December 31		**2018**		2017
Pooled Separate Accounts	$	**2,131,849**	$	2,060,028
Total Certified Plan Assets	$	**2,131,849**	$	2,060,028

John Hancock also certified to the completeness and accuracy of $(131,725) of net (depreciation) in fair value of investments and $0 of interest and dividends related to the aforementioned Plan Assets for the year ended December 31, 2018.

4. Fair Value Measurements:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018.

4. Fair Value Measurements (continued):

Pooled Separate Accounts: Valued is based on number of units held on a particular day mutliplied by the unit value on that date.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as follows:

	December 31, 2018			
	Total	**Level 1**	**Level 2**	**Level 3**
Pooled Separate Accounts	**$ 2,131,849**	**$ -**	**$ 2,131,849**	

	December 31, 2017			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 2,060,028		$ 2,060,028	

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Level 3.

5. Reconciliation to the Form 5500:

A reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 is as follows:

As of December 31		**2018**
Net assets available for benefits per the financial statements	$	**2,222,568**
