NOTE A - GENERAL DESCRIPTION OF THE PLAN

The following description of the Universal Photonics, Inc., ("the Company") 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Company comprises a "controlled group" of corporations under Code Sec 414(b).

General

The Plan is a defined contribution plan which was established November 1, 2011 covering all full-time and part-time employees of the Company and its affiliates who are over the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute the lower of up to 92% of pretax annual compensation, as defined in the Plan subject to statutory limitations of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution of 100% of participants elective salary deferrals up to 12%.
The Plan may also contribute a non-elective contribution; however, no such contribution was elected for the year ended December 31, 2018. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and any potential employer's matching contribution plus allocations of (a) the Company's discretionary contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Company contributions and matching contributions are vested at 20% upon completion of two years of service and gradually increase to 100% after six years of service.

Loan to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan funds. Loan terms can range from 12-54 months up to 120 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates are equal to the prime rate at the time of the loan, plus 1%. Principal and interest is paid ratably through payroll deductions.

NOTE A - GENERAL DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service for any reason, participants will receive benefits equal to the value of the vested interest in his or her account. Participants with a vested balance less than $1,000 will receive a mandatory lump-sum distribution. For terminated participants with a vested account balance greater than $1,000, but less than $5,000, the Plan Administrator will make a direct rollover of the participant's account to an individual retirement account designed by the Plan Administrator. Participants with a vested account balance greater than $5,000 may elect to receive their benefits in either a lump-sum or in installment payments, or defer payment of benefits until a later date.

Withdrawals from a participant's salary deferral account may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan.

Participants who are at least 59 1/2 years of age may withdraw all or a portion of their vested account balance prior to termination.

Forfeitures

Plan Forfeitures are first used to reduce plan expenses, then used to reduce employer contributions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition (SFAS 157)

The Company has adopted SFAS No. 157, "Fair Value Measurements".
SFAS No. 157 applies to all financial instruments that are measured and reported on a fair value basis.

As defined in SFAS No. 157, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determine fair value, the Company utilizes certain assumptions that market participants would be used in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Company is required to prove the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3 - Includes significant inputs to the valuation methodology that are unobservable and may include assumptions about market participant assumptions.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

MUTUAL FUNDS

Mutual funds are classified in Level 1 of the hierarchy as fair value is based on quoted prices in active markets for identical securities.

PARTICIPANT LOANS

Participant loans are valued at their outstanding balance, which approximates fair value. Participant loans are classified as level 2.

There is no market (quoted prices or observable inputs) for participant loans, and as such the valuation includes significant inputs based on assumptions about market participant assumptions.

INTEREST BEARING CASH (Money Market Fund)

Interest bearing cash is classified in Level 1. Funds are invested in Federated US Treasury cash reserves Institutional Shares.

The following table presents the financial instruments carried at fair value as of December 31, 2018, by the TOPIC ASC 820 valuation hierarchy, as described above.

	Level 1	Level 2
Mutual Funds	$ 3,883,802	$ -
Money Market Funds	1,311,783	-
Participant loans	-	24,544

Balance, end of year	$ 3,883,802	$ 1,311,783	$ 24,544

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interest Income

Interest income is recorded as earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs, principally accounting and administrative fees, are paid directly by the Company. Other administrative expenses and investment advisory fees are paid by the Plan.

Participant Loans

Participant loans are recorded on the accrual basis, inclusive of accrued interest.
Interest income from participant loans is recorded when accrued.
No provision for uncollectible loans is recorded, as management records defaulted amounts as deemed uncollectible.

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

Plan assets are currently held in participant separate accounts through MidAtlantic Trust Corp, the current custodian.

NOTE C- INVESTMENTS (Continued)

The Company has adopted the Paychex Inc. Plan and believes the plan to be in compliance with all IRS regulations.
