Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company (Fidelity) and State Street Bank and Trust Company (State Street), the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity held the Plan's investment assets and executed investment transactions as of December 31, 2018, and for the period September 1, 2018 through December 31, 2018, and that State Street held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2017, and for the period January 1, 2018 through August 31, 2018. The plan administrator has obtained certifications from the trustees as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedule

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of Driscoll's 401(k) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on January 1, 1992, by Driscoll's Inc. (formally known as Driscoll's Strawberry Associates, Inc.) (the Company), to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company has appointed the 401(k) Committee (the Committee) to manage the operation and administration of the Plan. Effective September 1, 2018, the Company contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee, and an affiliate of Fidelity to be the third-party administrator to process and maintain the records of participant data. Prior to August 31, 2018, the Company had contracted with State Street Bank and Trust Company (State Street) to act as the trustee, and Transamerica Retirement Solutions Corporation to act as the third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company, except for expenses paid out of the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts at December 31, 2018 and 2017, totaled approximately $78,000 and $36,000, respectively, and may be used to pay Plan administrative expenses or reduce future employer contributions. For the years ended December 31, 2018 and 2017, approximately $22,000 and $75,000, respectively, were used to pay Plan administrative expenses; and approximately $34,000 and $0, respectively, were used to reduce employer contributions.

Expense budget account – The expense budget account may be credited with fund revenue in excess of the required revenue and/or amounts withdrawn from Participants accounts. The amounts credited to this account may be used to pay reasonable Plan expenses or can be allocated to Plan Participants at year end. For the year ended December 31, 2018, approximately $2,000 was credited to this account and was used to pay for Plan administrative expenses. For the year ended December 31, 2017, approximately $6,000 was credited to this account and was used to pay for Plan administrative expenses.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustees, Fidelity and State Street, certified the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (IRS). The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Payment of benefits – Benefits are recorded when paid.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 3, 2019, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the method used at December 31, 2018 and 2017.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 8,129,134	$ -	$ -	$ 8,129,134
Mutual funds	67,219,807	-	-	67,219,807
Total assets at fair value	$ 75,348,941	$ -	$ -	$ 75,348,941

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 7,195,807	$ -	$ -	$ 7,195,807
Mutual funds	71,224,928	-	-	71,224,928
Total assets at fair value	$ 78,420,735	$ -	$ -	$ 78,420,735

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax or after-tax compensation (as Roth contribution) to the Plan up to the amounts allowable under the Plan document and current income tax regulations. The Plan also permits the automatic enrollment of eligible employees in the Plan, with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Automatically enrolled participants, unless they elect otherwise, will have their deferral percentage automatically increased by 1% each year up to a maximum of 6%. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company is allowed to make contributions to the Plan in the form of safe-harbor matching contributions, as defined in the Plan and as approved by the Board of Directors. In 2018 and 2017, the Company matched 100% of the first 1% and 50% of the next 5% of each eligible participant's contribution up to a maximum of 6% of the participant's compensation.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's safe-harbor matching contributions allocated to their account after two years of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contributions is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum, installment payments, or partial withdrawal amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the prime rate, as stated in the Wall Street Journal, plus 1%, and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2018, carry interest rates ranging from 4.25% to 6.25%.

NOTE 4 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and State Street, the trustees of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net (depreciation) appreciation in fair value of investments, dividends, and interest, reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 5 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
